Termination

Although the Company has not expressed any intent to do so, the Board of Directors may terminate the Plan at any time. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or one of various installment payments available under the Plan. In addition, upon termination of the Plan, participants' vested interest in employer contributions shall be 100%.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant loan fund. Loan terms range from one to five years or longer if the purpose of the loan is to acquire a primary residence. The balance in the participant's account secures the loan. The interest rate charged on participant loans ranged from 4.25% to 4.50% during the current year. Principal and interest are repaid ratably through biweekly payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant may leave their account balance in the Plan or elect to receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions specified in the Plan.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and have been consistently applied in the preparation of the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in investment contracts through a stable value collective trust. Wells Fargo maintains the contributions in a collective trust. The Galliard Wells Fargo Stable Value Fund J (Fund) has invested all of its assets in the Wells Fargo Stable Return Fund G, a fully benefit-responsive collective trust fund sponsored by Wells Fargo. The value of the investment is based on the underlying unit value reported by Wells Fargo Stable Return Fund G. The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2016 and 2015 was 1.94% and 1.79%, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses had been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)
Date of Management's Review
Subsequent events have been evaluated for potential recognition or disclosure through October 12, 2017, which is the date the financial statements were available to be issued.

Note 3. Income Tax Status
The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 30, 2014, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 4. Party-in-Interest
Certain Plan investments are managed by Charles Schwab Bank. BOK provides third party administrative services for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the ERISA prohibited transaction rules. BOK is also the advisor to the Plan and maintains individual participant account records. A quarterly administration fee of $1,000 is paid to BOK. Participant transactions incur distribution handling fees from BOK. Loan fees are paid out of individual participant accounts and distribution fees are paid out of fund assets and allocated on a pro rata basis to all current Plan participants. In addition, BOK receives an investment advisory fee equal to 0.8% of average Plan invested assets, paid quarterly. Through a revenue sharing arrangement with BOK, fees were reduced by $2,649 in 2016.

Note 5. Information Certified By Custodian
Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank (the custodian of the Plan). The fair value of the Galliard Wells Fargo Stable Value Fund J was certified by the custodian.

Note 6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Interest-bearing cash – Valued at the daily closing price as reported by the fund. The fund is an open-ended fund that is deemed to be actively traded.

Collective trust – Valued as a practical expedient utilizing the net asset valuation. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions or redemptions.

Note 6. Fair Value Measurements (Continued)

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	***Level 2***	***Level 3***	***Total***

Mutual funds	831,412	-	-	831,412
Investments at fair value	$ 1,397,263	$ 74,088	$ -	$1,471,351

	Assets at Fair Value as of December 31, 2015			
	Level 1	***Level 2***	***Level 3***	***Total***
Interest-bearing cash	$ 368,217	$ -	$ -	$ 368,217
Collective trust	-	74,982	-	74,982
Mutual funds	961,091	-	-	961,091
Investments at fair value	$ 1,329,308	$ 74,982	$ -	$ 1,404,290

Note 7. Fidelity Bond Compliance/Subsequent Event

The Plan's fidelity bond coverage as of January 1, 2016 totaling $100,000, did not meet the compliance requirement of being equal to the lesser of 10% of the funds handled or $500,000. In January 2017, subsequent to year end, the Plan's coverage was increased to $200,000 to meet the compliance requirement.
