We were engaged to audit the accompanying financial statements of The CORE Group 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016 and 2015 and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by John Hancock Life Insurance Company and Great West Life & Annuity Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that John Hancock Life Insurance Company held the Plan's investment assets as of December 31, 2015 and executed investment transactions for the period from January 1, 2016 to November 1, 2016 and that Great West Life & Annuity Insurance Company held the Plan's investment assets as of December 31, 2016 and executed investment transactions from November 2, 2016 to December 31, 2016. The plan administrator has obtained certifications from the custodians as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Core Group 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the CORE Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of The CORE Group, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The CORE Group, Inc. (the Company) is the Plan's sponsor and serves as plan administrator.

Effective January 1, 2016, Roth elective deferrals are permitted to be transferred into the Plan by adopting employers and effective July 1, 2016, Roth elective deferrals are permitted in the Plan by all participants. Additionally, the Plan was amended to allow hardship withdrawals.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing 60 days of service. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing or matching contributions for the year ended December 31, 2016.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, as well as Company matching and profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Core Group 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2016, the rates of interest on outstanding loans ranged from 3.25-4.50% with various maturities through October 2025.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used before year end and will be used to pay plan administrative expenses or reduce Company contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled \$7,836 and \$7,014, respectively. No forfeited funds were used in the payment of plan administrative expenses for the year ended December 31, 2016.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

The Core Group 401(k) Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Investment valuation – The investments are reported at fair value and contract value as certified by the custodians, John Hancock Life Insurance Company and Great West Life & Annuity Insurance Company. The custodians certify the fair market value of registered investment companies and contract value of guaranteed interest accounts. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution and loan transaction fees are paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2017, which is the date the financial statements were available to be issued.

The Core Group 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Core Group 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2016 and 2015:

	Fair Value Measurement at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,956,710	\$ -	\$ -	\$ 18,956,710
Total assets in the fair value hierarchy	<u>\$ 18,956,710</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,956,710</u>
Investments at fair value				<u>\$ 18,956,710</u>
	Fair Value Measurement at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,233,013	\$ -	\$ -	\$ 12,233,013
Total assets in the fair value hierarchy	<u>\$ 12,233,013</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,233,013</u>
Investments at fair value				<u>\$ 12,233,013</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 4 – Guaranteed Investment Contract with Great West

The Plan entered into a fully benefit-responsive guaranteed investment contract (FBRIC) with Great West. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

The Core Group 401(k) Plan

Notes to Financial Statements

Note 4 – Guaranteed Investment Contract with Great West (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contracts by the plan, (2) plant closings, (3) layoffs, (4) plan termination, (5) bankruptcy, (6) mergers, (7) early retirement incentives. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The plan document is a prototype non-standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan from January 1, 2016 to November 1, 2016 and Great West Life & Annuity Insurance Company, the custodian of the Plan as of December 31, 2016 and for the period from November 2, 2016 to December 31, 2016 have certified to the completeness and accuracy of:

Note 7 – Information Certified by the Custodians (continued)

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2016.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-In-Interest Transactions

The Plan invests in a guaranteed interest account managed by the custodians. Transactions with such entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Note 10 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Note 11 – Plan Merger

Effective March 3, 2016, the Supreme Great Lakes Salary Savings Plan merged into the Plan. As such, all assets of the Supreme Great Lakes Salary Savings Plan were transferred into the Plan and all participants formerly in the Supreme Great Lakes Salary Savings Plan became participants in the Plan. The assets transferred into the Plan consisted of investments in registered investment companies of \$2,676,364 and guaranteed interest accounts of \$116,116.
