NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the San Joaquin Refining Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time non-excluded employees who are at least 21 years of age and have completed three months of service with San Joaquin Refining Company (the Company). Part-time/temporary/seasonal employees whose regularly scheduled service is less than 1,000 hours are not eligible. The following classifications of employees are not eligible for the specified contributions: non-union employees are not eligible for the fixed non-elective contribution; union employees are not eligible for the discretionary non-elective contribution. The Plan accepts rollover contributions. The Plan permits participant direction of investments.

Contributions

Participants may contribute to the Plan on a tax deferred basis up to the maximum allowed by Federal and State laws. The Company may, at its sole discretion, match such contributions in an amount determined by the Company. The Company may contribute a discretionary amount to be allocated to each participant's account using the nonintegrated (pro rata) allocation formula. The Company may also contribute a fixed amount specified in the collective bargaining agreement to the participant's account. The current formula for employer contribution is equal to $1.65 for each hour worked, excluding bonuses, over- time and sick time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with an allocation of any administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. A participant is immediately 100% vested in employer elective, non-elective and discretionary non-elective contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Prior to separation from service, participants may elect to receive all or a portion of their vested account balance attributable to voluntary contributions, qualified non-elective contributions, qualified matching and safe harbor contributions, or regular matching contributions if, 1) the participant has incurred a hardship; 2) the participant has attained age 59 1/2; or 3) the participant has incurred a disability. A participant may withdraw amounts from their accounts for rollover contributions at any time.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are comprised of loan amounts the participant has borrowed. Participants may borrow up to one-half of their vested account balance with a minimum loan amount of $1,000 and a maximum of $50,000. Loans outstanding are collateralized by the related balance in the participant's account and bear interest ranging from 4.25%-9.25%. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Participants may only have two loans outstanding at any time.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $773 and $0, respectively. These amounts will be allocated against future employer contributions per plan provisions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Options

Upon enrollment into the Plan, a participant may direct contributions to any thirty-four investment options.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management Review

Subsequent events were evaluated through October 12, 2017, which is the date the financial statements were available to be issued.

NOTE 3 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress for any tax periods in progress.

NOTE 4 –FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted market prices.

Level 2 Fair Value Measurements

The fair values of certain investment contracts are based on observable inputs other than the quoted prices included in Level 1. Thus the fair value of the investment contracts are based on yields for securities of comparable maturity, quality and type.

Level 3 Fair Value Measurements

The fair values of investments which are not actively traded and significant other observable inputs are not available.

NOTE 4 –FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Fair Value at December 31, 2016 Using		
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 5 - CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wells Fargo Bank and Voya Retirement Insurance and Annuity Company, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules.

The difference between the information summarized below and that included in the accompanying financial statements is attributable to accruals made for the purpose of conforming the financial information certified by the trustee to the accrual basis of accounting.

Net Assets Available for Plan Benefits

	December 31, 2016	December 31, 2015
Investments	$ 19,041,423	$ 17,530,141

Changes in Net Assets Available for Plan Benefits

	December 31, 2016
Earnings on investments	$ 1,288,741

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investment securities are managed by Wells Fargo Bank and Voya Retirement and Annuity Company. Wells Fargo and Voya are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, these related party transactions are exempt pursuant to ERISA Section 408(b)(8).

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in accordance with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated amount the participants and their beneficiaries, after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2016	December 31, 2015
Net assets available for benefits per the financial statements	$ 20,192,667	$ 18,743,050

The following is a reconciliation of decrease in net assets per the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase in net assets per the financial statements	$ 1,449,617
Change in deemed distributions of participant loans	15,103
Net loss per the Form 5500	$ 1,464,720

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.
