Note 1 - Plan Description

The following description of Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees is a 401(k) savings plan covering all eligible employees of Fort Dearborn Company (the "Company").

All employees subject to collective bargaining, except for members of certain excluded collective bargaining groups, are eligible to participate in the Plan once the employee has worked one or more hours and has attained the age of 21. Employees can enroll in the Plan on the first day of the month coinciding with or next following the date that the eligibility requirements are met.

Plan participants are eligible for employer matching contributions after completing 1,000 hours and one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Wells Fargo Bank, N.A. functions as custodian and investment manager. Investment management fees and custodian fees are paid by the Plan in accordance with the plan agreement.

Contributions - Eligible employees may elect to make 401(k) deferral contributions up to 50 percent of their total earnings. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. All deferral contributions are made out of pretax earnings through salary reductions and are subject to certain Internal Revenue Service (IRS) limitations.

Participants may also make rollover contributions, which represent amounts distributed from other qualified defined benefit or defined contribution plans.

Note 1 - Plan Description (Continued)

For each eligible participant, the Company may make a discretionary matching contribution as defined by the plan document and applicable collective bargaining agreement. Employees in the Press Union and the Cutting Unions receive a 2 percent fixed contribution of employees' straight-time wages. In addition, the employer shall make a matching contribution equal to one-half the amount contributed to the 401(k) plan by the employee, provided that the amount of such matching contributions shall not exceed 1 percent of the straight-time wages earned by the employee. "Straight-time" wages include all monies earned by an employee under the CBA exclusive of overtime earnings. Employees in the FDC Union receive a 50 percent match up to 6 percent of eligible compensation. Employees in the former RenMark Union receive a 100 percent match up to 6 percent of eligible compensation.

Vesting - Participants are immediately vested in all contributions plus actual earnings thereon.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50 percent of their account balances, not to exceed $50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest are paid ratably through periodic payroll deductions.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Upon termination of service due to death, disability, and retirement, a participant can request a withdrawal of the vested portion of the amount credited to his or her account. Vested benefits may be distributed in a lump-sum payment or in substantially equal installments. The Plan also allows for age 59½ in-service withdrawals.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Wells Fargo Bank, N.A. or its affiliates. Wells Fargo Bank, N.A. is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Additionally, certain administrative expenses of the Plan are paid by the Company which qualify as party-in-interest transactions.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 6, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* and 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Wells Fargo Bank, N.A. (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level 1
Mutual funds	$ 1,503,508	$ 1,503,508
Investments measured at NAV - Common collective trust fund	1,889,548	
Total investments at fair value	$ 3,393,056	

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1
Mutual funds	$ 3,451,418	$ 3,451,418
Investments measured at NAV - Common collective trust fund	2,569,506	
Total investments at fair value	$ 6,020,924	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. During the year ended December 31, 2016, there were no transfers between levels of the fair value hierarchy.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 - Transfers Out

Effective February 2, 2016, approximately $2.4 million was transferred to Fort Dearborn Company 401(k) Profit Sharing Plan as a result of a group of union participants becoming nonunion participants. Accordingly, these assets, participants, and their related account balances were transferred to Fort Dearborn Company 401(k) Profit Sharing Plan effective February 2, 2016.

Note 7 - Subsequent Events

Subsequent to year end, certain participants and related participant account balances totaling approximately $3.3 million was transferred to the Plan from St. Louis Lithographing 505 Plan, which is sponsored by the Company.

Note 1 - Plan Description

The following description of Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees is a 401(k) savings plan covering all eligible employees of Fort Dearborn Company (the "Company").

All employees subject to collective bargaining, except for members of certain excluded collective bargaining groups, are eligible to participate in the Plan once the employee has worked one or more hours and has attained the age of 21. Employees can enroll in the Plan on the first day of the month coinciding with or next following the date that the eligibility requirements are met.

Plan participants are eligible for employer matching contributions after completing 1,000 hours and one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Wells Fargo Bank, N.A. functions as custodian and investment manager. Investment management fees and custodian fees are paid by the Plan in accordance with the plan agreement.

Contributions - Eligible employees may elect to make 401(k) deferral contributions up to 50 percent of their total earnings. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. All deferral contributions are made out of pretax earnings through salary reductions and are subject to certain Internal Revenue Service (IRS) limitations.

Participants may also make rollover contributions, which represent amounts distributed from other qualified defined benefit or defined contribution plans.

Note 1 - Plan Description (Continued)

For each eligible participant, the Company may make a discretionary matching contribution as defined by the plan document and applicable collective bargaining agreement. Employees in the Press Union and the Cutting Unions receive a 2 percent fixed contribution of employees' straight-time wages. In addition, the employer shall make a matching contribution equal to one-half the amount contributed to the 401(k) plan by the employee, provided that the amount of such matching contributions shall not exceed 1 percent of the straight-time wages earned by the employee. "Straight-time" wages include all monies earned by an employee under the CBA exclusive of overtime earnings. Employees in the FDC Union receive a 50 percent match up to 6 percent of eligible compensation. Employees in the former RenMark Union receive a 100 percent match up to 6 percent of eligible compensation.

Vesting - Participants are immediately vested in all contributions plus actual earnings thereon.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50 percent of their account balances, not to exceed $50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest are paid ratably through periodic payroll deductions.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Upon termination of service due to death, disability, and retirement, a participant can request a withdrawal of the vested portion of the amount credited to his or her account. Vested benefits may be distributed in a lump-sum payment or in substantially equal installments. The Plan also allows for age 59½ in-service withdrawals.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Wells Fargo Bank, N.A. or its affiliates. Wells Fargo Bank, N.A. is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Additionally, certain administrative expenses of the Plan are paid by the Company which qualify as party-in-interest transactions.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 6, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* and 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Wells Fargo Bank, N.A. (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level 1
Mutual funds	$ 1,503,508	$ 1,503,508
Investments measured at NAV - Common collective trust fund	1,889,548	
Total investments at fair value	$ 3,393,056	

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1
Mutual funds	$ 3,451,418	$ 3,451,418
Investments measured at NAV - Common collective trust fund	2,569,506	
Total investments at fair value	$ 6,020,924	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. During the year ended December 31, 2016, there were no transfers between levels of the fair value hierarchy.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 - Transfers Out

Effective February 2, 2016, approximately $2.4 million was transferred to Fort Dearborn Company 401(k) Profit Sharing Plan as a result of a group of union participants becoming nonunion participants. Accordingly, these assets, participants, and their related account balances were transferred to Fort Dearborn Company 401(k) Profit Sharing Plan effective February 2, 2016.

Note 7 - Subsequent Events

Subsequent to year end, certain participants and related participant account balances totaling approximately $3.3 million was transferred to the Plan from St. Louis Lithographing 505 Plan, which is sponsored by the Company.

Note 1 - Plan Description

The following description of Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Fort Dearborn Company 401(k) Plan for Collectively Bargained Employees is a 401(k) savings plan covering all eligible employees of Fort Dearborn Company (the "Company").

All employees subject to collective bargaining, except for members of certain excluded collective bargaining groups, are eligible to participate in the Plan once the employee has worked one or more hours and has attained the age of 21. Employees can enroll in the Plan on the first day of the month coinciding with or next following the date that the eligibility requirements are met.

Plan participants are eligible for employer matching contributions after completing 1,000 hours and one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Wells Fargo Bank, N.A. functions as custodian and investment manager. Investment management fees and custodian fees are paid by the Plan in accordance with the plan agreement.

Contributions - Eligible employees may elect to make 401(k) deferral contributions up to 50 percent of their total earnings. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. All deferral contributions are made out of pretax earnings through salary reductions and are subject to certain Internal Revenue Service (IRS) limitations.

Participants may also make rollover contributions, which represent amounts distributed from other qualified defined benefit or defined contribution plans.

Note 1 - Plan Description (Continued)

For each eligible participant, the Company may make a discretionary matching contribution as defined by the plan document and applicable collective bargaining agreement. Employees in the Press Union and the Cutting Unions receive a 2 percent fixed contribution of employees' straight-time wages. In addition, the employer shall make a matching contribution equal to one-half the amount contributed to the 401(k) plan by the employee, provided that the amount of such matching contributions shall not exceed 1 percent of the straight-time wages earned by the employee. "Straight-time" wages include all monies earned by an employee under the CBA exclusive of overtime earnings. Employees in the FDC Union receive a 50 percent match up to 6 percent of eligible compensation. Employees in the former RenMark Union receive a 100 percent match up to 6 percent of eligible compensation.

Vesting - Participants are immediately vested in all contributions plus actual earnings thereon.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50 percent of their account balances, not to exceed $50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Principal and interest are paid ratably through periodic payroll deductions.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments - Upon termination of service due to death, disability, and retirement, a participant can request a withdrawal of the vested portion of the amount credited to his or her account. Vested benefits may be distributed in a lump-sum payment or in substantially equal installments. The Plan also allows for age 59½ in-service withdrawals.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Wells Fargo Bank, N.A. or its affiliates. Wells Fargo Bank, N.A. is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Additionally, certain administrative expenses of the Plan are paid by the Company which qualify as party-in-interest transactions.

Note 1 - Plan Description (Continued)

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 6, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncements - During 2016, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* and 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Wells Fargo Bank, N.A. (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2016

	Investments (at Fair Value)	Level 1
Mutual funds	$ 1,503,508	$ 1,503,508
Investments measured at NAV - Common collective trust fund	1,889,548	
Total investments at fair value	$ 3,393,056	

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1
Mutual funds	$ 3,451,418	$ 3,451,418
Investments measured at NAV - Common collective trust fund	2,569,506	
Total investments at fair value	$ 6,020,924	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. During the year ended December 31, 2016, there were no transfers between levels of the fair value hierarchy.

Note 5 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 - Transfers Out

Effective February 2, 2016, approximately $2.4 million was transferred to Fort Dearborn Company 401(k) Profit Sharing Plan as a result of a group of union participants becoming nonunion participants. Accordingly, these assets, participants, and their related account balances were transferred to Fort Dearborn Company 401(k) Profit Sharing Plan effective February 2, 2016.

Note 7 - Subsequent Events

Subsequent to year end, certain participants and related participant account balances totaling approximately $3.3 million was transferred to the Plan from St. Louis Lithographing 505 Plan, which is sponsored by the Company.
