Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Wausau Papers of New Hampshire, Inc. Pension Plan

Report on the 2016 Financial Statements

We were engaged to audit the accompanying 2016 financial statements of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2016 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing the information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that Vanguard Fiduciary Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2016, and for the period from December 15, 2016 to December 31, 2016, and that Prudential Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions for the period January 1, 2016 to December 14, 2016. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion on the 2016 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4(i)–Schedule of Assets (Held at End of Year) as of December 31, 2016 and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2016 Financial Statements* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2015 Financial Statement

The financial statement of the Plan as of December 31, 2015, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Mills, LLC (the "Company"), an indirect wholly-owned subsidiary of Wausau Paper Corp. ("Wausau"), who were covered by a joint labor agreement between the union at the Groveton New Hampshire mill and the Company. An employee became eligible to participate in the Plan once they became covered by the joint labor agreement. The Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company ("Prudential") served as the trustee of the Plan through December 14, 2016, when Vanguard Fiduciary Trust Company ("Vanguard") became trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On January 21, 2016, the acquisition of Wausau by SCA Tissue North America LLC ("SCA Tissue"), a wholly owned subsidiary of SCA Americas Inc. ("SCA Americas"), was consummated pursuant to the terms of the previously announced Agreement and Plan of Merger, dated as of October 12, 2015 ("the Merger Agreement"), by and among the Wausau, SCA Americas, and Salmon Acquisition, Inc., a wholly owned subsidiary of SCA Tissue ("Merger Sub"). Pursuant to the Merger Agreement, Merger Sub merged with and into Wausau (the "Merger"), with Wausau continuing as the surviving corporation. As a result of the Merger, Wausau became a wholly owned subsidiary of SCA Tissue, which pursuant to an Assignment of Agreement and Plan Merger, dated January 20, 2016 (the "Assignment Agreement"), and was assigned SCA Americas' rights and obligations under the Merger Agreement. In December 2016, SCA Americas assumed sponsorship of the Plan.

On July 30, 2014, prior to SCA America's acquisition of Wausau Paper Company, a settlement agreement was entered into with the Pension Benefit Guaranty Corporation (the "PBGC") with respect to the Wausau Paper Company's unfunded defined benefit pension obligations. Under the agreement, the Wausau Paper Company had agreed to grant a lien on substantially all of its assets to the PBGC that was junior and subordinate to the lien security interest on assets pledged under the Wausau Paper Company's secured term loan and revolving credit facilities. The Wausau Paper Company had also agreed to contribute in excess of minimum funding requirements of up to \$36 million to its defined benefit pension plans through 2018. After SCA America's acquisition of Wausau Paper Company in early 2016, SCA Americas requested that the PBGC review the agreement based on the combined assets and liabilities of both SCA Americas and the Wausau Paper Company and requested a termination of the agreement. During 2017, the agreement was terminated and SCA Americas' and its affiliates' obligation have ceased under this agreement. The PBGC, via a letter dated February 14, 2017, concurs that the agreement is terminated.

Pension Benefits

Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined by the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

In October 2007, the Company announced plans to cease operations at the Groveton, New Hampshire mill. Papermaking operations ceased in December 2007, and the mill was closed. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of the closure.

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

Death and Disability Benefits

If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2016.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

In 2016, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.

3. Financial Information Certified by Trustees (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Vanguard Fiduciary Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2016, and for the period from December 15, 2016 to December 31, 2016, and Prudential Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period January 1, 2016 to December 14, 2016.

Information obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company:

- Cash and investments, at fair value, as shown in the statement of net assets available for benefits as of December 31, 2016.
- Investment activity, including interest and dividend income, and net appreciation (depreciation) in fair value of investments for the period December 15, 2016 to December 31, 2016 as follows:

For the period from December 15, 2016 to December 31, 2016

Net depreciation in fair value of investments	\$	(90,469)
Interest and dividends		115,074

- The information for all registered investment companies (mutual funds) listed in the schedule of assets (held at end of year) as of December 31, 2016, as shown in the supplemental schedules.
- The information for all registered investment companies (mutual funds) listed in the schedule of reportable transactions for the year ended December 31, 2016, as shown in the supplemental schedules.

Information obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Retirement Insurance and Annuity Company:

- Investments, at fair value as shown in the statement of net assets available for benefits as of December 31, 2015.

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

- Investment activity, including interest and dividend income, and net appreciation (depreciation) in fair value of investments for the period January 1, 2016 to December 14, 2016 as follows:

For the period from January 1, 2016 to December 14, 2016

Net appreciation in fair value of investments	\$	1,147,970
Interest and dividends		400,780

- The information for all pooled separate accounts listed in the schedule of reportable transactions for the year ended December 31, 2016, as shown in the supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year-end based upon quoted market prices on nationally recognized exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, minus its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 24,575,667	\$ 24,575,667	\$ -	\$ -
Total	<u>\$ 24,575,667</u>	<u>\$ 24,575,667</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2015:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 695,465	\$ 695,465	\$ -	\$ -

Total	<u>\$ 24,927,488</u>	<u>\$ 695,465</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2016 and 2015.

Pooled separate accounts	\$ -	\$ 24,232,023	\$ -	Daily	Daily

The Plan's pooled separate accounts were invested in a variety of funds designed to mirror the investment strategies of similar registered investment companies (mutual funds), including equity-style and fixed income style funds.

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment. As described in Note 1 and further detailed in the Plan document, no new participants will be added to the Plan and benefit accruals have been frozen since December 2007.

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

The actuarial present value of accumulated plan benefits as of December 31, 2016 and 2015 are as follows:

	2016	2015
Vested benefits		
Participants currently receiving benefits	\$ 16,512,686	\$ 16,527,357
Active and terminated vested participants	8,340,507	8,606,257
Total vested benefits	24,853,193	25,133,614
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	<u>\$ 24,853,193</u>	<u>\$ 25,133,614</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2016 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 25,133,614</u>
Increase (decrease) during the year attributed to:	
Benefits paid	(1,691,880)
Decrease in the discount period	1,701,139
Actuarial (gains)/losses	20,911
Assumption changes	(310,591)
Net decrease	<u>(280,421)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 24,853,193</u>

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of December 31, 2016 and 2015 are as follows:

Mortality	RP-2014 employee/annuitant specific mortality tables with blue collar adjustment, projected on a generational basis with Scale MP-2016 as of December 31, 2016 and RP-2014 employee/annuitant specific mortality tables with blue collar adjustment, projected on a generational basis with Scale MP-2015 as of December 31, 2015
Discount Rate	7.00% as of December 31, 2016 and 2015
Retirement Age	Rates varying by age with 100% assumed to retire by age 64 as of December 31, 2016 and 2015

The change in the actuarial assumption is primarily due to the change in mortality assumption described above.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 30, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan continues to be operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed

Wausau Papers of New Hampshire, Inc. Pension Plan
Notes to Financial Statements
As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

7. Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

8. Related-Party and Party in Interest Transactions

Certain plan investments are shares of registered investment companies managed by affiliates of Vanguard, the trustee and certain Plan investments are units of pooled separate accounts managed by Prudential, the former trustee of the Plan. These transactions qualify as party-in-interest transactions. During 2016, the Plan also paid service charges to Prudential of \$13,105, which are included in administrative expense on the statement of changes in net assets. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Schedule SB, Part V Statement of Actuarial Assumptions and Methods

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any other significant benefits required to be valued that were not.</p> <p>The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather, such participants' benefits are valued using the benefit choice assumptions described above.</p>

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in compensation, National Average Wages (NAW), and CPI	Assumed increases were chosen by the plan sponsor and represent an estimate of future experience.
Assumed return for asset smoothing	Although determining the expected rate of return on plan assets was not within the scope of our work, it is the client's best estimate and we determined that it does not significantly conflict with what would be reasonable based on their asset allocation.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Not applicable.
Disability	Not applicable.
Retirement	Retirement rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.
Benefit commencement date for deferred benefits:	
■ Deferred vested benefit	Deferred vested participants who are eligible for early retirement are assumed to begin benefits based on rates applied to a number of commencement ages based on an analysis of actual commencement patterns.

Statement of Actuarial Assumptions and Methods

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2014 to September 2015.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The expected return on assets was updated from 7.25% for the prior plan year to 7.00% for the current plan year.

There have been no other changes in assumptions since the prior valuation.

Change in methods since prior valuation

The valuation software used to produce the actuarial information submitted on this schedule is different than used for the previous valuation due to a change in both the enrolled actuary for the plan and the business organization providing actuarial services to the plan, and such change in software may be considered to be a method change. The new method is substantially the same as the method used by the prior enrolled actuary and is consistent with the description of the method contained in the prior actuarial valuation report and Schedule SB of Form 5500 (disregarding the effects of any changes that are automatically approved under final IRC 430 regulations). The funding target and target normal cost (without regard to any adjustments for employee contributions and plan-related expenses), as determined for the prior plan year by the new enrolled actuary (using the actuarial assumptions of the prior enrolled actuary and disregarding the effects of any changes that are automatically approved under final IRC 430 regulations) are both within 5% of those values as determined by the prior enrolled actuary. Therefore the change in funding method receives automatic approval under IRS Announcement 2010-3.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Plan

Wausau Papers of New Hampshire, Inc. Pension Plan.

Plan Provisions

Effective date	April 1, 1993. Amended and Restated as of January 1, 2015.
Covered employees	All employees of Wausau Papers of New Hampshire who are covered by a Joint Labor Agreement between the Union and Company. As of December 31, 2007, no new participants in the Plan.

Definitions

Vesting service	Prior to September 1, 1993, an employee will be credited with one year of vesting service for each year of vesting service earned as of January 1, 1993 as a participant of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, an employee will be credited with one year of vesting service for 666 hours of work. From January 1, 1993 an employee will be credited with one year of vesting service for each 1,000 or more hours of work.
Benefit service	Prior to January 1, 1993, benefit service for determination of benefit amounts will equal credited service accrued as a participant under the provisions of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, a participant accrues one year of benefit service for 666 hours of work. Any participant who did not complete 666 hours of work in such period shall be credited with 1/12 of a year of benefit service for each 56 hours of work completed. After September 1, 1993, a participant accrues 1/12 of a year of benefit for each 83 hours of work up to a maximum of one year of benefit service in any 12-month plan year.

Schedule SB, Part V Summary of Plan Provisions

Monthly pension benefit	A monthly benefit of \$30.50 for each year of benefit service \$31.50 effective April 1, 2004 \$33.00 effective April 1, 2005 \$34.50 effective April 1, 2006 \$35.50 effective April 1, 2007 \$36.50 effective April 1, 2008 \$38.00 effective April 1, 2009
Actuarial equivalent definition	A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.
Cost-of-living increase	Not applicable.
Transfers in	Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).
Transfers out	If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using the benefit service up to date of transfer and using the benefit amount in effect upon termination.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Age 55 and 10 years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested termination	Termination for reasons other than death or retirement after completing five years of eligibility service.
Disability retirement	Permanent and total disability under the provision of the Social Security Act, and 10 years of vesting service.
Preretirement death benefit	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.
Dependent child death benefit	A participant with 10 or more years of vesting service who does not have a spouse.

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD.
Early retirement	A monthly benefit equal to the normal retirement benefit earned to the date of termination reduced by $\frac{1}{2}$ of 1% for each month by which early retirement precedes age 65. The benefit is unreduced at age 62 with 20 years of vesting service.
Postponed retirement	The monthly pension benefit determined as of the actual retirement date.
Deferred vested termination	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit payable at 65. If a participant has at least 10 years of service, he may elect to have his vested benefit commence between ages 55 and 65 (the benefit is subject to the reduction for early retirement benefits).
Disability retirement	A monthly benefit equal to the accrued normal retirement benefit earned to date of disability.
Surviving spouse death benefit	If a married participant dies, the monthly benefit is 50% of the accrued benefit, reduced for the joint and survivor optional form but not for early retirement, payable immediately. This coverage may be waived only with the written consent of the spouse.
Dependent child death benefit	Dependent child receives 50% of the unreduced retirement benefit payable until the earlier of 10 years or the dependent child's age 21.

Schedule SB, Line 25 Change in Method

The valuation software used to produce the actuarial information submitted on this schedule is different than used for the previous valuation due to a change in both the enrolled actuary for the plan and the business organization providing actuarial services to the plan, and such change in software may be considered to be a method change. The new method is substantially the same as the method used by the prior enrolled actuary and is consistent with the description of the method contained in the prior actuarial valuation report and Schedule SB of Form 5500 (disregarding the effects of any changes that are automatically approved under final IRC 430 regulations). The funding target and target normal cost (without regard to any adjustments for employee contributions and plan-related expenses), as determined for the prior plan year by the new enrolled actuary (using the actuarial assumptions of the prior enrolled actuary and disregarding the effects of any changes that are automatically approved under final IRC 430 regulations) are both within 5% of those values as determined by the prior enrolled actuary. Therefore the change in funding method receives automatic approval under IRS Announcement 2010-3.
