ARNOFF MOVING & STORAGE, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016 AND 2015

## 1. Description of plan:

The following description of Arnoff Moving & Storage, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan includes an employer funded discretionary defined contribution component and an employee funded discretionary 401(k) component covering eligible employees who have six months of service and a minimum age requirement of nineteen years. The Plan allows automatic entry of new employees into the Plan on a rolling basis upon meeting the service and age requirements. The following companies participate in the Plan: Arnoff Moving & Storage Inc.; Arnoff Moving and Storage of Albany, Inc.; Arnoff Storage, Inc.; and Arnoff-Stewart Liner Transportation Corp., collectively referred to as the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

### Contributions

Participants in the 401(k) plan may contribute through salary reduction up to 90 percent of their annual compensation defined by the Plan, subject to annual statutory limit determined by the Internal Revenue Code. Upon meeting the service and age requirements, eligible employees will automatically have 4% of gross wages contributed to the Plan unless otherwise elected. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with provisions of the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan. Automatically enrolled participants have their deferral amounts and other contributions invested in a designated balanced fund until changed by the participant. Additional profit sharing amounts may be contributed at the option of the Plan Sponsor's Board of Directors. During the year ended December 31, 2016, the Plan Sponsors made a $100,629 profit sharing contribution to the Plan, less forfeited balances totaling $5,259.

1. **Description of plan (continued):**

**Participant accounts**

Each participant's account is credited with the participant's contributions, as well as employer profit-sharing contributions, and Plan earnings. Participant accounts are charged with direct expenses and an allocation of Plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. Benefits to which a participant is entitled are funded exclusively from the vested balance of the participant's account. All investments are directed by the Plan's participants.

**Vesting**

Participants are immediately vested in their salary reduction contributions and rollover accounts plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of service. Such contributions, if any, vest in accordance with the Plan's vesting schedule. A participant is vested fully after three years of credited service.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to ten years for the purpose of purchasing a principal residence. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent, which is fixed at the time of the loan. Principal and interest is paid ratably through payroll deductions.

**Payment of benefits**

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or in installments over a period not greater than the participant's or the participant's spouse's assumed life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are eligible for in-service distributions from their 401(k) and profit sharing accounts upon attaining the age of 59½ years.

1. **Description of plan (continued):**

**Forfeited accounts**

Forfeited non-vested account balances are used to reduce future employer contributions. For the years ended December 31, 2016 and 2015, forfeited non-vested amounts totaled $5,259 and $1,198, respectively. Forfeitures may be applied to reduce future employer contributions or to pay administrative expenses.

**Investment options**

The assets of the Plan are allocated to the various investment funds at the direction of the participant. Upon enrollment, a participant may direct his or her 401(k) contributions in any of the various investment options offered by Reliance Trust Company.

**Roth elective deferrals**

The Plan allows Roth elective deferrals to be made to the Plan including an option allowing participants to convert deferrals into Roth deferrals.

2. **Summary of significant accounting policies:**

**Basis of accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) which utilize the accrual method of accounting. Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

**Accounting methods**

Net assets available for benefits and changes in net assets available for benefits differ from that reported on Internal Revenue Service (IRS) Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 9 for a reconciliation of the financial statements to Form 5500.

**2. Summary of significant accounting policies (continued):**

**Adoption of new accounting pronouncement**

In May, 2015, the FASB issued ASU 2015-07, "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per share (or its Equivalent)*". The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The purpose of this new ASU is to eliminate the diversity in the way in which investments measured using net asset value per share as a practical expedient are classified in the fair value hierarchy.

This ASU is effective for fiscal years beginning after December 15, 2016 for all non-public entities, with early adoption permitted. The amendments are to be applied retrospectively. Management has elected to early adopt the amendments of this ASU. Such adoption has no effect on the net assets available for benefits and changes in net assets available for benefits as of and for the year ended December 31, 2015.

**Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of estimates**

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**2. Summary of significant accounting policies (continued):**

**Payment of benefits**

Benefits are recorded when paid.

**Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as charges to the participant's accounts. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

**Excess contributions payable**

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan had $2,430 of excess contributions payable to participants as of December 31, 2016.

**Expenses**

Certain expenses of maintaining the Plan are paid by the Sponsors and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, of $95, and distribution fees of $35, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**3. Information certified by Reliance Trust Company:**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Trustee, Reliance Trust Company, has supplied the plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, transactions, and income presented in the statements of net assets available for benefits as of December 31, 2016 and 2015, and the statement of changes in net assets available for benefits for the year ended December 31, 2016 and the supplemental schedule of assets held at end of year as of December 31, 2016.

## 4. Fair value measurements

FASB ASC 820 "Fair Value Measurements" establishes a framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, using the market approach. There have been no changes in the methodologies used at December 31, 2016 and 2015.

**4. Fair value measurements (continued):**

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

| | Assets at fair value as of December 31, 2016 | | | |
|---|---|---|---|---|
| Description | Total | Level 1 | Level 2 | Level 3 |
| **Assets:** | | | | |
| Mutual funds | $ 4,539,001 | $ 4,539,001 | $ - | $ - |
| Total | $ 4,539,001 | $ 4,539,001 | $ - | $ - |

| | Assets at fair value as of December 31, 2015 | | | |
|---|---|---|---|---|
| Description | Total | Level 1 | Level 2 | Level 3 |
| **Assets:** | | | | |
| Mutual funds | $ 4,303,648 | $ 4,303,648 | $ - | $ - |
| Total | $ 4,303,648 | $ 4,303,648 | $ - | $ - |

**5. Tax status:**

The Plan is an adoption of a prototype plan of its record keeper, Automatic Data Processing Defined Contributions Plan non-standardized 401(k) Profit Sharing Plans No. 01-003. The Internal Revenue Service has determined and informed the custodian that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code, by correspondence dated July 14, 1989.

**5. Tax status (continued):**

Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**6. Risks and uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**7. Plan termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of Plan termination, participants would become immediately vested in their accounts.

**8. Related-party transactions and parties-in-interest:**

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, employer, and certain others who provide services for the Plan.

The Plan makes loans to participants and therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company and marketed by ADP, Inc. as broker-dealer. Reliance Trust Company is the Trustee and ADP, Inc. is the record keeper, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

**8. Related-party transactions and parties-in-interest (continued):**

If the revenue received by ADP for investment management services from mutual funds exceeds the fees due under the Master Plan Services Agreement between the sponsor and ADP, ADP remits the excess to the Plan's trust. Those amounts may be applied to pay Plan administrative expenses or allocated to participant accounts. During the Plan year 2016, no such excess occurred. The Plan paid direct fees to ADP in 2016, of $6,247, related to operating costs not covered by revenue sharing.

**9. Reconciliation of financial statements to IRS Form 5500:**

The following are reconciliation of amounts reported in the financial statements to amounts reported on Form 5500, Schedule H as of December 31, 2016 and 2015:

| | 2016 | 2015 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 4,720,103 | $ 4,484,962 |
| Employer contributions receivable | (95,370) | (98,809) |
| Participant notes receivable | (28,806) | (29,639) |
| Excess contributions receivable | 2,430 | - |
| Net assets available for benefits per Schedule H of Form 5500 | $ 4,598,357 | $ 4,356,514 |

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

| | 2016 |
|---|---|
| Change in net assets available for benefits per the financial statements | $ 121,746 |
| Investment income | 6 |
| Change in employer contribution receivable | 5,862 |
| Benefits paid to participants | 509 |
| Administrative fees | 325 |
| Change in net assets available for benefits per Schedule H of the Form 5500 | $ 128,448 |

Differences result from the use of the accrual basis for recognition of employer contributions receivable and excess contributions refundable for the financial statements, versus the use of the cash basis for recognition of these items in the governmental Form 5500, Schedule H. A difference also resulted from the use of tax reporting methods for recognition of loan defaults versus the use of the accrual basis to recognize participant loan defaults in the financial statements.

**10. Subsequent events:**

The Plan Sponsors have evaluated subsequent events through October 10, 2017, which is the date the financial statements are available for issuance, and have determined that there are no subsequent events which require disclosure under GAAP.
