Independent Auditor's Report

Audit Committee, Investment Committee and Plan Administrator
ArcBest 401(k) and DC Retirement Plan
Fort Smith, Arkansas

We have audited the accompanying financial statements of ArcBest 401(k) and DC Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

ArcBest 401(k) and DC Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of the ArcBest 401(k) and DC Retirement Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document and *Summary Plan Description*, which are available from the Plan Administrator, ArcBest Corporation.

General

The Plan is a defined contribution plan sponsored by ArcBest Corporation which covers eligible employees of ArcBest Corporation and substantially all of its subsidiaries including: ABF Freight System, Inc.; ABF Cartage, Inc.; ABF Logistics, Inc.; Albert Companies, Inc.; ArcBest Enterprise Solutions, Inc.; ArcBest Technologies, Inc.; FleetNet America, Inc.; FTI Groups, Inc.; ABF Global Supply Chain, Inc.; Moving Solutions, Inc.; Panther II Transportation Inc.; and Expedited Solutions, Inc. ("Participating Companies" or collectively, the "Company"), except for employees of collective bargaining units, casual employees (defined as part-time employees who work less than thirty hours per week) who have not completed certain periods of service and leased employees.

In addition to the right to participate in the Plan, eligible employees hired before January 1, 2006 also participate in a nonunion defined benefit pension plan sponsored by the Company. Employees hired after December 31, 2005 do not participate in the nonunion defined benefit pension plan. Since January 1, 2006, the Plan has provided a DC Retirement feature (the "DC feature") for eligible employees who do not participate in the nonunion defined benefit pension plan. Effective July 1, 2013, the Plan was amended to include as participants those employees who were eligible to accrue benefits under the nonunion defined benefit pension plan prior to the freeze of such plan effective July 1, 2013. The DC feature of the Plan covers substantially all regular full-time employees of the Company hired after December 31, 2005, except for employees of collective bargaining units, casual employees who have not completed certain periods of service and leased employees. Employees participating in the DC feature are eligible to receive a discretionary annual contribution from the Company, which is subject to the provisions of the Plan.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). For 2016 and 2015, Transamerica Retirement Solutions, LLC was the Plan recordkeeper and State Street Bank and Trust Company was the trustee and custodian of the Plan.

For the year ended December 31, 2015, participant account balances totaling $1,164,719 were transferred to the Plan from the Smart Lines, LLC 401(k) Plan.

Contributions

For 2016 and 2015, the Plan allowed participants to contribute up to 69% of their annual compensation, as defined by the Plan, through salary deferral subject to certain limitations. In addition to regular pre-tax 401(k) contributions, the Plan allows for after-tax Roth 401(k) contributions. Employees are able to designate all or part of their elective contributions as after-tax Roth 401(k) contributions. Employee rollover contributions are also permitted. Under the Plan, certain Participating Companies provide Company 401(k) matching contributions to each participant's account. Company 401(k) matching contributions may be made in the form of cash or ArcBest Corporation stock. The Company 401(k) matching contributions for the 2016 and 2015 plan years were made in the form of cash. For the years ended December 31, 2016 and 2015, the Company 401(k) matching contributions as a percentage of each participant's annual compensation deferral are presented in the following table:

Participating Company	Company 401(k) Matching Contribution as a Percentage of Each Participant's Annual Compensation Deferral
ArcBest Corporation	50% of the first 6%
ABF Freight System, Inc.	50% of the first 6%
ABF Cartage, Inc.	50% of the first 6%
ABF Logistics, Inc.	50% of the first 6%
Albert Companies, Inc.	50% of the first 6%
ArcBest Technologies, Inc.	50% of the first 6%
FleetNet America, Inc.	No Match
ABF Global Supply Chain, Inc.	50% of the first 6%
Moving Solutions, Inc.	50% of the first 6%
Panther II Transportation, Inc.	50% of the first 6%
Expedited Solutions, Inc.	50% of the first 6%
ArcBest Enterprise Solutions, Inc.	50% of the first 6%
FTI Groups, Inc.	50% of the first 6%

An additional annual 401(k) Company contribution may be made at the discretion of each Participating Company's Board of Directors. For the years ended December 31, 2016 and 2015, no additional 401(k) Company contributions were made. The Company made discretionary contributions related to the DC feature of the Plan of $5,057,729 and $9,668,346 for the 2016 and 2015 plan years, respectively. Discretionary Company contributions under the DC feature are made to a participant's account based on a percentage of the participant's eligible compensation.

Participant Investment Account Options

Participants direct the investment of their contributions as well as the Company's DC and matching contributions into various investment options offered by the Plan including mutual funds, a collective trust, variable annuity funds, and, for 401(k) employee and Company matching contributions, the ArcBest Corporation stock fund and the self-directed Schwab Personal Choice Retirement Account® (the "PCRA"). A participant's investment in the ArcBest Corporation stock fund is generally limited to 10% of the participant's 401(k) account balance. A participant's investment in the PCRA is generally limited to 25% of the participant's 401(k) account balance. Participants may change the allocation of their investments daily.

Plan participants may also elect to invest in PortfolioXpress. PortfolioXpress is a service offered by Transamerica. Participants may choose the PortfolioXpress service and designate their retirement year. FiduciaryVest, the Plan's investment advisor, has customized allocations based on the retirement year utilizing the investment holdings of the Plan. The portfolio is rebalanced quarterly and as the participant gets closer to normal retirement age. PortfolioXpress is also the Plan's Qualified Default Investment Alternative (QDIA) for participants who do not make their own investment election. The PortfolioXpress allocation is held in the individual funds of the Plan rather than in a separate segregated fund.

The Plan's investment committee may change the available investment options from time-to-time.

Participant Accounts

Separate sources are maintained within a participant's 401(k) account for 401(k) contributions, Roth 401(k) contributions, the Company's matching contributions, and the Company's discretionary contributions including contributions made pursuant to the DC feature. Each participant's account is credited with related investment returns. Each participant's account is also charged with an allocation of transaction processing and account administration fees, which are reflected in the accompanying statements of changes in net assets available for benefits as administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are immediately vested in their 401(k) contributions plus earnings thereon. Participants are fully vested in the Company's contributions and related earnings after three years of continuous service. Upon death, disability, or normal retirement, as defined by the Plan, participants become fully vested in the Company's contributions and related earnings. Any unvested Company contributions and related earnings are generally forfeited upon termination.

Under the DC feature, participants are fully vested in the Company's discretionary contributions and related earnings after three years of continuous service. Upon death, disability or normal retirement, as defined by the Plan, participants become fully vested in the Company's discretionary contributions and related earnings.

Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump-sum amount equal to the vested balance of the participant's account, which will be paid either as a direct rollover or directly to the participant. A participant who selects a SecurePath for Life investment option of the Plan may also elect any distribution method permitted by the variable annuity fund investment option. See *Note 2* for discussion of the SecurePath for Life investment options.

Effective January 1, 2013, the Plan was amended to allow participants to elect payment of benefits in monthly, quarterly, semiannual, or annual installments upon termination of service in lieu of a lump-sum payment. The installments shall continue pursuant to such participant's election until the earlier of full payment of the vested amounts in the participant's accounts or the participant's death. Amounts remaining after the participant's death shall be paid in a lump-sum payment to the appropriate parties under the terms of the Plan.

Forfeited Accounts

Forfeited nonvested accounts reported as cash and cash equivalents in the accompanying statement of net assets available for benefits totaled $454,236 and $422,898 at December 31, 2016 and 2015, respectively. These accounts will be used to reduce future employer contributions. Forfeitures of $410,544 and $-0- were used to reduce the Company's 401(k) matching contributions for the 2016 and 2015 plan years, respectively.

Notes Receivable from Participants

Notes receivable from participants consist of participant loans. The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their 401(k) account a minimum of $1,000 up to a maximum calculated as the lesser of 50% of their vested 401(k) account balance or $50,000 reduced by the participant's highest loan balance in the preceding twelve-month period. The loans are secured by the balance in the participant's account and are repayable generally over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on the loans is determined by the Plan Administrator based on reasonable rates of interest at prevailing rates for loans of a similar nature.

No loans are allowed under the DC feature.

Plan Termination

Although it has not expressed an intention to do so, any Participating Company, through action of its Board of Directors, has the right under the Plan to discontinue its contributions at any time and the Board of Directors of ArcBest Corporation, at its discretion, may terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Quoted prices for mutual funds are the net asset value ("NAV") of shares held by the Plan at the financial statement date. Common Stocks are valued at the closing price reported on the active market on which the securities are traded. See *Note 4* for discussion of fair value measurements.

The Diversified Stable Pooled Fund, an investment option of the Plan, is an investment of the Diversified Investment Advisors Collective Trust. The Plan's interest in the collective trust investment is valued at estimated fair value as provided by the Plan recordkeeper, which is based on information reported in the audited financial statements of the collective trust at year-end. The collective trust investment in the Diversified Stable Pooled Fund is directly invested in the Wells Fargo Stable Return Fund W and indirectly invested in the Wells Fargo Stable Fund G, whose principal objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit.

The ArcBest Corporation stock fund is a unitized stock fund, which invests in the common stock of ArcBest Corporation with a percentage of the fund allocated to a cash equivalent holding in the State Street Institutional Liquid Reserves Fund. The NAV of the ArcBest Corporation stock fund at the financial statement date provided by the Plan recordkeeper is based on the value of the shares of ArcBest Corporation common stock held in the fund, which are valued at the closing price reported on the NASDAQ Global Select Market, and the value of the cash equivalent investment holding of the fund.

The Plan's SecurePath for Life investment options are registered variable annuity funds issued by Transamerica Life Insurance Company. The variable annuity funds are subaccounts of Separate Account VA FF, a pooled separate account established by Transamerica Life Insurance Company.

Valuation of Investments and Income Recognition - continued

The NAV of the variable annuity funds is a daily-calculated unit value based on the underlying investments of the pooled separate account, which are Vanguard Target Retirement mutual funds.

The Plan's Charles Schwab Personal Choice Retirement Account ("PCRA") investment option is a self-directed brokerage account that allows participants to invest in investments of their choosing.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the date paid by the issuer. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The accrual of interest on notes is discontinued at the end of the quarter during which the note becomes 90 days past due, unless the credit is well secured and in process of collection. Past due status is based on contractual terms of the note. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

All interest accrued but not collected remains as part of the balance due at the date the loan becomes a deemed distribution. Interest accrues until a loan is treated as a deemed distribution. Notes are returned to active status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured. Delinquent notes that reach default status are treated as distributions based upon the terms of the Plan document.

Plan Tax Status

The Plan's most recent determination letter is dated November 21, 2011. In the letter, the U.S. Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the U.S. Internal Revenue Code and, therefore, not subject to income tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the U.S. Internal Revenue Code as of and for the years ended December 31, 2016 and 2015. The Plan is generally no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2013.

Administrative Expenses

All investment-related administrative charges are paid by the Plan as provided in the Plan document and are included in net appreciation (depreciation) in fair value of investments. All other expenses of maintaining the Plan may be paid by the Company or the Plan, at the Company's discretion. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. The amendment eliminates the requirement to categorize within the fair value hierarchy all investments which fair value is measured using the net asset value per share practical expedient. The amendment is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. Early application is permitted. Management elected to early adopt the amendment for the 2015 plan year. Accordingly, the fair value hierarchy tables in Note 3 exclude the collective trust and variable annuity funds, which are measured using the NAV practical expedient. The excluded funds are added to the investments in the hierarchy table to reconcile to total investments at fair value per the Statements of Net Assets Available for Benefits.

In July 2015, the FASB issued Accounting Standard Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. ("ASU 2015-12*). The amendments in Part I eliminated the requirement to measure the fair value of fully benefit responsive investment contracts and provide the related fair value disclosures; rather, these contracts will be measured and disclosed only at contract value. The amendments in Part II simplify the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type either on the face of the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirement to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III provide a practical expedient to permit plans to measure investments and investment related accounts as of a month-end date closest to its fiscal year end for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Management elected to early adopt Part II of ASU 2015-12 for the 2015 plan year. Parts I and III are not applicable to the Plan. As a result of Part II of the amendment, investment disclosures, which disaggregate the investments by risk, disclose the net appreciation/depreciation by general type and disclose individual investments greater than 5% of net assets available for benefits are no longer included in the notes to the financial statements. In addition, self-directed brokerage accounts are presented in the aggregate (See reclassification section of Note 1). These disclosure changes were implemented during the 2015 plan year.

Note 3: Fair Value of Plan Assets

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 specifies a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. The Plan's investments classified as Level 1 include mutual funds and self-directed brokerage accounts, whose underlying assets are primarily Level 1.

If quoted market prices are not available, fair values are estimated by using pricing models or discounted cash flows with inputs derived from observable market data, quoted prices of securities with similar characteristics, or audited financial statements. The Plan's collective trust investment and variable annuity funds are valued at NAV based on the unit value of the underlying investments, which are an observable input and are included in investments measured at net asset value in accordance with ASU 2015-07. The fair value of the Plan's Level 2 investment in the ArcBest Corporation stock fund is calculated based on the quoted market price of the common stock, which is traded in an active market, and the money market mutual fund investment held in the fund. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no investments classified as Level 3.

For the years ended December 31, 2016 and 2015, there were no investments transferred between levels.

Recurring Measurements

The following table presents, for each of the fair value hierarchy levels, the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis at December 31, 2016 and 2015:

	2016 Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 301,144,679	$ –	$ –	$ 301,144,679
Self-directed brokerage accounts	7,628,629	–		7,628,629
ArcBest Corporation stock fund	–	4,476,242	–	4,476,242
Total assets in fair value hierarchy	$ 308,773,308	$ 4,476,242	$ –	$ 313,249,550
Investments measured at net asset value[a]				
Collective trust fund [b]				38,127,539
Variable annuity funds [c]				952,313
Total investments at fair value				$ 352,329,402

	2015 Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 270,629,176	$ –	$ –	$ 270,629,176
Self-directed brokerage accounts	6,952,666			6,952,666
ArcBest Corporation stock fund	–	3,602,124	–	3,602,124
Total assets in fair value hierarchy	$277,581,842	$3,602,124	$ –	$ 281,183,966
Investments measured at net asset value[a]				
Collective trust fund [b]				31,178,375
Variable annuity funds [c]				609,370
Total investments at fair value				$ 312,971,711

(a) Investments are measured using the NAV practical expedient, and therefore have not been classified in the fair value hierarchy.

(b) Fund files U.S. Department of Labor Form 5500 as a direct filing entity. Therefore, fair value disclosures are not required.

(c) The Plan invests in variable annuity funds, held in a pooled separate account and is designed to provide investors with an annual income amount for life. The use of net asset value as fair value is deemed appropriate, as the variable annuity funds do not have a finite life, unfunded commitments or significant restrictions on redemptions.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Investments in the ArcBest Corporation stock fund, which holds investments in the common stock of the Company, qualify as party-in-interest transactions. The ArcBest Corporation stock fund also holds cash equivalent investments in the State Street Institutional Liquid Reserves Fund administered by State Street Global Markets, LLC, and an affiliate of State Street Corporation. The Plan's trustee and custodian, State Street Bank and Trust Company, is also an affiliate of State Street Corporation.

FiduciaryVest provides investment consulting and investment management services for the plan. FiduciaryVest customizes the age based target retirement allocation utilizing the investment holdings of the Plan for participants that choose the PortfolioXpress service. During 2016 and 2015, the Plan paid FiduciaryVest a total of $62,376 and $80,170, respectively, for these services.

The Plan invests in certain funds managed by the Plan recordkeeper, Transamerica Retirement Solutions, LLC , or issued by Transamerica Life Insurance Company, which are affiliated companies owned by AEGON N.V. The Diversified Stable Pooled Fund is managed by Transamerica Retirement Solutions, LLC and the SecurePath for Life investment options are variable annuity funds issued by Transamerica Life Insurance Company; therefore, transactions with these funds qualify as party-in-interest. National Financial Services and Mid Atlantic Capital Corporation provide securities brokerage services to the Plan. Fees paid by the Plan for securities brokerage and investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. The Plan paid $269,431 and $127,090 of transaction processing and account administration fees, not covered by revenue sharing, to Transamerica Retirement Solutions, LLC during 2016 and 2015, respectively, which are included in administrative expenses.

Individually immaterial expenses paid by the Plan to parties-in-interest aggregating to $824 and $34,424 were recorded in administrative expenses for 2016 and 2015, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Significant Estimates and Concentrations

Economic Conditions

The recessionary economic environment in recent years has presented and may continue to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted and may continue to result in large and unanticipated declines in the fair value of investments. Volatility in economic conditions may cause the values of assets recorded in the financial statements to change rapidly, resulting in material future changes in investment values that could impact the Plan.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
