NOTE A--PLAN DESCRIPTION

The following brief description of the Lifetree Clinical Research 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Lifetree Clinical Research, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Economic Growth and Tax Relief Reconciliation Act of 2001.

Effective December 31, 2016, the Plan was merged into the PRA International 401(k) Plan. The assets of the Plan totaling $2,445,572 were transferred to the PRA International 401(k) Plan.

Eligibility Requirements: Employees of the Company are eligible to become active members of the Plan upon reaching the age of 21 and upon the first day of the month following their employment date.

Contributions: Each year, participants may contribute up to one hundred percent of pre-tax annual compensation as defined by the Plan. Certain participants may also make catch-up contributions in accordance with IRS guidelines.

The Company must make mandatory matching contributions for all participants equal to 100% of the first 4% of eligible employee compensation. The Company made mandatory matching contributions of $163,579 in 2016.

These mandatory matching contributions allow the Plan to be considered a "safe harbor" plan; thus, requiring no discrimination testing of deferral and matching contributions.

The Company may also make profit sharing and qualified nonelective employer contributions. Qualified matching employer and qualified nonelective employer contributions are allocated based on the eligible compensation of participants for the Plan year. The Company made no profit sharing or qualified nonelective employer contributions in 2016.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: At December 31, 2016 and 2015, forfeited nonvested accounts totaled $0. Forfeitures totaling $0 for the year ended December 31, 2016 were used to pay administrative fees and reduce employer contributions.

Vesting: Participants are immediately vested in their elective deferrals, rollover contributions, qualified non-elective contributions and any safe harbor matching contributions plus actual earnings thereon.

Vesting in the Company profit sharing contribution portion of their accounts is based on years of service, as follows:

Years of Credited Service	Vested %
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A--PLAN DESCRIPTION--Continued

Funding Policy: The employer is generally required to pay its contribution to the Plan for each Plan year within the time prescribed by law, including extensions of time for the filing of the employer's federal income tax return for the fiscal year. However, employee elective contributions accumulated through payroll deductions shall be paid to the custodian as of the earliest date on which contributions can reasonably be segregated from the employer's general assets, but in any event, within the time prescribed by law. Furthermore, any additional employer contributions which are allocable to participants' accounts for a Plan year shall be paid to the Plan no later than the twelve-month period immediately following the close of such Plan year.

Benefit Payments: A participant may elect to receive an amount equal to the value of his or her vested interest upon termination of service due to death, disability, or retirement. Payment(s) may be made in a lump-sum distribution or in annual installments.

Notes Receivable from Participants: A participant may make a written application to the plan administrator for one or more loans from the Plan; however, a participant may only have one loan outstanding at any time. The maximum loan allowed to a participant is the lesser of 50% of the participant's vested account or $50,000. The minimum loan is $1,000. Participant loans are secured by the participant's account. Loan principal and interest are generally repaid through payroll deductions, with payments due not less than quarterly. Loans may be prepaid and become due upon termination of the participant's employment. Loans must be repaid within five years of the date of the loan. However, if the loan is used for purchase of a principal residence, the loan can be repaid over a period of not more than ten years. Interest is assessed at a fixed rate based on the rates available for similar loans from commercial lending institutions at the inception of the loan and is credited to the participant's account.

Hardship Withdrawals: Withdrawals due to financial hardship are permitted with the approval of the Administrative Committee for the following reasons: medical expenses, purchase of primary residence, post-secondary tuition payment, eviction from or foreclosure on principal residence, funeral expenses, or as otherwise provided by the Plan. Hardship withdrawals are limited to employee elective deferrals and earnings thereon.

Rollover Contributions: The Plan provides for rollover contributions from other qualified retirement plans.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).* This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The Plan has adopted this ASU and has implemented the guidance on a retrospective basis to all periods presented.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting.* The new pronouncement is a three-part standard which (1) designates contract value as the only measurement amount for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of plan investment disclosure requirements, and (3) provides employee benefit plans with a measurement-date practical expedient. The Plan has adopted this ASU and has implemented the guidance on a retrospective basis to all periods presented.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions: Employer and employee contributions are accrued in the Plan year to which they relate.

Benefit Payments: Benefit payments are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: Plan management has evaluated events through October 12, 2017, the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts: Valued based on the market value of the underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ -	$ -	$ -
Investments at fair value	$ -	$ -	$ -	$ -

NOTE C--FAIR VALUE MEASUREMENTS--Continued

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,041,935	$ -	$ 2,041,935
Investments at fair value	$ -	$ 2,041,935	$ -	$ 2,041,935

NOTE D--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock. John Hancock is the trustee of the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid to John Hancock by the Plan for administrative services approximated $8,137 for the year ended December 31, 2016.

NOTE F--TAX STATUS

The Internal Revenue Service has ruled by a letter dated March 2008, that the nonstandardized prototype plan adopted by the Company qualified under the appropriate sections of the Code. Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

As discussed in Note A, the Company merged the Plan with the PRA International 401(k) Plan effective December 31, 2016.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of certain amounts per the financial statements to the Form 5500:

	As of December 31, 2016	As of December 31, 2015
Net assets available for benefits per the financial statements	$ -	$ 2,103,640
Contributions receivable – end of year	-	(45,224)
Net assets available for benefits per Form 5500	$ -	$ 2,058,416

	For the Year Ended December 31, 2016
Contributions per financial statements	$ 546,742
Contribution receivable at beginning of year	45,224
Contributions per Form 5500	$ 591,966

NOTE I--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J--INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator has elected that information certified by the trustee has not been subjected to any auditing procedures except for comparing such information to the related information contained in the accompanying financial statements and supplemental schedule. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31:

	2016	2015
Investments at fair value	$ -	$ 2,041,935
Notes receivable from participants	-	16,481
Investment income	161,103	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE K--ADMINISTRATIVE ERRORS

The Plan sponsor noted certain administrative errors during the operation of the Plan in 2016 and 2015. Company management and the Plan administrator have represented that these errors have been corrected and participant balances have been restored to their correct amounts. Company management and the Plan administrator do not believe these errors had a material effect on the Plan's financial statements.
