Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Note 1. Description of Plan

Plan description: The following description of the Thomas Health System 401(k) Plan provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was established January 1, 2007, is a defined contribution 401(k) safe harbor plan covering all employees who have attained the age of 18 and who have met 3 months of service. The Plan allows participation of all employees of St. Francis Hospital, employees of Thomas Memorial Hospital hired after January 1, 2012, and all employees of Thomas Health System Physician Partners. The Plan was last restated effective January 1, 2016 to conform with Federal legislation and regulations issued since the final Internal Revenue Code Section 415 regulations through the latest regulatory requirements of the Worker, Retiree and Employer Recovery Act of 2008 (a regulatory requirement of the Pension Protection Act of 2006 known as a PPA restatement) and to merge Thomas Memorial Hospital 401(k) Plan into the Thomas Health System 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As disclosed above, the January 1, 2016, Plan restatement included provisions for the merger of the Thomas Memorial 401 (k) Plan into the Plan. The Thomas Memorial 401k (k) Plan terminated effective with the close of business December 31, 2015. The assets of $9,081,229 were in the process of being transferred as of December 31, 2015, and were recognized as a receivable to the Plan. The assets were received by the Plan during the month of January, 2016.

Contributions: Participants may elect to defer a portion of their compensation, as defined in the Plan document, limited to the maximum allowed under the Internal Revenue Code for such Plan year. The employer's matching contribution is an Enhanced Safe Harbor Matching Contribution which is an amount equal to 100% of the participant's deferral contributions up to 4% of participant's compensation and an additional 50% of the participant's elective deferrals from 4% to 6% of participant's compensation.

The plan has an automatic enrollment feature where once an employee becomes eligible for the plan, 3% of their eligible compensation is deferred.

The Plan allows rollovers from other qualified plans.

Participant investment options: Each Plan participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

Participant accounts: Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in deferral and employer contributions and actual earnings thereon which are credited to their respective account.

Payment of benefits: Upon retirement (normal retirement age is 65), attainment of age 59½, death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries receive their account as a lump sum cash payment. If the participant's account balance has never exceeded $5,000, the entire vested balance will be paid in a lump sum. Early retirement is permitted if the participant has attained age 60 and has completed five years of service. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. Minimum distributions for a participant must begin the later of April 1 of the calendar year after a participant attains age 70½ or when the participant actually retires.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document from participant elective contributions, Roth deferrals and related earnings. The employer has sole authority to authorize hardship withdrawals, pursuant to the Plan specifications.

Notes Receivable from Participants: Participants may borrow from their account balances attributable to their pre-tax and Roth elected deferrals, subject to a maximum amount which is the lesser of one-half of a participant's elective deferral account balance or $50,000. The participant's elective deferral account balance serves as collateral for the loan. The minimum request for a loan is $1,000 and not more than one loan can be outstanding for a participant at a time. Loans bear interest of 1% above the prime rate. Loan payments shall be repaid up to five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted.

Note 2. Significant accounting policies

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Mutual Fund Investments: The Plan's investments in mutual funds are stated at fair value which equals the quoted market price as of the last day of the Plan year. Transactions are recorded on the trade date, but are reported on the settlement date. All gains/losses are unrealized and are based on changes in the unit value or share value during the reporting period.

Common/Collective Trust: Included within the investment options of the Plan is the Wells Fargo Stable Value Fund C, which is a collective trust that is a fully benefit responsive investment option. The Wells Fargo Stable Value Fund C is measured using the net asset value per share as the practical expedient. See Note 7 for discussion of fair value measurements.

The Plan does not require collateral to secure investment instruments.

Payment of benefits: Benefit payments are recorded upon distribution.

Subsequent Events: The Plan has evaluated subsequent events through October 3, 2017, the date the financial statements were available to be issued.

Note 3. Tax Status

Effective July 1, 2012, the Plan adopted the Valic Retirement Services Company Non-Standardized 401(k) Profit Sharing Plan with CODA. Valic Retirement Services Company has received a determination letter dated March 31, 2014, that the prototype plan and related amendments qualify under Internal Revenue Code Section 401(a). An employer who has adopted the prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been restated since the date of the determination letter; however, the Plan Administrator believes that the Thomas Health System 401(k) Plan is currently being operated in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Note 4. Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts will become fully vested and nonforfeitable.

Note 5. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, and certain others. The Plan Sponsor has contracted with The Variable Annuity Life Insurance Company to administer the Plan's assets. Administrative functions performed by The Variable Annuity Life Insurance Company include participant account maintenance and custodial services. During the years ended December 31, 2016 and 2015, fees for these services amounted to $277,705 and $162,139, respectively. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 6. Assets Certified

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information certified by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2016	2015
Mutual Funds	**$ 41,897,891**	$ 26,573,535
Common/Collective Trust	**3,892,401**	2,285,234
Total Investments	**$ 45,790,292**	$ 28,858,769
Cash	**$ 73,259**	$ 52,258
Notes Receivable from Participants	**$ 831,892**	$ 741,980

Other Investment Information Certified by Custodians: During the years ended December 31, 2016 and 2015, the Plan's investments with the custodian appreciated (depreciated) in value by $1,227,749 and $(1,541,453), respectively. Dividends were $1,631,617 and $1,368,176 and interest income from notes receivable from participants were $32,278 and $28,473 for the years ended December 31, 2016 and 2015, respectively.

Note 7. Fair Value Measurement

ASC Topic 820 *"Fair Value Measurements and Disclosure"* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1:	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2:	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3:	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds, valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trust: The Plan's stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the collective trust. The net assets value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Stable Value Fund issuer or otherwise. If an event occurs that may impair the ability of the issuer to perform in accordance with the terms of this investment option, fair value may be less than contract value. The crediting interest rate averaged approximately 1.94% and 1.82% for the years ended December 31, 2016 and 2015, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 41,897,891**	**$ -**	**$ -**	**$ 41,897,891**

Total assets at fair value	**$ 41,897,891**	**$ -**	**$ -**	**$ 45,790,292**

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 26,573,535	$ -	$ -	$ 26,573,535
Common/Collective Trust (a)	-	-	-	2,285,234
Total assets at fair value	$ 26,573,535	$ -	$ -	$ 28,858,769

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using NAV Per Share as Practical Expedient

The following table summarizes investment information for investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for this investment; redemption notice period is applicable only to the Plan.

	Fair Value		**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
	2016	**2015**		**For 2016 and 2015**	
Common/Collective Trust	$ 3,892,401	$ 2,285,234	N/A	Daily	12 months
	$ 3,892,401	$ 2,285,234			

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
