Note 1. Description of the Plan

The following description of the Combe Incorporated Employees Savings Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Combe Incorporated (the Company or the Plan Sponsor) and its wholly owned subsidiary Combe Laboratories, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who are regularly scheduled to work 20 hours or more per week are generally eligible to participate in the Plan on the first pay period of the month following their date of hire. Employees who are regularly scheduled to work less than 20 hours per week shall be eligible to participate in the Plan on the first pay period of the month following the completion of one year of service providing they worked at least 1,000 hours of service during such plan year.

Contributions: Participants may contribute from 1 percent to 50 percent of pretax annual compensation subject to Internal Revenue Code (IRC) limitations and may contribute rollover amounts representing distributions from other qualified defined contribution plans.

In 2016 and 2015, the Company contributed from 3 percent to 11 percent of each participant's eligible pay based on each participant's age and date of hire. In addition, the Company made a matching contribution equal to 100 percent of the first 4 percent of eligible pay that a participant contributed.

The Company contributions are invested in accordance with each participant's investment elections. Within the Plan rules, participants direct the investment of their contributions into the various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations of Plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes receivable from participants: A participant may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50 percent of their account balance. A participant may have only one loan outstanding at any time. The $50,000 loan limit is reduced by the participant's highest outstanding loan balance in the past 12 months. The loan is collateralized by the balance in the participant's account and bears interest at a rate equal to the Prime Rate plus 1 percent. The interest rate is set on June 30th of each year and remains fixed throughout the life of the loan. Loans must be repaid over a period not to exceed five years. Loans are repaid ratably through payroll deductions and such amounts are allocated to the various investment funds based on the participant's contribution percentages, unless the participant leaves the Company, at which time the loan is considered a delinquent loan.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon, as well as in the Company's contribution to their accounts.

Note 1. Description of the Plan (Continued)

Payment of benefits: Upon the retirement of a participant for age or disability, the balance of the participant's account shall be paid at the discretion of the participant in either: (a) a lump-sum distribution or (b) if the participant had an account balance on December 31, 1998, then in substantially equal annual or more frequent installments over a reasonable period of time not to exceed the participant's life expectancy or, the joint and last survivor life expectancy of the participant and their designated beneficiary at the commencement of the installments; or (c) a combination of the above. Upon termination of a participant's employment other than for reasons set forth above, the balance of the participant's account shall be paid in a lump sum. If the account balance is more than $1,000 upon termination, then the participant may leave their funds in the Plan and receive the lump-sum distribution at a subsequent date of their choice, but no later than April 1 of the year after the year the participant reaches age 70 1/2.

Administrative expenses: The Plan's administrative expenses are paid by the Company as provided by the Plan document, with the exception of certain loan processing fees which are charged to participants with outstanding loan balances.

Hardship withdrawals: A participant may withdraw tax-deferred contributions for: (a) medical expenses; (b) purchase of a principal residence; (c) payment of tuition for the next 12 months; (d) the prevention of eviction from principal residence or (e) any other reason set forth by the Commissioner of the Internal Revenue Service (IRS), conditional upon satisfactory demonstration of the need and approval by the Plan Sponsor.

Plan termination: The Company may terminate, amend, modify or suspend the Plan in whole or in part at any time. In any such event, the participants' rights to their accrued benefits are nonforfeitable. Upon termination of the Plan, the interest of each participant in the Plan will be distributed to such participant or his/her beneficiary at the time prescribed by the Plan terms and the IRC.

Income taxes: Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits could be materially affected in the near term.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Recently issued accounting pronouncement: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU or Update) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update in the 2015 plan year, and the impact is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of these Updates is to simplify plan accounting. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required. The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Note 2. Summary of Significant Accounting Policies (Continued)

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this Update in the 2015 plan year, and the impact is reflected in the financial statements.

Note 3. Information Certified and Provided by Deutsche Asset Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Deutsche Asset Management Trust Company (the Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets, to the best of its knowledge and belief, is accurate and complete. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2016	2015
Investments at fair value:		
Mutual funds	$ 59,835,667	$ 56,306,980
Money market fund	8,091,582	8,597,285
Common collective trust fund	12,776,694	11,126,505
Total investments	$ 80,703,943	$ 76,030,770
Notes receivable from participants	$ 750,468	$ 697,305

The Trustee also certified to the completeness and accuracy of $3,260,753 of net appreciation in fair value of investments, $2,229,860 of dividends, and $31,474 of interest on notes receivable from participants for the year ended December 31, 2016.

Note 4. Fair Value Measurements and Investments

The FASB codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under this guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements and Investments (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common collective trust fund: The common collective trust fund is stated at NAV, as reported by the trustee. Units in a common collective trust are not traded on securities exchanges but are redeemable only by the issuer. The value of the Plan's investments in common collective trusts represents the value of the Plan's interests in the overall value of the common collective trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements and Investments (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015.

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 59,835,667	$ -	$ -	$ 59,835,667
Investments measured at NAV (a)				20,868,276
Total investments at fair value				$ 80,703,943

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,306,980	$ -	$ -	$ 56,306,980
Investments measured at NAV (a)				19,723,790
Total investments at fair value				$ 76,030,770

(a) In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value of Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2016 and 2015:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2016	2015	Commitment	Frequency	Notice Period
Money Market Fund	$ 8,091,582	$ 8,597,285	None	Daily	None
DWS Stock Index Fund (a)	12,776,694	11,126,505	None	Daily	None
Total	$ 20,868,276	$ 19,723,790			

(a) See Note 6 for additional information related to this asset

Note 6. Common Collective Trust Fund

The Plan invests in the DWS Stock Index Fund (the Fund), which is a fund that is a common collective trust. The Stock Index Fund seeks to replicate to the extent practicable the performance of the Standard & Poor's 500 Stock Index. It seeks to achieve its objective by investing directly into a common collective trust fund with similar objectives and like investment strategies. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Funds' net asset value per unit.

Note 7. Federal Income Tax Status

The IRS has determined and informed the Company in a letter dated March 18, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8. Related Party Transactions

Certain Plan investments are managed by the trustee, who is in benefit service alliance with ADP Retirement Services, the record keeper of the Plan, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31, 2016 and 2015.

Add prior year deemed distributions	3,319
Less current year deemed distributions	(3,460)

Note 10. Subsequent Events

The Plan has evaluated events through October 9, 2017, the date the financial statements were available to be issued.

Effective January 1, 2017, the Plan was amended to permit participants to make after tax Roth contributions. An amendment, to be effective from January 1, 2017, to allow for employee contributions from 1 percent to 50 percent of annual compensation is pending approval.

In March 2017, the Plan changed its trustee to Reliance Trust Company.
