Perkins + Will, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

1. Description of the Plan

The following description of the Perkins + Will, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Perkins + Will, Inc. (the Company) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2016, the Company acquired another business and plans to merge the participants in that acquired business's plan into the Plan in 2017.

Contributions

Participants may elect to contribute pre-tax and/or after-tax Roth contributions of up to 100% of eligible compensation, as defined by the Plan, not to exceed a maximum of \$18,000 in 2016, plus catch-up contributions of \$6,000 for those participants who have attained age 50. Effective January 1, 2015, newly eligible employees are automatically enrolled at 6% of their compensation unless they elect otherwise. Once the employee is enrolled, the deferral percentage will automatically increase by 1% increments each year up to 15% unless the participant elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution to participant accounts. During 2016, the Company elected to match 40% of a participant's contribution up to a maximum of 6% of the participant's total compensation, subject to IRS limits. The Company may also make a discretionary profit sharing contribution. The Company elected not to make a discretionary profit sharing contribution in 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Company's matching contribution, earnings on the investments in their account and an allocation of the Company's profit sharing contribution, if any, and is charged with an allocation of administrative fees and transaction fees for services received by the participant. Allocations are based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Participants direct the investment of their accounts into various investment options offered by the Plan. As of December 31, 2016, the Plan offers 15 mutual funds, 10 common collective trusts, a money market fund, a stable value fund and a brokerage account in which participants may purchase other securities as investment options. Participants

Perkins + Will, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Approximately 25% of the participants with account balances are no longer employees of the Company. The Plan has 62 participants whose individual account balances exceed \$500,000. The total value of these accounts is \$44,562,281.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Company matching and profit sharing contributions and the earnings thereon vest 20% per year and are fully vested after 5 years of service. The Plan allows new participants who joined the Plan due to acquisitions made by the Plan sponsor to carry over prior service credit earned at predecessor employers to the Plan and be fully utilized in vesting calculations for these participants.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$339,773 and \$138,953, respectively. These accounts can be used to reduce future Company contributions to the Plan or pay administrative expenses. During 2016, the Plan used \$24,196 to pay for administrative expenses and \$159,386 to pay employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The loans are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan. During 2016, loans had fixed rates ranging from 3.25% to 7.50% for the term of the loan, not to exceed 5 years or, 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or their beneficiary may elect to receive payment of the vested interest in their account in a lump-sum distribution or annuity payments. The participant may also receive a distribution for certain hardship situations.

Administrative Expenses

The Plan allows for payment of Plan expenses to be made from the Plan's assets which will generally be allocated among the accounts of all participants in the Plan proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Fees to obtain a participant loan are charged to that participant. Participants pay \$47 annually to cover administration costs for the Plan.

Perkins + Will, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

During 2016, the Company paid certain administrative expenses for the Plan, including legal and accounting fees and the Plan paid fees for recordkeeping, trust, administrative services and investment management. Investment related expenses are included in net change in fair value of the investment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value except for insurance policies, which are stated at cash surrender value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes realized and unrealized gains and losses on investments and interest and dividends. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Payment of Insurance Premiums

Payments of insurance premiums are made directly from the participant accounts.

Notes to Financial Statements

December 31, 2016 and 2015

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 3, 2017, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian

Except for the cash surrender values of insurance policies at December 31, 2016 and 2015 and the increase in cash surrender values of insurance policies for the year ended December 31, 2016, disclosed in the accompanying financial statements and supplemental schedule, all investment information and notes receivable from participants, including investments held and notes receivable from participants at December 31, 2016 and 2015, net change in fair value of investments, and interest income for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank (Schwab), the Plan's custodian.

4. Fair Value Measurements

The Plan investments include shares of a mutual fund, common collective trusts, and a money market fund managed by Schwab. Schwab is the custodian for the Plan; therefore, transactions in the investments managed by Schwab qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, interest rate, currency, and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Perkins + Will, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Investments in common stocks, mutual funds, unit investment trusts and money market funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in common collective trusts are valued at their net asset value (NAV). The NAV's are based on quoted prices determined daily based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. The common collective trusts may be traded daily at their NAV (Level 1).

The Plan invests in the Galliard Retirement Income Fund held in the Wells Fargo Synthetic Stable Value Fund. The stable value fund invests in security-backed contracts which include fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, as well as synthetic GICs and a short-term investment fund. These investment contracts are backed by a portfolio of bonds. The stable value fund trades daily at the net asset value (NAV) which is based on the contract value of the underlying investments (Level 1). For the years ended December 31, 2016 and 2015, the weighted average crediting interest rate on the security-backed contracts held in the stable value fund was 1.96% and 1.95%, respectively.

Insurance policies are carried at cash surrender value, which management believes approximates fair value (Level 3).

Notes to Financial Statements

December 31, 2016 and 2015

5. Income Tax Status

The Plan operates under a volume submitter plan document prepared by Schwab. Schwab Retirement Plan Services, Inc. is the sponsor of the volume submitter plan document and has obtained an advisory letter dated June 19, 2014, in which the Internal Revenue Service states that the volume submitter document is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the advisory letter, the Plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by the taxing authorities and may change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
