INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000 to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") is the trustee and recordkeeper of the Plan.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) ($18,000 in both 2016 and 2015) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during 2016 and 2015 cannot exceed $6,000 per year. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral % or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company may make a discretionary matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed $2,200 per year. For the years ended December 31, 2016 and 2015, the Company made matching contributions of $1,172,583 and $1,260,561, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2016 and 2015, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

Years of Service	Vested Percentage
1 or less	0%
2	50%
3 or more	100%

1. Description of Plan, continued

Vesting, continued

For participants employed by the Company and covered under DSI Transport, Inc. Saving Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	33-1/3%
3	66-1/3%
4 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance with the preceding twelve months or 50% of their vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. The loans are secured by the balance in the participant's account and bear interest at the treasury rate (0.75% and 0.50% at December 31, 2016 and 2015, respectively) that corresponds with the loan term per the Plan document plus 4%. Interest rates on all outstanding loans ranged from 4.25% to 5.27% in the years ended December 31, 2016 and ranged from 4.25% to 6.57% in the years ended December 31, 2015.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than $5,000.

Forfeiture of Company Matching Contributions

On termination of service due to death, disability, retirement, or termination or service for other reasons, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2016 and 2015, the Plan used $151,023 and $185,309, respectively, to reduce employer matching contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled $107 and $9,027, respectively.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. During the years ended December 31, 2016 and 2015, the Company paid $18,245 and $16,349, respectively, in administrative expenses on behalf of the Plan. Fees related to the administration for participant notes receivable are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation of fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Valuation

Investments are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in the common collective trust, a group annuity contract, is valued based on information reported by the issuer and is carried at contract value which approximates fair value. In the Statement of Changes in Net Assets Available for Plan Benefits, the net appreciation in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015 as Plan management determined the notes receivable had adequate collateral. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management elected to early adopt ASU No. 2015-07 during the 2015 Plan year. The adoption of ASU No. 2015-07 in 2015 did not have a significant impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - *Fully Benefit-Responsive Investment Contracts*: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, *Part I* clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - *Plan Investment Disclosures*: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - *Measurement Date Practical Expedient*: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2016. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management elected to early adopt the provisions in this pronouncement in 2015 and have included their effects, as applicable, in the financial statements and footnotes, herein.

3. Fair Value Measurements

The Plan follows ASC Topic 820, Fair Value Measurements and Disclosures. ASC Topic 820 establishes a framework for measuring fair value, which provides a hierarchy that categorizes the inputs to valuation techniques that are used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2016:

	Fair Value Measurement at December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,392,760	$ -	$ -	$ 24,392,760

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2015:

	Fair Value Measurement at December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,785,618	$ -	$ -	$ 24,785,618

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan.

The group annuity contract is fully benefit-responsive, therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Plan. Contract value, which estimates fair value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The concept of a value other than contract value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity spread product. Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The fund is not backed by specific securities but instead backed by PRIAC's general account. As a result of the contract terms, contract value approximates fair value.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 32,163,419	$ 33,215,606
Excess contributions payable	-	48,561
Contributions receivable	(43,281)	(107,124)
Other	1	(2)
Net assets available for benefits per Form 5500	$ 32,120,139	$ 33,157,041

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net (decrease) increase per the financial statements	$ (1,052,187)	$ 347,936
Change in excess contributions payable	(48,561)	18,030
Change in contributions receivable	63,843	9,917
Other	3	(1)
Net (decrease) increase per Form 5500	$ (1,036,902)	$ 375,882

7. Tax Status

The Plan is based on a non-standardized prototype plan. The Plan received an opinion letter from the Internal Revenue Service dated April 29, 2014. The Plan has been amended since the receipt of the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

9. Subsequent Events

Plan management has evaluated all subsequent events through October 13, 2017, which is the date the financial statements were available for issuance, and has concluded that there are no significant events to be reported.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000 to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") is the trustee and recordkeeper of the Plan.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) ($18,000 in both 2016 and 2015) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during 2016 and 2015 cannot exceed $6,000 per year. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral % or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company may make a discretionary matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed $2,200 per year. For the years ended December 31, 2016 and 2015, the Company made matching contributions of $1,172,583 and $1,260,561, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2016 and 2015, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

Years of Service	Vested Percentage
1 or less	0%
2	50%
3 or more	100%

1. Description of Plan, continued

Vesting, continued

For participants employed by the Company and covered under DSI Transport, Inc. Saving Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	33-1/3%
3	66-1/3%
4 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance with the preceding twelve months or 50% of their vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. The loans are secured by the balance in the participant's account and bear interest at the treasury rate (0.75% and 0.50% at December 31, 2016 and 2015, respectively) that corresponds with the loan term per the Plan document plus 4%. Interest rates on all outstanding loans ranged from 4.25% to 5.27% in the years ended December 31, 2016 and ranged from 4.25% to 6.57% in the years ended December 31, 2015.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than $5,000.

Forfeiture of Company Matching Contributions

On termination of service due to death, disability, retirement, or termination or service for other reasons, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2016 and 2015, the Plan used $151,023 and $185,309, respectively, to reduce employer matching contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled $107 and $9,027, respectively.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. During the years ended December 31, 2016 and 2015, the Company paid $18,245 and $16,349, respectively, in administrative expenses on behalf of the Plan. Fees related to the administration for participant notes receivable are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation of fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Valuation

Investments are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in the common collective trust, a group annuity contract, is valued based on information reported by the issuer and is carried at contract value which approximates fair value. In the Statement of Changes in Net Assets Available for Plan Benefits, the net appreciation in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015 as Plan management determined the notes receivable had adequate collateral. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management elected to early adopt ASU No. 2015-07 during the 2015 Plan year. The adoption of ASU No. 2015-07 in 2015 did not have a significant impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - *Fully Benefit-Responsive Investment Contracts*: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, *Part I* clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - *Plan Investment Disclosures*: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - *Measurement Date Practical Expedient*: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2016. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management elected to early adopt the provisions in this pronouncement in 2015 and have included their effects, as applicable, in the financial statements and footnotes, herein.

3. Fair Value Measurements

The Plan follows ASC Topic 820, Fair Value Measurements and Disclosures. ASC Topic 820 establishes a framework for measuring fair value, which provides a hierarchy that categorizes the inputs to valuation techniques that are used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2016:

	Fair Value Measurement at December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,392,760	$ -	$ -	$ 24,392,760

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2015:

	Fair Value Measurement at December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,785,618	$ -	$ -	$ 24,785,618

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan.

The group annuity contract is fully benefit-responsive, therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Plan. Contract value, which estimates fair value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The concept of a value other than contract value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity spread product. Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The fund is not backed by specific securities but instead backed by PRIAC's general account. As a result of the contract terms, contract value approximates fair value.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 32,163,419	$ 33,215,606
Excess contributions payable	-	48,561
Contributions receivable	(43,281)	(107,124)
Other	1	(2)
Net assets available for benefits per Form 5500	$ 32,120,139	$ 33,157,041

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net (decrease) increase per the financial statements	$ (1,052,187)	$ 347,936
Change in excess contributions payable	(48,561)	18,030
Change in contributions receivable	63,843	9,917
Other	3	(1)
Net (decrease) increase per Form 5500	$ (1,036,902)	$ 375,882

7. Tax Status

The Plan is based on a non-standardized prototype plan. The Plan received an opinion letter from the Internal Revenue Service dated April 29, 2014. The Plan has been amended since the receipt of the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

9. Subsequent Events

Plan management has evaluated all subsequent events through October 13, 2017, which is the date the financial statements were available for issuance, and has concluded that there are no significant events to be reported.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Trimac Transportation, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trimac Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TRIMAC TRANSPORTATION, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Trimac Transportation, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 18, 2000 to cover and automatically enroll all eligible employees of the Company who are at least eighteen years of age and who have completed 90 days of service. The Plan, as amended, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Plan is administered by the Company. Prudential Bank & Trust (the "Trustee") is the trustee and recordkeeper of the Plan.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Section 402(g) ($18,000 in both 2016 and 2015) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during 2016 and 2015 cannot exceed $6,000 per year. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision under which the Company is authorized initially to withhold 3% of an eligible participant's compensation upon the participant's entry date into the Plan and then increase the contribution deferral percentage by 1% per year, up to a maximum total deferral percentage of 8%. The participant may select an alternative deferral % or elect not to make deferral contributions to the Plan at any time.

Under the terms of the Plan, the Company may make a discretionary matching contribution. The amount of the matching contribution, if any, will be 50% of the participant's salary deferral contributions up to 8% of the participant's compensation earned during the applicable month, but not to exceed $2,200 per year. For the years ended December 31, 2016 and 2015, the Company made matching contributions of $1,172,583 and $1,260,561, respectively. The Company may also make additional discretionary contributions. For the years ended December 31, 2016 and 2015, the company did not make any additional discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's related contributions and Plan earnings. Income and loss is allocated to the participant's accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund with the Plan. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Individual participants are one hundred percent vested in the portion of their accounts resulting from their elective contributions. For participants, except those covered under the DSI Transport, Inc. Savings Plan described below, the vesting provision for employer matching and discretionary contributions will vest for all participants within the Plan, on a three-year schedule as presented below:

Years of Service	Vested Percentage
1 or less	0%
2	50%
3 or more	100%

1. Description of Plan, continued

Vesting, continued

For participants employed by the Company and covered under DSI Transport, Inc. Saving Plan prior to January 1, 2014 and who had at least three years of service as of December 31, 2003, the Company's matching and discretionary contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	33-1/3%
3	66-1/3%
4 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance with the preceding twelve months or 50% of their vested account balance. Loan terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. The loans are secured by the balance in the participant's account and bear interest at the treasury rate (0.75% and 0.50% at December 31, 2016 and 2015, respectively) that corresponds with the loan term per the Plan document plus 4%. Interest rates on all outstanding loans ranged from 4.25% to 5.27% in the years ended December 31, 2016 and ranged from 4.25% to 6.57% in the years ended December 31, 2015.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59½, or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount, or to have the account balance distributed in installments equal to the value of the participant's vested interest in his or her account. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as a rollover to another plan, a lump-sum distribution, or it may be left in the Plan if the account balance is greater than $5,000.

Forfeiture of Company Matching Contributions

On termination of service due to death, disability, retirement, or termination or service for other reasons, all non-vested Company matching contributions will be returned to the Plan and used to reduce employer matching contributions and/or pay expenses related to the administration of the Plan and Trust. During the years ended December 31, 2016 and 2015, the Plan used $151,023 and $185,309, respectively, to reduce employer matching contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled $107 and $9,027, respectively.

Administrative Expenses

Administrative expenses are the responsibility of the Plan. The Company may elect to pay such expense on behalf of the Plan. During the years ended December 31, 2016 and 2015, the Company paid $18,245 and $16,349, respectively, in administrative expenses on behalf of the Plan. Fees related to the administration for participant notes receivable are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration for participant distributions are included in benefits paid to participants. Investment related expenses are included in net appreciation of fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Valuation

Investments are valued by the Trustee at their fair values determined using quoted market prices or rates. The Plan's interest in the common collective trust, a group annuity contract, is valued based on information reported by the issuer and is carried at contract value which approximates fair value. In the Statement of Changes in Net Assets Available for Plan Benefits, the net appreciation in fair value of investments includes realized and unrealized gains and losses from investments. Purchases and sales of securities are recorded on a trade date basis, interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015 as Plan management determined the notes receivable had adequate collateral. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management elected to early adopt ASU No. 2015-07 during the 2015 Plan year. The adoption of ASU No. 2015-07 in 2015 did not have a significant impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - *Fully Benefit-Responsive Investment Contracts*: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, *Part I* clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - *Plan Investment Disclosures*: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - *Measurement Date Practical Expedient*: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2016. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management elected to early adopt the provisions in this pronouncement in 2015 and have included their effects, as applicable, in the financial statements and footnotes, herein.

3. Fair Value Measurements

The Plan follows ASC Topic 820, Fair Value Measurements and Disclosures. ASC Topic 820 establishes a framework for measuring fair value, which provides a hierarchy that categorizes the inputs to valuation techniques that are used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2016:

	Fair Value Measurement at December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,392,760	$ -	$ -	$ 24,392,760

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2015:

	Fair Value Measurement at December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies (mutual funds):	$ 24,785,618	$ -	$ -	$ 24,785,618

4. Investment in Group Annuity Contract

The Plan invests in a benefit responsive group annuity contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). The fund invests in a group annuity insurance contract with PRIAC with the purpose to fund the guaranteed benefits for the Plan.

The group annuity contract is fully benefit-responsive, therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Plan. Contract value, which estimates fair value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The concept of a value other than contract value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity spread product. Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The fund is not backed by specific securities but instead backed by PRIAC's general account. As a result of the contract terms, contract value approximates fair value.

5. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, the Trustee of the Plan. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 32,163,419	$ 33,215,606
Excess contributions payable	-	48,561
Contributions receivable	(43,281)	(107,124)
Other	1	(2)
Net assets available for benefits per Form 5500	$ 32,120,139	$ 33,157,041

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

	2016	2015
Net (decrease) increase per the financial statements	$ (1,052,187)	$ 347,936
Change in excess contributions payable	(48,561)	18,030
Change in contributions receivable	63,843	9,917
Other	3	(1)
Net (decrease) increase per Form 5500	$ (1,036,902)	$ 375,882

7. Tax Status

The Plan is based on a non-standardized prototype plan. The Plan received an opinion letter from the Internal Revenue Service dated April 29, 2014. The Plan has been amended since the receipt of the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, that the trust maintained in connection with the Plan is tax-exempt.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts including unvested employer contributions.

9. Subsequent Events

Plan management has evaluated all subsequent events through October 13, 2017, which is the date the financial statements were available for issuance, and has concluded that there are no significant events to be reported.
