Independent Auditor's Report

To the Plan Administrator
Wasserman Media Group 401(k) Plan
Los Angeles, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wasserman Media Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

1. Description of the Plan

The following description of the Wasserman Media Group 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Wasserman Media Group, LLC (the "Company") was formed in 2001 to manage sports athletes and provide for consultation services in the field of marketing. The Company established the Plan in March 2003 as a defined contribution plan covering all eligible employees of the Company as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is the Plan's sponsor and an employee of the Company serves as Plan administrator.

Change in Custodian and Recordkeeper

Effective October 1, 2015, the Company changed service providers for the Plan's custodial and recordkeeping functions from John Hancock Life Insurance Company (U.S.A.) to Fidelity Management Trust Company.

Eligibility

All employees, except interns, non-resident aliens, leased and union employees, of the Company are eligible for participation in the Plan after they have completed one month of service and are at least 21 years of age. All newly eligible employees are automatically enrolled in the Plan at a contribution rate of 2 percent, unless the employee chooses to opt out of the Plan.

Contributions

Participants may, but are not required to, make voluntary contributions to the Plan up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Rollover contributions are also permitted under the Plan. There are no provisions for employer matching contributions as of or for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions and credited or debited with net Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable - Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest commensurate with the local prevailing rate, and are at a fixed rate over the life of the note. As of December 31, 2016, the rates of interest on outstanding loans were 5.25% and 5.50% with various maturities through 2021.

Loan repayments are made ratably through bi-weekly payroll deductions over a period not to exceed 5 years, unless the loans are used to purchase a primary residence, in which case the loan will be required to be repaid within 30 years of the original date of the loan.

Administrative Expenses

Certain administrative expenses (loan and distribution processing fees) are payable from the applicable participant's account balance. The Company absorbed the remaining administrative costs of the Plan for the year ended December 31, 2016. The Company is not obligated to pay Plan expenses. There is no guarantee that the Company will continue to absorb the Plan's administrative expenses and thus, such costs would be payable from the assets of the Plan as provided for in the Plan document. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Benefit Payments

In-service distributions are permitted after a participant attains age 59½ or becomes disabled. Upon a participant's termination, distributions will be made as soon as administratively feasible. Optional forms of payment available upon termination of employment are lump sum distributions of the entire vested account balance, or a single sum distribution of a portion of the vested account balance. Vested account balances of $5,000 or less will be made in a lump sum.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Risks and Uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants account balances and the amounts reported in the financial statements.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA and the participants' investment preference dictate the Plan's concentration of credit risk and market risk.

The Plan provides investment options that hold securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices may be more volatile than those of securities of comparable U.S. companies.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

The Plan also invests in the Fidelity Advisor Stable Value common collective trust fund. The Plan's interest in the Fidelity Advisor Stable Value is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported NAV. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Notes Receivable - Participant Loans

Notes receivable represent participant loans that are recorded at their unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized gains (losses), or on the last day of the year for unrealized gains (losses).

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid. There were no amounts owed to current or terminated participants as of December 31, 2016 and 2015.

Recently Adopted Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient - A Consensuses of the FASB Emerging Issues Task Force.* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit- responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value by eliminating the requirement to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU No. 2015-12 became effective for the Plan years beginning after December 15, 2015. As a result, the footnote disclosing investments at or greater than 5% as of December 31, 2015 was removed. Additionally, the footnote for the disaggregation of investments at December 31, 2015 was removed.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurements (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirements to categorize within the fair value hierarchy and to make certain disclosures for investments eligible to be measured at fair value using the net asset value per share practical expedient. The ASU became effective for the Plan years beginning after December 15, 2016, with early adoption permitted. The Plan has elected to adopt the applicable changes of ASU 2015-07 in 2016. Accordingly, the ASU was applied retrospectively for all periods presented. Since this new guidance only amends the disclosure requirements, it did not impact the Plan's statements of net assets available for plan benefits or statements of changes in net assets available for plan benefits. The investments measured at NAV as a practical expedient as of December 31, 2015 were removed from the leveling table in Note 4.

3. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Custodian, who holds the assets and execute transactions of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules and investment values disclosed in Notes 3 and 4 are complete and accurate:

December 31,	2016	2015
Cash	$ -	$ 1,157
Investments, at fair value:		
Mutual funds	12,757,554	10,239,407
Common collective trust	369,168	367,468
Notes receivable - participant loans	72,371	128,514

Year ended December 31,	2016
Interest from notes receivable - participant loans	$ 3,639
Investment income:	
Net appreciation in fair value of investments	542,400
Interest and dividend income	281,397

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

Accounting guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

* quoted prices for similar assets or liabilities in active markets;
* quoted prices for identical or similar assets or liabilities in inactive markets;
* inputs other than quoted prices that are observable for the asset or liability;
* inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual Funds	**$12,757,554**	$ -	$ -	**$12,757,554**
Common Collective Trust*	-	-	-	**369,168**
Total investments	**$12,757,554**	$ -	$ -	**$13,126,722**

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,239,407	$ -	$ -	$ 10,239,407
Common Collective Trust*	-	-	-	367,468
Total investments	$ 10,239,407	$ -	$ -	$ 10,606,875

** Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.*

Mutual funds consist of publicly traded funds of registered investment companies. Shares of mutual funds are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

The common collective trust held by the Plan is a stable value investment that has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective the fund invests in fixed income securities, bond funds and money market funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus net earnings, less participant withdrawals.

The fair value of participation units held in the stable value fund are based on NAV after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts.

At December 31, 2016 and 2015, the Plan had no unfunded commitments related to these investments. The redemption of these investments is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption; however, participant redemption may be subject to certain redemption fees.

5. Income Tax Status

The Internal Revenue Service issued a determination letter dated March 31, 2014 stating that the Plan was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company absorbs any income tax-related interest and penalties. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA.

7. Parties-in-Interest Transactions

The Custodian and the Company are parties-in-interest as defined by ERISA. The Custodian invests certain Plan assets in its collective investment funds. The fees paid to the Custodian qualify as party-in-interest transactions permitted by the Department of Labor's Rules and Regulations and are exempt under Section 408(b)(8) of the IRC. Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain other parties.

8. Non-exempt Transactions

For the Plan year ended December 31, 2016, Plan management identified an instance of untimely remittance of a participant's contribution to the Plan amounting to $68, which was remitted to the Plan, including the related lost earnings of $2 in July 2017.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statements of Net Assets Available for Benefits through September 28, 2017, the date the financials were available to be issued in accordance with accounting guidance.

Effective January 1, 2017, the Company provides employer matching contributions based on a certain percentage of the eligible participants' contributions.
