The financial statements of the Plan as of October 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Custodian. Their report dated July 6, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 - DESCRIPTION OF PLAN

GENERAL

The Trinity Forge, Inc. Investment & Profit Sharing Plan (formerly Trinity Forge, Inc. 401(k) Investment & Profit Sharing Plan) (the "Plan"), originally established November 1, 1984, is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is sponsored by Trinity Forge, Inc., (the "Company" or "Plan Sponsor"). Two officers of the Company serve as the Plan's Trustees ("Trustee"). TD Ameritrade Trust Company ("TD Ameritrade") served as the Custodian of the Plan and Rogers Wealth Group ("Rogers") served as the record-keeper of the Plan from November 1, 2014 through October 30, 2015. Commencing October 31, 2015, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively the "Custodian") served as the Custodian of the Plan, in conjunction with Empower Retirement Services ("Record-keeper"), serving as the record-keeper. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Company changed their fiscal year end to December 31, 2015, effective November 1, 2015. The financial statements cover the period beginning November 1, 2015 through December 31, 2015.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

For the year ended October 31, 2015, employees of the Company, as defined by the Plan document, become eligible for participation on the day of hire. For the period ending December 31, 2015, eligibility occurs after completing 250 hours of service within a three month time period following the Participant's employment date. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, discretionary non-elective and additional discretionary matching contributions, and an allocation of Plan earnings or losses and charged with certain administrative expenses, related to loan and distribution fees, if applicable. In order for a participants to qualify for matching contributions, he or she must complete one year of service, which amounts for at least 1,000 hours worked during the first consecutive twelve months following the hire date.

CONTRIBUTIONS

Each year, a participant may elect to contribute a portion of his or her pretax compensation or after-tax (Roth) compensation (effective November 1, 2015) from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2015). Eligible participants are automatically enrolled into the Plan at a pre-tax deferral percentage of 4%. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2015). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan. The Plan allows for employer nonelective and additional discretionary contributions in amounts to be determined by the Company. There were no employer contributions made for the period ended December 31, 2015 or the year ended October 31, 2015.

1 - DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of mutual funds of registered investment companies, common collective trusts and a guaranteed investment contract in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

BENEFIT PAID TO PARTICIPANTS

Participants withdrawing amounts from their account during the year for reasons of disability, retirement, death (withdrawn by participant's estate), or termination are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of rollovers, lump sums, in partial withdrawals, or installment payments. Upon termination, vested account balances less than $5,000 may be distributed to the applicable terminated participant within a reasonable time after terminating employment.

VESTING

Participants are immediately vested in elective deferrals and qualified non-elective contributions plus any actual earnings thereon. For the Company's matching or profit sharing contributions plus actual earnings, thereon, the vesting period is determined by a 6-year graded vesting schedule increasing 20% beginning after 2 years of service.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts may be used to reduce Company contributions or pay Plan expenses. At December 31, 2015, October 31, 2015 and 2014, forfeited, non-vested accounts available for use totaled $6,212, $5,147 and $4,046, respectively. During the period ending December 31, 2015 and the year ending October 31, 2015, no forfeitures were used to offset Company contributions or to reduce Plan expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their vested account balance, not to exceed $50,000. Note terms range from one to five years or, in the case of a loan to acquire or construct the primary residence of a participant, a period not to exceed fifteen years. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Administrative fees are deducted quarterly from the participant's account until the loan is paid in full.

At December 31, 2015, maturity dates on existing notes receivable from participants ranged from February 2016 through December 2020, and notes receivable had interest rates from 4.25%. At October 31, 2015, maturity dates on existing notes receivable from participants ranged from February 2016 through April 2020, and notes receivable had interest rates of 4.25%. At October 31, 2014 notes receivable had interest rates of 4.25%.

1 - DESCRIPTION OF PLAN, CONTINUED

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. Certain other costs and expenses of the Plan and its administration, including fees and expenses of the Custodian, are paid by the Company.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

RECLASSIFICATION

Certain prior year amounts have been reclassified for consistency with the current period presentation.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts as contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

3 - FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and 2016 for all other entities with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption ASU 2015-7.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts ("FBRICs") and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

3 - FAIR VALUE MEASUREMENTS, CONTINUED

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Interest-bearing cash: Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the plan at year end.

Common collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 - FAIR VALUE MEASUREMENTS, CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 4,516,388	$ -	$ -	$ 4,516,388

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Great-West Life & Annuity Insurance Company, Great-West Trust Company, LLC, and TD Ameritrade (collectively the "Custodian"), and party in-interest as defined by ERISA, as of December 31, 2015, October 31, 2015 and 2014, and for the period ending December 31, 2015, and for the year ended October 31, 2015, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

5 – GUARANTEED INVESTMENT CONTRACT

The Key Guarantee Portfolio Fund is a fully benefit-responsive group annuity contract issued by Great-West Life & Annuity Insurance Company ("Guaranteed Investment Contract" or "GIC"). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Employer-initiated events such as early retirement incentives, Plan termination, spin-offs, or mergers
- Premature termination of the contract
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

5 – GUARANTEED INVESTMENT CONTRACT, CONTINUED

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- A plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract;
- A change in the Plan's investment options; or
- A change in the investment philosophy for the Plan's stable value option (or comparable investment option).

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include a guaranteed investment contract, managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. For the year ended October 31, 2015, administrative expenses paid totaled $79,325.

7 – TAX STATUS OF THE PLAN

For the 2015 Plan year, the Plan was based on a prototype plan developed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC and received a favorable opinion letter dated March 31, 2014. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds, and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test for the years ended October 31, 2015 and 2014. As a result, excess contributions payable amounting to $8,009 and $2,490, respectively, are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

10– SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events", the Company has evaluated events or transactions occurring after December 31, 2015 and October 31, 2015, the Statement of Net Assets Available for Benefits date, through October 7, 2016, the date the financial statements were issued. Other than the following items, there were no subsequent events which would impact our financial statements for the period ended December 31, 2015 and for the year ended October 31, 2015.
