**NOTE 1: DESCRIPTION OF PLAN**

The following description of Leidos Cyber, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined-contribution plan established on January 1, 1997 to provide retirement and other related benefits to all employees of Leidos Cyber, Inc. (the "Company") upon date of hire, excluding employees covered by a collective bargaining agreement, employees who are nonresident aliens and who do not receive any U.S. source income, and leased employees. There is no age or service requirement for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On April 1, 2015, the Plan Sponsor changed its name from Industrial Defender, Inc. to Lockheed Martin Industrial Defender, Inc. The Plan name was formally changed to Lockheed Martin Industrial Defender, Inc. 401(k) Plan through an amendment effective April 1, 2015. Effective August 18, 2016, the Company was acquired by Leidos Cyber, Inc. Additionally, the Plan name was changed to Leidos Cyber, Inc. 401(k) Plan.

**Contributions:** Each year, participants may make contributions up to the regulatory limitations, as defined in the Plan document. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. With the consent of the Plan Administrator, participants may deposit amounts from another retirement plan which satisfy the tax rules for rollovers. Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which can be included in the participant's gross income. Effective January 1, 2016, the Plan was amended and discontinued automatic enrollment.

The Company makes a matching contribution equal to 50% of the participant's deferrals up to 8%. Participants will be immediately vested in the amount of the match and its earnings.

The Company may make a qualified non-elective contribution, which may be used to help the Plan pass certain tests required by law. Participants are 100% vested in the contributions when made and may be subject to certain withdrawal restrictions. For plan year ended December 31, 2016, the Company made no such contributions.

Contributions are subject to certain limitations and cannot exceed the maximum dollar amount allowable by the Internal Revenue Code.

**Participant Accounts:** Each participant's account is credited with the participant's contribution, the Company's contribution, and allocations of Plan earnings (losses). Allocations of earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Investment Options:** Participants direct the investment of contributions into various investment options offered by the Plan.

**NOTE 1: DESCRIPTION OF PLAN (CONTINUED)**

**Notes Receivable from Participants:** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balances in the participants' accounts and bear interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances which currently range from 5.25% to 5.75% at December 31, 2016. Principal and interest are paid ratably usually through monthly payroll deductions but must be paid on at least a quarterly basis.

**Payment of Benefits:** The Plan allows for total or partial distributions due to death, disability, retirement or upon attaining the age of 59½. Participants may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account, or periodic installment distributions. The Plan allows for hardship withdrawals to satisfy an immediate and heavy financial need. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below $1,000.

**Calculation of Vested Benefits:** Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

**NOTE 2: SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements and supplemental schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

**Investment Valuation and Income Recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Administrative Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Payment of Benefits:** Benefits are recorded when paid.

**Notes Receivable from Participants:** Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

**Uncertain Tax Positions:** Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

**NOTE 3: FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)**

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2016 and 2015.

*Pooled separate accounts*: Valued at the unit value based on the net asset value (NAV) of the underlying mutual fund at year end. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined that the fund will sell the investment for an amount different from the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2016 | 2015 |
|---|---|---|
| Investments measured at net asset value (a) | **$12,424,143** | $ 7,012,771 |
| Total investments at fair value | **$12,424,143** | $ 7,012,771 |

(a) In accordance with Subtopic 820-10, the pooled separated accounts investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presenting in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

**NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)**

**Fair Value of Investments in Entities that Use Net Asset Value**

The following table summarizes investments measured at fair value based on net asset value per share as of December 31:

| | 2016 | | | | |
|---|---|---|---|---|---|
| Investment | Fair Value | Unfunded Commitments | Redemption Frequency | Other Redemption Restrictions | Redemption Notice Period |
| Pooled separate accounts: | **$ 12,424,143** | **None** | **Daily** | **None** | **Daily** |

| | 2015 | | | | |
|---|---|---|---|---|---|
| Investment | Fair Value | Unfunded Commitments | Redemption Frequency | Other Redemption Restrictions | Redemption Notice Period |
| Pooled separate accounts: | $ 7,012,771 | None | Daily | None | Daily |

**NOTE 4: PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE 5: RELATED PARTY TRANSACTIONS**

The Plan's investments are held primarily in pooled separate investment accounts offered by John Hancock Life Insurance Company and the Plan pays certain related fees. Since John Hancock Life Insurance Company is the Plan's trustee, these are considered to be exempt party-in-interest transactions.

**NOTE 6: TAX STATUS**

The Plan has adopted a prototype plan which received a letter dated March 31, 2014, stating that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter and the Plan Administrator believes the Plan is still being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

During the plan year ended December 31, 2016, the Plan Administrator identified an operational deficiency in which participants were not properly notified of the discontinuance of automatic enrollment into the Plan. Management of the Plan has taken corrective actions to ensure compliance and filed an application under the Voluntary Correction Program (VCP) with the IRS with the proposed correction of this matter. If accepted, the Company estimates a contribution of approximately $57,000 will be made to the impacted participants. Due to the uncertainty of this filing being accepted, no receivable has been recorded as of December 31, 2016. While the ultimate outcome of the submission is not yet determinable, the Plan Administrator and counsel for the Plan believe this deficiency and VCP application will not impact the tax qualification of the Plan and the Plan continues to maintain tax qualified status under the applicable sections of the IRC.

**NOTE 7: CERTIFICATION OF TRUSTEE**

In accordance with Department of Labor Regulations, various information presented herein, was prepared from statements certified as being complete and accurate by Plan's trustee. All information in the statements of net assets available for benefits, statement of changes in net assets available for benefits and schedule of assets (held at end of year) was derived from statements certified by the Plan's trustee.

**NOTE 8: RISKS AND UNCERTAINTIES**

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 9: SUBSEQUENT EVENTS**

The date to which events occurring after December 31, 2016, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is October 12, 2017, which is the date the financial statements were available to be issued.
