Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Summit, Janor, and PI Holdings 401(k) Plan (formerly known as Summit Plastic Company 401(k) Profit Sharing Plan) (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Principal Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Report on Supplementary Information

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - Compilation of 2015 Financial Statement

Management is responsible for the accompanying financial statement of Summit, Janor, and PI Holdings 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2015, and the related notes to the financial statement, in accordance with accounting principles generally accepted in the United States of America. We have performed our compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2015 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2016 (Audited) and 2015 (Compiled)

Note 1 - Description of Plan

The following description of the Summit, Janor, and PI Holdings 401(k) Plan (formerly known as Summit Plastic Company 401(k) Profit Sharing Plan) (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution pension plan covering substantially all employees of Summit Plastic Company, JanorPot LLC, and Plastic Holdings, Inc. (collectively the Company). To be eligible to make salary deferrals and receive employer matching and nonelective contributions, employees must have three months of service and be age 18 or older. In order to be eligible for employer discretionary contributions, employees must have 501 hours of service or more during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution. For the year ended December 31, 2016, the Company made matching contributions of 25% of the first 6% of compensation deferred. The Company may also make discretionary profit-sharing contributions. No profit-sharing contribution was made for the year ended December 31, 2016. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, if any. Allocations are based on participant earnings or account balances, as defined. The employer profit-sharing contribution is allocated to eligible participants according to the ratio each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service based on the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0 %
1	20
2	40
3	60
4	80
5	100

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is to acquire the participant's principal residence, in which case, the term may be longer. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2016 forfeited nonvested accounts totaled \$306. Forfeitures of employer contributions will be used first to pay administrative expenses. Any remaining forfeitures will be used first to reduce employer contributions and then reallocated to employees in the same manner as employer contributions. During 2016, \$986 of forfeited nonvested accounts were used to offset employer matching contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 - Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy, all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 and interim periods within those fiscal years, with early adoption permitted. The Plan has adopted this standard effective December 31, 2016 and applied the amendments retrospectively to December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type, however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. The Plan has adopted this standard effective December 31, 2016.

Note 3 - Information Certified and Provided by Principal Trust Company

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2016. Under that section, no auditing procedures are required to be performed with respect to the information certified by Principal Trust Company, the trustee of the Plan. The trustee has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2016 and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The collective trust funds are valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Summit, Janor, and PI Holdings 401(k) Plan

Notes to Financial Statements

December 31, 2016 (Audited) and 2015 (Compiled)

Note 4 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at December 31, 2016			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
			Total
Registered investment companies	\$ 1,984,992	\$ -	\$ -
Investments measured at net asset value ⁽¹⁾			267,148
			\$ 2,252,140
Fair Value Measurements at December 31, 2015			
Registered investment companies	\$ -	\$ -	\$ -
Investments measured at net asset value ⁽¹⁾			3,163,245
			\$ 3,163,245

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no significant transfers in or out of Level 3 for the year ended December 31, 2016.

- (a) The funds within this class invest principally in equity securities of large-capitalization companies. Investments strategies of the funds within this class include mirroring the performance of the various market indices (primarily the S&P 500 and Russell 1000), taking a growth approach to investment selection, and selecting companies paying above-average dividends. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.
- (b) The fund within this class invests primarily in equity securities of middle-capitalization companies. The investment objective of the fund is to approximate as closely as practicable, before expenses, the performance of the S&P MidCap 400® Index over the long-term while providing participants the ability to purchase and redeem units on an "as of" basis. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.
- (c) The fund within this class invests primarily in equity securities of small-capitalization companies. The fund blends three individually managed portfolios. The primary investment objective of the fund is long-term growth of capital. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.
- (d) The fund within this class invests primarily in foreign securities or depository receipts of foreign securities. The fund may also invest in developing countries. The fund's investment strategy is long-term capital appreciation. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

Note 4 - Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

- (e) The investment objective of the funds within this class is to preserve principal and income while maximizing current income. The funds invest in a diversified pool of high quality bonds together with book value contracts of varying maturity, sizes, and yields. The funds also invest in short-term investments and investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

Note 5 - Investment Contract with Insurance Company

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- A. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
- B. Premature termination of the contract.
- C. Plan termination or merger.
- D. Changes to the Plan's prohibition on competing investment options.
- E. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Summit, Janor, and PI Holdings 401(k) Plan

Notes to Financial Statements

December 31, 2016 (Audited) and 2015 (Compiled)

Note 5 - Investment Contract with Insurance Company (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- A. An uncured violation of the Plan's investment guidelines.
- B. A breach of material obligation under the contract.
- C. A material misrepresentation.
- D. A material amendment to the agreements without the consent of the issuer.

Note 6 - Tax Status

Effective January 1, 2016, the Company adopted a nonstandardized prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014, stating that the prototype plan is qualified under the appropriate section of the Internal Revenue Code (IRC). The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan is exempt from federal and state income taxes under current regulations.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2013.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company discretionary matching and profit-sharing contributions portion of their account.

Notes to Financial Statements

December 31, 2016 (Audited) and 2015 (Compiled)

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of registered investment companies, collective trust funds, and a guaranteed fixed income contract managed by Principal Financial Group or Principal Trust Company and Principal Life Insurance Company, members of Principal Financial Group. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500 for the year ended December 31, 2016:

Benefits paid to participants per the financial statements	\$	735,407
Corrective distributions		<u>(7,311)</u>
Benefits Paid to Participants per the Form 5500	\$	<u>728,096</u>

Corrective distributions are included in benefits paid to participants on the financial statements. Form 5500 requires these amounts to be reported separately on Schedule H, Line 2f.

Note 11 - Plan Amendment

Effective January 1, 2016, in connection with an amendment and restatement of the Plan, the Plan name was changed to Summit, Janor, and PI Holdings 401(k) Plan.

Note 12 - Subsequent Events

Plan management has evaluated subsequent events through October 11, 2017. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2016 were noted.
