THE BUYSEASONS 401(K) FUN FUND PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan

The following description of the The BuySeasons 401(k) Fun Fund (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, established October 1, 2014, is a defined contribution plan established by BuySeasons, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees, excluding residents of Puerto Rico, union employees, nonresident aliens without income from a United States source, and temporary employees, as defined in the plan document, and are age 18 or older are eligible to participate. Temporary employees over the age of 21 and have completed at least 1,000 hours of service as defined in the plan document are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of the available investment options.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants may transfer amounts from other qualified plans if the transfer qualifies as a tax-free rollover. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company contributes 100 percent of the first 3 percent and 50 percent of the next 2 percent of compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions to the Plan. There were no discretionary contributions in 2016 or 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, Company matching contributions and allocations of the Company's discretionary contributions and Plan earnings (net of administrative expenses). Allocations are based on account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, roll-over, catch-up contributions, Company match, and investment income/loss thereon. Vesting in Company discretionary contributions is graduated at a rate of 50 percent per year over a period of two years of service.

THE BUYSEASONS 401(K) FUN FUND PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2016 and 2015 and for the Year Ended December 31, 2016

NOTE 1 - Description of the Plan (cont.)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 5.25 percent at December 31, 2016 and 2015, which are determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 62 and early retirement on or after attaining age 55. In-service distributions are allowed after attainment of age 59 1/2. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

Forfeited account balances are used to reduce required Company contributions. There were no forfeited account balances at December 31, 2016 and 2015.

Termination of Plan

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions. See Note 9.

Administrative Expenses

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's management determines the plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2016 and 2015. Accordingly, the trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015 and the supplemental Schedule H, Line 4(I) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > Quoted prices for similar assets or liabilities in active markets;
- > Quoted prices for identical or similar assets or liabilities in inactive markets;
- > Inputs other than quoted prices that are observable for the asset or liability; and
- > Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the US Securities and Exchange Commission. These funds are required to publish their daily NAV (Net Asset Value) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC and, therefore, the Plan is not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2016 and 2015, the Plan had investments of \$2,108,444 and \$1,386,617 that were concentrated in three and two funds, respectively.

NOTE 9 - Subsequent Events - Plan Termination

The Plan has evaluated subsequent events for recognition or disclosure through August 18, 2017, the date the financial statements were available to be issued.

Effective June 2017, BuySeasons, Inc. announced the termination of the Plan and the intention to distribute the participant's existing account balances in accordance with plan provisions.
