Report on the Financial Statements

We were engaged to audit the accompanying financial statements of RMI International Inc.'s 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by the Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

NOTE 1

DESCRIPTION OF THE PLAN

The following summary description of the RMI International Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution qualified discretionary plan with a cash or deferred arrangement feature under Section 401(k) of the Internal Revenue Code, for the benefit of eligible employees of RMI International Inc. The Plan is sponsored by RMI International Inc (the "Employer") and became effective on January 1, 2014. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility:

In order to be eligible for salary deferral and Employer matching contributions, the participant must have attained age 21, and completed one (1) year of Service. This requirement is not satisfied until the last day of the 12-month period.

Once this requirement is met, a participant will enter the Plan on January 1st or July 1st, coincident with or next following satisfaction of the eligibility requirements.

Participant contributions:

A participant's total contribution for any one calendar year is limited to the maximum annual contribution allowable pursuant to the requirements of section 401(k) of the Internal Revenue Code. The maximum annual contribution limit is $18,000 for 2016 and 2015.

Catch-up contributions:

All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of a Plan Year shall be eligible to make catch-up contributions of up to an additional $6,000 from that period forward in 2016 and 2015. Catch-up contributions can occur under three different circumstances as described in the Plan agreement.

Participant accounts:

Each participant's account is credited with the participant's contribution, and allocations of the Employer contributions and administrative expenses. In addition, each participant's account is valued as of each daily valuation date with earnings and losses allocated on the basis of the ratio that a participant's account balance as of the prior valuation date bears to the total account balances of all participants in the same investment, plus any adjustments for transactions since the last valuation date. Each participant is then credited with that percentage of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If a participant receives a distribution from the Plan as of any date other than a valuation date, the value of the participant's account will be the value as of the prior valuation date.

Employer contributions:

Matching

Participants are eligible to receive an allocation of Employer matching contributions as long as the participant completed 1,000 hours of service and as long as the participant was employed the last day of the Plan year. The amount of match depends on the respective participant's 401(k) contribution. Each year the Employer may provide a matching contribution at its discretion that will be allocated to each

participant's account in proportion to each respective participant's contribution to the total participants' contributions made during the year at the determined discretionary percentage. There were no Employer matching contributions for the year ended December 31, 2016 and 2015.

Discretionary

The Employer may make discretionary profit sharing contributions as determined by the Employer. These discretionary contributions are allocated based on the participant's compensation to total compensation of all participants eligible to share. Participants are eligible to receive an allocation of Employer discretionary contributions if they have completed 1,000 hours of service and if they are employed on the last day of the Plan Year. There were no discretionary contributions for the year ended December 31, 2016 and 2015.

Vesting:

Participants are immediately vested in their elective contributions, as adjusted for actual earnings or losses thereon. Participants become vested in the Employer's discretionary and matching contributions commencing on the participant's date of hire according to the following schedule:

YEARS OF SERVICE	PERCENT VESTED
less than 2 years	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants are considered fully vested upon attainment of retirement age, retirement due to disability, death, and upon termination of the Plan.

Notes receivable from participants:

The Plan does not extend loans to its participants.

Benefit payments:

Vested benefits are payable to participants upon death, disability, severance from employment or reasons of proven financial hardship as defined in the Plan agreement. Benefits are recorded when paid. Benefit payments are made in the form of a lump-sum distribution unless a participant chooses to defer receipt of his/her distribution.

Forfeitures:

If a participant terminates service with the Employer, and the participant receives a distribution of the entire vested portion of his/her account balance, the non-vested portion shall be forfeited. If the value of a participant's vested account balance is zero, the participant shall be deemed to have received a distribution of such vested account balance as of their date of termination. Non-vested portions shall be recognized as forfeitures as of the last day of the Plan Year in which the participant's entire vested interest is distributed. As of each anniversary date, forfeitures that arose during the Plan Year shall be reallocated. Forfeitures attributable to Employer contributions shall first be used to pay any administrative expenses and any remaining forfeitures will be used to reduce any Employer contributions. At December 31, 2016 and 2015, there were no forfeited non-vested accounts.

Plan termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination,

participants will become one hundred percent vested in the Employer matching and discretionary contributions.

NOTE 2

ADOPTION OF NEW ACCOUNTING PRINCIPLE

Effective for the year ended December 31, 2016, the Financial Accounting Standards Board's ("FASB") has issued a couple of Accounting Standards Updates ("ASU") as part of the Accounting Standards Codification ("ASC"). These include ASU No. 2015-12 Part I-III Plan Accounting; Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) and ASU No. 2015-07 Fair Value Measurement (Topic 820). These ASUs eliminate disclosures that were previously required related to both participant-directed investments and nonparticipant-directed investments, require net appreciation and depreciation in investments to be presented in the aggregate and require that investments only be presented based on general type and no longer are required to be presented on a disaggregated basis. As required by the ASUs, the Plan has adopted these provisions retroactively to the comparative 2015 year as well as for the 2016 year.

In addition, ASU 2015-07 permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment.

The Plan did not have investments that would be classified as fully benefit-responsive investment contracts as of December 31, 2015. Therefore, the cumulative impact of the retrospective application of the change in accounting principle from one acceptable method to another resulted in a zero effect in net assets available for benefits as of December 31, 2015.

In 2016, the impact of the retrospective application of the change in accounting principle from one acceptable method to another acceptable method resulted in a zero effect in net assets available for benefits as of December 31, 2016. The contract value and fair value of the investment classified as fully benefit-responsive investment contract is $260 as of December 31, 2016.

NOTE 3

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

In preparing these financial statements, we evaluated the period from December 31, 2016 through October 10, 2017, the date the financial statements were available to be issued for material subsequent events requiring recognition or disclosure in the accompanying financial statements.

Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the related amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are stated at fair value based upon quoted market prices. Shares of

pooled separate accounts are valued at the net asset value of shares held by the Plan at December 31, 2016 and 2015. Any net appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully benefit-responsive investment contracts:

As described by the FASB's guidance on fair value measurements, investment contracts held by a defined-contribution plan are required to be reported at fair value. Contract value is the relevant fair value measurement for the portion of the assets available for benefits of a defined contribution plan attributable to fully benefit – responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fully benefit-responsive investment contracts in the Plan as of December 31, 2016 and 2015, fair value totaled $260 and $0, respectively.

Costs and expenses:

The Plan pays for the contract administration fees which are included in the statement of changes in net assets available for benefits. Other costs and expenses of the Plan are paid by the Plan sponsor.

NOTE 4

INCOME TAX STATUS

The Plan has adopted a form approved by the Internal Revenue Service in its latest determination letter dated March 31, 2014. The plan document was determined to be designed in accordance with the applicable section of the Internal Revenue Code ("IRC"). The Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. There has been no amendment of the Plan documents.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. Management believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

NOTE 5

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6

Total investments	$ 81,880	$ 34,235
Net change in fair value of investments	$ 4,558	$ (698)

NOTE 7

INVESTMENTS

Valuation of investments:

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820 provides a consistent definition of fair value which focuses on an exit price between market participants in an orderly transaction. ASC 820 also prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the transparency of information used in the valuation of an asset or liability as of the measurement date.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments in Level I include listed equities held in the name of the Plan, and exclude listed equities and other securities held indirectly through commingled funds.

Level II – Pricing inputs, including broker exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level III – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

FASB ASC 820, *Fair Value Measurements and Disclosures*, requires disclosure requirements for Levels 1 and 2, and separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures.

There are no investments using fair value hierarchy at December 31, 2016.

Investments measured at net assets value:

Pooled Separate Accounts: The fair value of the mutual fund is a publicly quoted pricing input used in determining the net assets value ("NAV") of the pooled separate account ("PSA") which is not public traded. This PSA met the requirement of ASC 820 that allows the NAV per share to serve as a practical expedient to estimate fair value of a PSA. PSA can be redeemed at NAV as of the measurement date. PSA are credited with income, gains, or losses resulting from the assets allocated to that specific account only.

As of and for the years ended December 31, 2016 and 2015

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participants transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fully benefit-responsive investment: The plan has a benefit-responsive investment contract with Principal Financial Group ("Principal"). Principal maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative fees charged by Principal. The contract is included in the statement of net assets available for benefits at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract plus earnings at the contract rate, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The net rate, crediting rate and average yield earned are the same on the contract. The crediting interest rate is based on agreed upon formula with the issuer, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The average yield and crediting interest rate on the contract was 1.99% and 1.77% at December 31, 2016, respectively.

There were no fully benefit-responsive investment contracts at December 31, 2015.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015:

As of December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Notice Period
Pooled separate accounts	$ 858	n/a	Daily	30 days
Common collective trusts	80,762	n/a	Daily	30 days
Fully benefit-responsive investment contract	260	n/a	Daily	30 days

As of December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Notice Period
Pooled separate accounts	$ 56	n/a	Daily	30 days
Common collective trusts	34,179	n/a	Daily	30 days

During the year ended December 31, 2015, the Pooled separate accounts and common collective trust were reported as a Level II fair value measurement under the fair value hierarchy of investment. These investments used NAV as fair value measurement for the years ended December 31, 2016 and 2015.

ASU 2015-07 permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment. As these investments are using NAV, ASU 2015-07 no longer is required to determine the fair value hierarchy of investments using NAV.

As of and for the years ended December 31, 2016 and 2015

NOTE 8

RELATED PARTY TRANSACTIONS

Certain investments held by the Plan are issued and managed by Principal Life Insurance Company, the custodian, or its affiliates. Transactions related to these investments qualify as party-in-interest transactions; however, they are exempt from the prohibitions under ERISA.

NOTE 9

LATE REMITTANCE

The Plan was subject to one instance of late remittance of its employees' contributions to the Plan in 2016. The Plan has or intends to remit lost earnings for the 2016 late remittances in accordance with DOL regulations.
