NOTE A - DESCRIPTION OF THE PLAN

The following description of the BOSS Union 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan has received a favorable determination letter from the Internal Revenue Service.

General - The Plan, established January 1, 2015, is a defined contribution plan covering all BOSS Union employees of The Toro Company ("Company") not in an excluded class (flexible workforce employees). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each pay period, the Company contributes to the Plan a negotiated amount per hour paid for each union employee based on his/her job classification as outlined in the union contract. Participants may elect to contribute up to 90% of their compensation each year. The Plan allows Roth 401(k) deferrals in addition to traditional deferrals. Contributions are subject to certain limitations.

Participant Accounts - Each participant is credited with his/her contribution, the Company's contribution on their behalf, and an allocation of Plan earnings. Allocations are based on participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on the following schedule. Participants also become 100% vested upon normal retirement, death or disability.

Years of Continuous Service	Non-forfeitable Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loans must be repaid over a period of no more than five years or longer if used for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at one percent above the prime rate. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits - On termination of service, a participant may elect to receive the vested amount in his/her account in a single lump sum cash payment. Vested account balances of $5,000 or less shall be paid to participants upon termination of service.

Hardship withdrawals are permitted by the Plan. Hardship withdrawals are limited to the participant's accounts which are 100% vested. Elective deferral contributions shall be suspended for six months following the date of the withdrawal.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts - Activity related to forfeited nonvested accounts for 2016 follows:

Unallocated balance at January 1, 2016	$	1,133
Forfeitures of nonvested accounts during 2016		1,560
Unallocated balance at December 31, 2016	**$**	**2,693**

Forfeited accounts can be used to offset future employer contributions or pay plan expenses.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The account of each participant shall become 100% vested and non-forfeitable as of the effective date of Plan termination.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value as detailed in Note E. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain Plan fees and expenses, including fees and expenses associated with the providing of administrative services by external service providers, are paid by the Plan.

Date of Management's Review - Management has evaluated events and transactions for potential recognition or recognition or disclosure through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

Early Adoption - The Plan elected early adoption of ASU 2015-12, *Plan Accounting*, in 2015 relating to plan investment disclosures.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by the custodian as complete and accurate and was not subject to any auditing procedures performed by the independent public accountants:

	2016	2015
Investments at fair value	$ 3,649,223	$ 2,971,012
Investment income - net appreciation in fair value of investments	231,206	
Interest income on notes receivable from participants	1,900	

NOTE D - INVESTMENTS

The Plan currently offers various Pooled Separate Accounts ("PSA"). PSA's may include stocks, bonds, or mutual funds, but are only available to contract holders. PSA's are stated at fair value, as further described in Note E.

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access and have the highest priority, Level 2 inputs consist of significant other observable inputs (including quoted prices for similar assets in active markets), and Level 3 inputs consist of significant unobservable inputs and have the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Level 2 Fair Value Measurements - These assets include mutual funds and target date retirement funds. Both types of funds are valued at the market value of the fund assets net of any applicable fees. The mutual funds invest in a single mutual fund while the target date funds invest in underlying funds using an asset allocation strategy designed for investors expected to retire around the target year.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Total	Level 1	Level 2	Level 3
December 31, 2016				
Mutual funds	$ 3,649,223	$ -	$ 3,649,223	$ -
December 31, 2015				
Mutual funds	$ 2,971,012	$ -	$ 2,971,012	$ -

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the year ended December 31, 2016 are reported in net appreciation in fair value of investments.

NOTE F - TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter to comply with IRS updates. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares in accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock are deducted directly from investment income. The Company pays certain third party administrator fees and other administrative fees.
