Independent Auditor's Report

To the Plan Administrator of the New England Wire Products Co., Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the New England Wire Products Co., Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Great-West Life Insurance & Annuity Company and Great-West Trust Company, LLC, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of the New England Wire Products Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by New England Wire Products Co., Inc. (the "Company") covering substantially all non-union employees who have attained the age of 21 and have completed ninety days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their plan compensation on a pre-tax, or Roth, basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Employees who complete one year of service are eligible to receive a Safe Harbor matching contribution equal to 100% of contributions on the first 3% of compensation and 50% of the next 2% of compensation, for a maximum match of 4% of compensation. The Company may also make discretionary non-elective contributions for participants who have completed 1,000 hours of service and are still employed on the last day of the plan year. The Company did not make a non-elective contribution for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor contributions and the income earned thereon. Participants become 100% vested in the Company's contributions, other than safe harbor contributions, and earnings thereon upon death, total and permanent disability, attainment of early retirement age, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions, other than safe harbor contributions, and earnings thereon vests according to the following schedule:

Completed Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. Forfeitures will first be used to restore accounts of forfeiting participants who are re-employed and meet certain requirements as set forth in the Plan. Remaining forfeitures will be used to reduce future employer contributions and to pay plan expenses. Any forfeitures not used at the end of the year will be allocated to participants. In 2016, no forfeitures were used to reduce company contributions. Unallocated forfeitures at December 31, 2016 and 2015 were $11,507 and $0, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums or installment payments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant may borrow an aggregate amount up to the lesser of $50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan amount that may be taken is $1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans, due to non-payment or termination of employment, are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Company pays for recordkeeping and other expenses incurred by the plan. Management fees charged by the trustee are paid by the Plan. Participant transaction fees are paid by participants initiating the transaction.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides investment options, which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts - Valued at the net asset value of units of a pooled separate account. The net asset value, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value

of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2016 and 2015.

	2016	2015
Investments measured at net asset value(1):		
Pooled separate accounts	$ 2,578,314	$ 1,848,141
Investments at fair value	$ 2,578,314	$ 1,848,141

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Pooled separate accounts can be redeemed daily, have daily redemption notice periods, and have no unfunded commitments.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity ("DFE"). The following table discloses investment strategies for such investments:

	2016	2015
Investments measured at net asset value (non-DFE's):		
Pooled separate accounts:		
International (a)	$ 455,341	$ 248,181
Mid-cap (b)	187,665	135,427
Large-cap (c)	-	72,739
Bond (d)	150,652	84,172
Asset allocation (e)	269,152	115,281
Specialty (f)	21,780	12,573
Small-cap (g)	80,033	44,106
Target date (h)	26,058	11,198
Growth (i)	1,300,435	1,084,691
Value (j)	87,198	39,773
Total pooled separate accounts	$ 2,578,314	$ 1,848,141

(a) International pooled separate accounts invest primarily in foreign stocks with a focus on long-term growth opportunities.
(b) Mid cap pooled separate accounts invest primarily in the common stocks of mid cap companies with a focus on long-term capital appreciation.
(c) Large cap pooled separate accounts invest primarily in stocks and bonds with a focus on current income and capital appreciation.

(d) The bond pooled separate accounts invest primarily in bonds, and focus on income.
(e) Asset allocation pooled separate accounts invest in stocks and bonds with a positive reward to risk ratio and limited downside risk.
(f) The specialty pooled separate account seeks total return through growth of capital and current income by investing primarily in domestic real estate securities.
(g) The small cap pooled separate accounts seek to obtain long-term investment excellence with focus investing in small cap value companies.
(h) The target date pooled separate account seeks capital appreciation and income consistent with an asset allocation based on a retirement date noted in the fund.
(i) The growth pooled separate accounts seek capital appreciation by investing in business with strong fundamentals and sustainable competitive advantages.
(j) The value pooled separate accounts seek capital appreciation by investing in undervalued, high-quality companies, general with larger market capitalization. The fund manages risk by focusing on companies with characteristics such as low price-to earnings ratios or high dividend yields.

D. INVESTMENTS AT CONTRACT VALUE:

The Plan holds a traditional investment contract issued by Great-West Life & Annuity Insurance Company ("the contract issuer"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan must provide 60 days' notice to the contract issuer to redeem its interest in this investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also would limit the ability of the Plan to transact at contract value with the participants.

E. TAX STATUS:

The Plan has adopted the Prototype Non-Standardized Profit Sharing Plan of Great-West Trust Company. The prototype sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with applicable requirements of the IRC and is, therefore, exempt from federal income taxes under Section 501(a) of the IRC.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Great-West Life Insurance & Annuity Company and Great-West Trust Company, LLC, the trustees of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustees have certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2016 and 2015, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2016, and the information contained in the Schedule of Assets (Held at End of Year).

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions involving investments that are both managed and held by the trustees are considered party-in-interest transactions.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 12, 2017, the date these financial statements were available for issuance.
