Participants over the age of 21 who are not regularly scheduled to work 32 hours per week are eligible to make deferral contributions the first of the month following 30 days after completion of 1,000 hours of service. All employees are eligible to participate in employer discretionary matching contributions after the later of reaching 1,000 hours of service or the date the employee is eligible to make deferral contributions. Those participants meeting the eligibility requirements but not actively contributing to the Plan are eligible to make deferral contributions as soon as administratively feasible after making a deferral election.

Jarden Corporation (Company), the parent company of Yankee, is responsible for the administration of the Plan. Effective April 16, 2016, Jarden Corporation was acquired by Newell Rubbermaid. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Wells Fargo Bank, N.A. serves as the trustee of the Plan.

Contributions

The Plan permits eligible employees through a compensation deferral election to make annual contributions of 1% to 75% of eligible compensation. Employee rollover and catch-up contributions are also permitted. Contributions are subject to certain limitations.

The Plan provides for a discretionary employer contribution as determined by the Plan Sponsor. No discretionary profit-sharing contribution was made during 2016 or 2015.

During 2015, the Plan included a fixed employer match of 50% of the first 3% and 25% of the next 2% of eligible compensation for eligible employees. During 2016, the Plan included a fixed employer match of 50% of the first 4% and 12.5% of the next 4% of eligible compensation for eligible employees.

The Plan includes an automatic deferral feature whereby new participants are treated as electing to defer 2% of eligible compensation unless the participant makes an affirmative election otherwise.

Administration

The Company delegates the day-to-day administration of the Plan to an administrative committee appointed by the Board of Directors.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their employee and employer contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the employer's contribution, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. The vesting in Yankee's discretionary contributions prior to January 1, 2015, was based on years of continuous service. A participant was 100% vested after five years of credited service. A participant must have had 1,000 hours of service in a plan year to receive vesting for that year. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce employer contributions or to pay Plan expenses.

The participants are immediately vested in the Company's discretionary contributions made on and after January 1, 2015. The prior vesting conditions remain in place for Yankee's discretionary contributions made prior to January 1, 2015.

Forfeited nonvested accounts totaled \$182,076 and \$139,938 at December 31, 2016 and 2015, respectively.

Payment of Benefits

A participant or his beneficiary may only elect to receive a lump-sum amount equal to the vested value of the participant's account upon the participants' death, disability or termination of service. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the vested portion of their account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a primary residence) through payroll withholdings or periodic payments. Loans originated prior to 2015 bear fixed interest at the prime interest rate. Loans originated after January 1, 2015, bear a fixed interest rate of 1% above the prime interest rate as promulgated by Wells Fargo Bank, N.A.

Notes receivable from participants are reported at the amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Effective January 1, 2017, balances and future contributions of certain non-retail Yankee employees were transferred out of the Plan and into the Jarden Corporation Savings and Retirement Plan. The amount of the transfer was approximately \$71,800,000.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are valued at quoted market price or prices established by local security brokers. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interests in the common collective trust funds are valued at NAV using the practical expedient. The collective investment fund invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages. The funds may invest in securities, guaranteed investment contracts, a combination of other collective funds, or swap and option contracts. The net asset value of the fund is determined by utilizing the values of the underlying assets. The fund can be redeemed daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Wells Fargo Bank, N.A. The IRS has determined and informed the Company by a letter dated June 25, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 4: Change in Accounting Principle

In 2016, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. The changes were applied retrospectively for all periods presented. The guidance also clarifies that indirect investments in fully benefit-responsive investment contracts (FBRICs) should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's implementation of ASU 2015-12, the statement of net assets available for benefits for all periods presented no longer reflect the common collective trust fund as a FBRIC and as such the investment is now measured at fair value without an adjustment to contract value.

In 2016, the Plan changed its method of accounting for investments valued at net asset value per share (NAV) by adopting provisions of ASU 2015-07, *Fair Value Measurement: Disclosures for Investment in Certain Entities that Calculate Net Asset Value per Share*. The accounting policy change provided for in ASU 2015-07 eliminates the requirement that investments valued using the NAV practical expedient be categorized within the fair value hierarchy. However, these investments are included in the description and total fair value columns of the table so the basic financial statements and the table reconcile. This change was applied retrospectively.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

2016				
Fair Value Measurements Using				
Fair Value	Quoted Prices

Mutual funds	\$ 95,390,258	\$ 95,390,258	\$ -	\$ -
Total assets in the fair value hierarchy	95,390,258	\$ 95,390,258	\$ -	\$ -
Investments measured at net asset value (A)	8,268,498			
Investments at fair value	\$ 103,658,756			

2015				
Fair Value Measurements Using				
Fair Value	Quoted Prices			
	in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 87,029,715	\$ 87,029,715	\$ -	\$ -
Total assets in the fair value hierarchy	87,029,715	\$ 87,029,715	\$ -	\$ -
Investments measured at net asset value (A)	7,614,480			
Investments at fair value	\$ 94,644,195			

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments during 2016 or 2015.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		December 31, 2016

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. The Plan paid \$159,743 and \$162,081 of recordkeeping fees to the trustee during 2016 and 2015. Other professional service expenses paid to parties-in-interest aggregated to \$36,993 and \$17,608 for 2016 and 2015. The Company provides certain administrative services at no cost to the Plan.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	2016	2015

Notes to Financial Statements

December 31, 2016 and 2015

The following is a reconciliation of distributions per the financial statements for the years ended December 31, 2016 and 2015, to Form 5500:

	2016	2015
Distributions per the financial statements	\$ 6,149,456	\$ 3,997,084
Add: Deemed distribution of participant loans	62,278	60,059
Less: Prior year deemed distribution of participant loans	<u>(60,059)</u>	<u>(11,725)</u>
Total of benefit payments, corrective distributions and deemed distributions per Form 5500	<u>\$ 6,151,675</u>	<u>\$ 4,045,418</u>

The above reconciling items result from the Plan's financial statements being prepared on the accrual basis of accounting while the Form 5500 is prepared on the modified cash basis of accounting. Certain amounts recorded on Form 5500 are classified differently than the accompanying financial statements; however, these are not significant amounts.

Note 8: Significant Estimates and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of the Jarden Standard 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering employees of The Yankee Candle Company, Inc., Yankee Candle Restaurant Corp. and Yankee Candle Brand Management, Inc. (collectively referred to as Yankee) over the age of 21 who meet the eligibility requirements. Participants who are regularly scheduled to work 32 hours per week are eligible to make deferral contributions the first of the month following 30 days after hire with Yankee. Participants over the age of 21 who are not regularly scheduled to work 32 hours per week are eligible to make deferral contributions the first of the month following 30 days after completion of 1,000 hours of service. All employees are eligible to participate in employer discretionary matching contributions after the later of reaching 1,000 hours of service or the date the employee is eligible to make deferral contributions. Those participants meeting the eligibility requirements but not actively contributing to the Plan are eligible to make deferral contributions as soon as administratively feasible after making a deferral election.

Jarden Corporation (Company), the parent company of Yankee, is responsible for the administration of the Plan. Effective April 16, 2016, Jarden Corporation was acquired by Newell Rubbermaid. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Wells Fargo Bank, N.A. serves as the trustee of the Plan.

Contributions

The Plan permits eligible employees through a compensation deferral election to make annual contributions of 1% to 75% of eligible compensation. Employee rollover and catch-up contributions are also permitted. Contributions are subject to certain limitations.

The Plan provides for a discretionary employer contribution as determined by the Plan Sponsor. No discretionary profit-sharing contribution was made during 2016 or 2015.

During 2015, the Plan included a fixed employer match of 50% of the first 3% and 25% of the next 2% of eligible compensation for eligible employees. During 2016, the Plan included a fixed employer match of 50% of the first 4% and 12.5% of the next 4% of eligible compensation for eligible employees.

The Plan includes an automatic deferral feature whereby new participants are treated as electing to defer 2% of eligible compensation unless the participant makes an affirmative election otherwise.

Administration

The Company delegates the day-to-day administration of the Plan to an administrative committee appointed by the Board of Directors.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their employee and employer contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the employer's contribution, Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. The vesting in Yankee's discretionary contributions prior to January 1, 2015, was based on years of continuous service. A participant was 100% vested after five years of credited service. A participant must have had 1,000 hours of service in a plan year to receive vesting for that year. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce employer contributions or to pay Plan expenses.

The participants are immediately vested in the Company's discretionary contributions made on and after January 1, 2015. The prior vesting conditions remain in place for Yankee's discretionary contributions made prior to January 1, 2015.

Forfeited nonvested accounts totaled \$182,076 and \$139,938 at December 31, 2016 and 2015, respectively.

Payment of Benefits

A participant or his beneficiary may only elect to receive a lump-sum amount equal to the vested value of the participant's account upon the participants' death, disability or termination of service. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the vested portion of their account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a primary residence) through payroll withholdings or periodic payments. Loans originated prior to 2015 bear fixed interest at the prime interest rate. Loans originated after January 1, 2015, bear a fixed interest rate of 1% above the prime interest rate as promulgated by Wells Fargo Bank, N.A.

Notes receivable from participants are reported at the amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Effective January 1, 2017, balances and future contributions of certain non-retail Yankee employees were transferred out of the Plan and into the Jarden Corporation Savings and Retirement Plan. The amount of the transfer was approximately \$71,800,000.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are valued at quoted market price or prices established by local security brokers. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interests in the common collective trust funds are valued at NAV using the practical expedient. The collective investment fund invests in investments that pursue multiple strategies to exceed the performance of certain industrial averages. The funds may invest in securities, guaranteed investment contracts, a combination of other collective funds, or swap and option contracts. The net asset value of the fund is determined by utilizing the values of the underlying assets. The fund can be redeemed daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Wells Fargo Bank, N.A. The IRS has determined and informed the Company by a letter dated June 25, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Change in Accounting Principle

In 2016, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. The changes were applied retrospectively for all periods presented. The guidance also clarifies that indirect investments in fully benefit-responsive investment contracts (FBRICs) should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's implementation of ASU 2015-12, the statement of net assets available for benefits for all periods presented no longer reflect the common collective trust fund as a FBRIC and as such the investment is now measured at fair value without an adjustment to contract value.

In 2016, the Plan changed its method of accounting for investments valued at net asset value per share (NAV) by adopting provisions of ASU 2015-07, *Fair Value Measurement: Disclosures for Investment in Certain Entities that Calculate Net Asset Value per Share*. The accounting policy change provided for in ASU 2015-07 eliminates the requirement that investments valued using the NAV practical expedient be categorized within the fair value hierarchy. However, these investments are included in the description and total fair value columns of the table so the basic financial statements and the table reconcile. This change was applied retrospectively.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

2016				
Fair Value Measurements Using				
Fair Value	Quoted Prices			
	in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 95,390,258	\$ 95,390,258	\$ -	\$ -
Total assets in the fair value hierarchy	95,390,258	\$ 95,390,258	\$ -	\$ -
Investments measured at net asset value (A)	8,268,498			
Investments at fair value	\$ 103,658,756			

2015				
Fair Value Measurements Using				
Fair Value	Quoted Prices			
	in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Mutual funds	\$ 87,029,715	\$ 87,029,715	\$ -	\$ -
Total assets in the fair value hierarchy	87,029,715	\$ 87,029,715	\$ -	\$ -
Investments measured at net asset value (A)	7,614,480			
Investments at fair value	\$ 94,644,195			

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Jarden Standard 401(k) Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 investments during 2016 or 2015.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		December 31, 2016			
		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Fund	\$	8,268,498	n/a	Daily	n/a

		December 31, 2015

Notes to Financial Statements

December 31, 2016 and 2015

The following is a reconciliation of distributions per the financial statements for the years ended December 31, 2016 and 2015, to Form 5500:

	2016	2015
Distributions per the financial statements	\$ 6,149,456	\$ 3,997,084
Add: Deemed distribution of participant loans	62,278	60,059

Total of benefit payments, corrective distributions and deemed distributions per Form 5500	<u>\$ 6,151,675</u>	<u>\$ 4,045,418</u>

The above reconciling items result from the Plan's financial statements being prepared on the accrual basis of accounting while the Form 5500 is prepared on the modified cash basis of accounting. Certain amounts recorded on Form 5500 are classified differently than the accompanying financial statements; however, these are not significant amounts.

Note 8: Significant Estimates and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
