Independent Auditor's Report

To the Plan Administrator
Chart Industries, Inc. 401(k) Investment and Savings Plan
Garfield Heights, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Chart Industries, Inc. 401(k) Investment and Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust Company, the custodian of the Plan for the period January 1, 2015 through November 5, 2015, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from November 6, 2015 to December 31, 2016, and that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2015 to November 5, 2015. The plan administrator has obtained certifications from the trustee/custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee/custodian is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Chart Industries, Inc. 401(k) Investment and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted on January 1, 1994, covering all domestic employees of Chart Industries, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

In accordance with the Plan document, participants may elect to contribute between 1% and 60% of their pre-tax annual compensation to the Plan (as defined). However, once the employee is eligible, they are automatically enrolled in the Plan at 1% of their pre-tax compensation. In addition, participants may elect to contribute between 1% and 10% of their after-tax annual compensation (as defined). The Company's matching contribution ranges from 50% of the first 4% to 6% of base compensation that a participant contributes to the Plan. Total Company matching contributions amounted to \$3,228,709 and \$3,828,819 in 2016 and 2015, respectively. Additional amounts may be contributed at the option of the Company's Board of Directors and are subject to certain bonus and profit sharing formulas. In 2016 and 2015, such contributions amounted to \$5,739,112 and \$6,179,520, respectively.

Upon enrollment, a participant may direct employee contributions and Company discretionary contributions in whole increments to any of the investment funds offered by the Plan. Participants may change their investment options and transfer funds between investment options daily.

Contributions received from participants during 2016 and 2015 are net of payments of \$69,059 and \$70,814, respectively, made to certain active participants to return their excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service, graded equally over the period.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 and up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to ten years or for a reasonable period of time for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.75%, which are commensurate with local prevailing rates at the time the loan was made. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions from a participant's account are not permitted before age 59 ½ except in the event of death, disability, termination of employment, financial hardship, or as a qualified reservist distribution, as defined. Vested benefits are payable in a lump-sum payment or in installments not to exceed the life or life expectancy of the Participant and a designated beneficiary. With respect to distributions, if the vested balance is between \$1,000 and \$5,000, and the participant does not make an election to distribute the vested account balance, the balance will be automatically rolled over to an Individual Retirement Account selected by the plan administrator. If the vested balance is less than \$1,000, the vested account balance will be distributed to the participant in a lump sum without any required participant consent to a distribution.

Forfeitures

Forfeitures of Company matching and discretionary contributions are used to reduce future employer contributions. Forfeitures of \$682,240 and \$828,913 were used to offset employer contributions during 2016 and 2015, respectively. The balance remaining in the forfeiture account was \$0 and \$148,309 at December 31, 2016 and 2015, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the benefit-responsive investment contract, and the statements of changes in net assets available for benefits are prepared on a contract value basis. See Note 4 for discussion covering benefit responsive instruments.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retrospectively applied to the 2014 Plan year. The impact of adopting this update is reflected in Note 8.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

In July 2015, the FASB issued ASU No. 2015-12, *Pension Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan adopted Parts I and II of this update for the 2015 Plan year. Part III is not applicable to this Plan. The adoption of ASU 2015-12 did not have a material impact on the financial statements.

Upon adoption of ASU 2015-12, fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value.

Subsequent Events

The Plan's management has evaluated events and transactions that occurred between December 31, 2016 and October 11, 2017, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There were no such events that were required to be recognized or disclosed.

3. Investments/Notes Receivable from Participants (Unaudited)

Investment information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust Company, the custodian of the Plan for the period January 1, 2015 through November 5, 2015. There were no non-participant directed funds at December 31, 2016 and 2015.

4. Investment Contracts with Insurance Companies

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in the Diversified Bond II Separate Investment Account (the "Separate Account") created for the purpose of backing the guaranteed interest account. Participants of the guaranteed interest account receive a book value account interest rate that is determined based on the anticipated market returns in the Separate Account, in addition to any plan-specific contract charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the MassMutual investment contract at December 31, 2016 and 2015 was \$20,094,529 and \$17,415,803, respectively. The average yield and crediting interest rate was 3.22% and 3.61% as of and for the years ended December 31, 2016 and 2015, respectively. The interest rate on the investment account with MassMutual is reviewed on a quarterly basis for resetting. During the years ended December 31, 2016 and 2015, the investment contract earned interest income of \$597,770 and \$597,284, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Upon termination of the contract with MassMutual, the Plan can select various options for liquidation of investments. The value of the investment contract received by the Plan is dependent upon the option selected by the Plan.

5. Income Tax Status

The Plan adopted the volume-submitter plan document provided by MassMutual. MassMutual received an opinion letter dated May 11, 2009 from the Internal Revenue Service stating that the volume-submitter plan document is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as of and for the years ended December 31, 2016 and 2015.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

7. Related Party Transactions

Certain Plan investments were held by Reliance Trust Company, the Plan's trustee for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust, the Plan's custodian for the period January 1, 2015 through November 5, 2015. Transactions that qualify as parties-in-interest consist of purchases and sales of State Street Bank and Trust funds sponsored by an affiliate of the Plan's custodian.

During 2016 and 2015, the Plan was under contract with Mass Mutual to provide various administrative services. Fees paid by the Plan for these services for the years ended December 31, 2016 and 2015 amounted to \$182,386 and \$202,363, respectively.

8. Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") Topic on *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$177,892,501	\$ -	\$ -	\$177,892,501
Total Assets, at fair value	\$177,892,501	\$ -	\$ -	\$177,892,501

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

<i>December 31, 2015</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$171,203,467	\$ -	\$ -	\$171,203,467
Total Assets, at fair value	\$171,203,467	\$ -	\$ -	\$171,203,467

9. Excess Contributions Payable

Amounts payable to Plan participants totaling \$69,059 and \$70,814 for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to participant contributions as of December 31, 2016 and 2015, respectively. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

Independent Auditor's Report

To the Plan Administrator
Chart Industries, Inc. 401(k) Investment and Savings Plan
Garfield Heights, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Chart Industries, Inc. 401(k) Investment and Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust Company, the custodian of the Plan for the period January 1, 2015 through November 5, 2015, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from November 6, 2015 to December 31, 2016, and that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2015 to November 5, 2015. The plan administrator has obtained certifications from the trustee/custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee/custodian is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Chart Industries, Inc. 401(k) Investment and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted on January 1, 1994, covering all domestic employees of Chart Industries, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

In accordance with the Plan document, participants may elect to contribute between 1% and 60% of their pre-tax annual compensation to the Plan (as defined). However, once the employee is eligible, they are automatically enrolled in the Plan at 1% of their pre-tax compensation. In addition, participants may elect to contribute between 1% and 10% of their after-tax annual compensation (as defined). The Company's matching contribution ranges from 50% of the first 4% to 6% of base compensation that a participant contributes to the Plan. Total Company matching contributions amounted to \$3,228,709 and \$3,828,819 in 2016 and 2015, respectively. Additional amounts may be contributed at the option of the Company's Board of Directors and are subject to certain bonus and profit sharing formulas. In 2016 and 2015, such contributions amounted to \$5,739,112 and \$6,179,520, respectively.

Upon enrollment, a participant may direct employee contributions and Company discretionary contributions in whole increments to any of the investment funds offered by the Plan. Participants may change their investment options and transfer funds between investment options daily.

Contributions received from participants during 2016 and 2015 are net of payments of \$69,059 and \$70,814, respectively, made to certain active participants to return their excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses, if not paid by the Company. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service, graded equally over the period.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 and up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to ten years or for a reasonable period of time for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.75%, which are commensurate with local prevailing rates at the time the loan was made. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Distributions from a participant's account are not permitted before age 59 ½ except in the event of death, disability, termination of employment, financial hardship, or as a qualified reservist distribution, as defined. Vested benefits are payable in a lump-sum payment or in installments not to exceed the life or life expectancy of the Participant and a designated beneficiary. With respect to distributions, if the vested balance is between \$1,000 and \$5,000, and the participant does not make an election to distribute the vested account balance, the balance will be automatically rolled over to an Individual Retirement Account selected by the plan administrator. If the vested balance is less than \$1,000, the vested account balance will be distributed to the participant in a lump sum without any required participant consent to a distribution.

Forfeitures

Forfeitures of Company matching and discretionary contributions are used to reduce future employer contributions. Forfeitures of \$682,240 and \$828,913 were used to offset employer contributions during 2016 and 2015, respectively. The balance remaining in the forfeiture account was \$0 and \$148,309 at December 31, 2016 and 2015, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the benefit-responsive investment contract, and the statements of changes in net assets available for benefits are prepared on a contract value basis. See Note 4 for discussion covering benefit responsive instruments.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retrospectively applied to the 2014 Plan year. The impact of adopting this update is reflected in Note 8.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

In July 2015, the FASB issued ASU No. 2015-12, *Pension Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan adopted Parts I and II of this update for the 2015 Plan year. Part III is not applicable to this Plan. The adoption of ASU 2015-12 did not have a material impact on the financial statements.

Upon adoption of ASU 2015-12, fully benefit-responsive investment contracts are measured, presented and disclosed only at contract value.

Subsequent Events

The Plan's management has evaluated events and transactions that occurred between December 31, 2016 and October 11, 2017, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There were no such events that were required to be recognized or disclosed.

3. Investments/Notes Receivable from Participants (Unaudited)

Investment information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust Company, the custodian of the Plan for the period January 1, 2015 through November 5, 2015. There were no non-participant directed funds at December 31, 2016 and 2015.

4. Investment Contracts with Insurance Companies

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in the Diversified Bond II Separate Investment Account (the "Separate Account") created for the purpose of backing the guaranteed interest account. Participants of the guaranteed interest account receive a book value account interest rate that is determined based on the anticipated market returns in the Separate Account, in addition to any plan-specific contract charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the MassMutual investment contract at December 31, 2016 and 2015 was \$20,094,529 and \$17,415,803, respectively. The average yield and crediting interest rate was 3.22% and 3.61% as of and for the years ended December 31, 2016 and 2015, respectively. The interest rate on the investment account with MassMutual is reviewed on a quarterly basis for resetting. During the years ended December 31, 2016 and 2015, the investment contract earned interest income of \$597,770 and \$597,284, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Upon termination of the contract with MassMutual, the Plan can select various options for liquidation of investments. The value of the investment contract received by the Plan is dependent upon the option selected by the Plan.

5. Income Tax Status

The Plan adopted the volume-submitter plan document provided by MassMutual. MassMutual received an opinion letter dated May 11, 2009 from the Internal Revenue Service stating that the volume-submitter plan document is acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as of and for the years ended December 31, 2016 and 2015.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

7. Related Party Transactions

Certain Plan investments were held by Reliance Trust Company, the Plan's trustee for the year ended December 31, 2016 and for the period November 6, 2015 through December 31, 2015, and by State Street Bank and Trust, the Plan's custodian for the period January 1, 2015 through November 5, 2015. Transactions that qualify as parties-in-interest consist of purchases and sales of State Street Bank and Trust funds sponsored by an affiliate of the Plan's custodian.

During 2016 and 2015, the Plan was under contract with Mass Mutual to provide various administrative services. Fees paid by the Plan for these services for the years ended December 31, 2016 and 2015 amounted to \$182,386 and \$202,363, respectively.

8. Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") Topic on *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Chart Industries, Inc. 401(k) Investment and Savings Plan

Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

<i>December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$177,892,501	\$ -	\$ -	\$177,892,501
Total Assets, at fair value	\$177,892,501	\$ -	\$ -	\$177,892,501

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

<i>December 31, 2015</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$171,203,467	\$ -	\$ -	\$171,203,467
Total Assets, at fair value	\$171,203,467	\$ -	\$ -	\$171,203,467

9. Excess Contributions Payable

Amounts payable to Plan participants totaling \$69,059 and \$70,814 for contributions in excess of amounts allowed by the IRS were recorded as a liability with a corresponding reduction to participant contributions as of December 31, 2016 and 2015, respectively. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.
