INDEPENDENT AUDITORS' REPORT

To the Administrator of
Spire Hospitality, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spire Hospitality, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE 1: PLAN DESCRIPTION

The following description of the Spire Hospitality, LLC 401(k) Plan (the "Plan") (formerly, the Lane Hotels, Inc. 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, administered by the Plan Administration Committee (the "Committee") of Spire Hospitality, LLC ("Spire" or the "Company"), was established on February 1, 1990, and subsequently amended on October 28, 2010, to qualify as a profit-sharing plan under Section 401(a) and provide for a 401(k) option under Section 401(k) of the Internal Revenue Code as the Lane Hospitality 401(k) Plan and Trust. Effective February 24, 2012, the Lane Hospitality 401(k) Plan and Trust was amended and restated as the Lane Hotels, Inc. 401(k) Plan. Effective October 1, 2015, the Plan's name was changed to the Spire Hospitality, LLC 401(k) Plan.

The Plan covers all employees of Spire (formerly Lane Hotels, Inc.) and related companies, except for any employee who is a member of a unit of employees covered by a collective bargaining agreement wherein retirement benefits are the subject of good faith bargaining, who have signed participation agreements, and for elective deferrals have completed 3 months of service and for matching and non-elective contributions have completed 1 year of service, as defined. All qualifying employees are eligible to participate in the Plan on the first day of the calendar quarter following the completion of the required service periods. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Elective Deferrals

Each year, participants may elect to make pre-tax contributions to the Plan from 1% up to 75% of their total compensation, as defined. Participants who have attained age 50 or older before the end of the plan year, and are making maximum contributions, are eligible to make catch-up contributions, up to the maximum as permitted by the tax code. Elective contributions cannot exceed the annual maximum amount as permitted by the tax code. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, a mutual fund and an insurance contract as investment options for participants.

Matching Contributions

The Company, on behalf of the participant, will contribute as of each pay period, a matching contribution of 50% on the first 3% of a participant's compensation contributed to the Plan by the participant, exclusive of any catch-up contributions. Matching contributions may be adjusted or suspended at the Company's discretion.

Non-elective Contributions

The Company may make non-elective contributions to the Plan at the sole discretion of its Board of Directors. No non-elective contributions were made during 2016.

NOTE 1: PLAN DESCRIPTION (Continued)

Rollovers and Transfers

Participants may make transfers to the Plan of amounts that are directly rolled over from a qualified plan as described in Code Section 401(a) or 403(a), including amounts attributable to after-tax employee contributions. Participants may also make contributions to the Plan of amounts representing eligible rollover distributions that were first distributed to the participant from a qualified plan as described in Code Section 401(a) or 403(a), excluding amounts attributable to designated Roth contributions, as described in Code Section 402A, or after-tax employee contributions.

A participant may, with the consent of the Plan administrator, make transfers between the Plan and plans qualified under Section 401(k) of the Internal Revenue Code or individual retirement accounts upon the occurrence of the events described in "Payment of Benefits" below.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) any Company discretionary contributions, and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective basic contributions plus actual earnings thereon. Participants become fully vested in the Company's contributions plus actual earnings thereon upon normal retirement, death or disability. In all other circumstances, participants become vested in the Company's contributions according to the following schedule:

Years of Service	Vested Interest
Less than one	0%
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five years	100%

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $4,704 and $2,109, respectively. These accounts will be used to pay plan expenses and reduce future Company contributions. During 2016, $7,508 of forfeited non-vested accounts was used to pay plan expenses and $326 was used to reduce Company contributions.

NOTE 1: PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%, which are commensurate with the bank prime rate as reported by the U.S. Federal Reserve plus 1%, as determined annually by the plan administrator, and are generally payable in installments over periods ranging from 1 to 5 years, unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Principal and interest is paid ratably through payroll deductions. Participants may not have more than two loans outstanding at any one time. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of Benefits

Upon termination of service, or upon retirement, death, or disability, a participant or their beneficiaries, where applicable, will receive a lump-sum distribution if their vested account balance is $1,000 or less. If a participant's vested balance is greater than $1,000, he or she may elect to receive a distribution in accordance with the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recently Enacted Accounting Standards

Effective for the plan year ended December 31, 2016, the Plan adopted the guidance issued by the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*, and 2015-07, *Disclosure for Investments in Certain Entities That Calculate NAV*.

ASU 2015-12 removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation (depreciation) is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

Under ASU 2015-07, investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits. Disclosure of investment strategy is no longer required for funds that file a U.S. Department of Labor 5500.

The FASB issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Subsequent to December 31, 2016, certain 2106 contributions were deemed to be excess contributions under the Code. Such contributions and the related investment earnings thereon were refunded to plan participants in 2017. A liability for excess contributions of $47,058 was recorded in the Plan's financial statements at December 31, 2016. The Plan distributed the 2015 excess contributions to the applicable participants in 2016.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan, which may include legal, accounting, trustee, recordkeeping or other administrative fees, not paid from the Plan's forfeiture account or amounts in excess of forfeitures available, are paid directly by the Company and excluded from these financial statements.

Fees and expenses associated with participant requested transactions, including those related to the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses.

Asset-based investment operating expenses, including management and other fees, paid by all holders of an investment option and typically reflected as a percentage of assets invested in the option, are deducted from the investment option's assets and are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS AS COMPLETE AND ACCURATE

	2016	2015
Investments at fair value	$ 8,955,231	$ 8,962,934
Investments at contract value	$ 1,863,332	$ 1,665,347
Net appreciation in fair value of investments	$ 519,773	
Interest	$ 33,433	
Dividends	$ 4,136	

Notes receivable from participants of $238,008 and $299,960 in 2016 and 2015, respectively, and interest income on notes receivable from participants of $10,301 in 2016 have also been certified by the Custodians.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts are valued at the net asset value of shares held at year end as determined by the issuer of the fund. The funds report as an investment company and are direct filing entities.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015, respectively.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,478	$ -	$ -	$ 139,478
Investments measured at net asset value as a practical expedient				8,815,753
Total investments at fair value				$ 8,955,231

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 132,933	$ -	$ -	$ 132,933
Investments measured at net asset value as a practical expedient				7,164,654
Total investments at fair value				$ 7,297,587

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments.

	As of December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 8,815,753	$ -	$ -	$ -

	As of December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 7,164,654	$ -	$ -	$ -

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC) through contributions to the Guaranteed Income Fund, a group annuity product. PRIAC maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. There are no events that allow the issuer to terminate the contract and PRIAC may not terminate the contract at any amount less than the contract value.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

PRIAC is contractually obligated to repay the principal and interest at a specified interest rate that is announced in advance and is guaranteed for a six-month period. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a mutual fund, units in pooled separate accounts and an insurance contract managed by Prudential, or an affiliate thereof. Prudential is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Dividend income received by the Plan is net of fees charged to the mutual fund by the Custodian or its affiliates. Fees paid by the Plan for administrative and investment management services amounted to $16,082 for the year ended December 31, 2016.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8: TAX STATUS

The Plan is a Non-Standardized 401(k) Plan (Prototype Plan) sponsored by Prudential and adopted by the Company. The Prototype Plan obtained its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Prototype Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC").

Although the Plan has not received a determination letter specified to the Plan itself, the Plan administrators (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or applicable state authority.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Administrator of
Spire Hospitality, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spire Hospitality, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2016, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: PLAN DESCRIPTION

The following description of the Spire Hospitality, LLC 401(k) Plan (the "Plan") (formerly, the Lane Hotels, Inc. 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, administered by the Plan Administration Committee (the "Committee") of Spire Hospitality, LLC ("Spire" or the "Company"), was established on February 1, 1990, and subsequently amended on October 28, 2010, to qualify as a profit-sharing plan under Section 401(a) and provide for a 401(k) option under Section 401(k) of the Internal Revenue Code as the Lane Hospitality 401(k) Plan and Trust. Effective February 24, 2012, the Lane Hospitality 401(k) Plan and Trust was amended and restated as the Lane Hotels, Inc. 401(k) Plan. Effective October 1, 2015, the Plan's name was changed to the Spire Hospitality, LLC 401(k) Plan.

The Plan covers all employees of Spire (formerly Lane Hotels, Inc.) and related companies, except for any employee who is a member of a unit of employees covered by a collective bargaining agreement wherein retirement benefits are the subject of good faith bargaining, who have signed participation agreements, and for elective deferrals have completed 3 months of service and for matching and non-elective contributions have completed 1 year of service, as defined. All qualifying employees are eligible to participate in the Plan on the first day of the calendar quarter following the completion of the required service periods. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Elective Deferrals

Each year, participants may elect to make pre-tax contributions to the Plan from 1% up to 75% of their total compensation, as defined. Participants who have attained age 50 or older before the end of the plan year, and are making maximum contributions, are eligible to make catch-up contributions, up to the maximum as permitted by the tax code. Elective contributions cannot exceed the annual maximum amount as permitted by the tax code. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, a mutual fund and an insurance contract as investment options for participants.

Matching Contributions

The Company, on behalf of the participant, will contribute as of each pay period, a matching contribution of 50% on the first 3% of a participant's compensation contributed to the Plan by the participant, exclusive of any catch-up contributions. Matching contributions may be adjusted or suspended at the Company's discretion.

Non-elective Contributions

The Company may make non-elective contributions to the Plan at the sole discretion of its Board of Directors. No non-elective contributions were made during 2016.

NOTE 1: PLAN DESCRIPTION (Continued)

Rollovers and Transfers

Participants may make transfers to the Plan of amounts that are directly rolled over from a qualified plan as described in Code Section 401(a) or 403(a), including amounts attributable to after-tax employee contributions. Participants may also make contributions to the Plan of amounts representing eligible rollover distributions that were first distributed to the participant from a qualified plan as described in Code Section 401(a) or 403(a), excluding amounts attributable to designated Roth contributions, as described in Code Section 402A, or after-tax employee contributions.

A participant may, with the consent of the Plan administrator, make transfers between the Plan and plans qualified under Section 401(k) of the Internal Revenue Code or individual retirement accounts upon the occurrence of the events described in "Payment of Benefits" below.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) any Company discretionary contributions, and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective basic contributions plus actual earnings thereon. Participants become fully vested in the Company's contributions plus actual earnings thereon upon normal retirement, death or disability. In all other circumstances, participants become vested in the Company's contributions according to the following schedule:

Years of Service	Vested Interest
Less than one	0%
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five years	100%

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $4,704 and $2,109, respectively. These accounts will be used to pay plan expenses and reduce future Company contributions. During 2016, $7,508 of forfeited non-vested accounts was used to pay plan expenses and $326 was used to reduce Company contributions.

NOTE 1: PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%, which are commensurate with the bank prime rate as reported by the U.S. Federal Reserve plus 1%, as determined annually by the plan administrator, and are generally payable in installments over periods ranging from 1 to 5 years, unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Principal and interest is paid ratably through payroll deductions. Participants may not have more than two loans outstanding at any one time. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of Benefits

Upon termination of service, or upon retirement, death, or disability, a participant or their beneficiaries, where applicable, will receive a lump-sum distribution if their vested account balance is $1,000 or less. If a participant's vested balance is greater than $1,000, he or she may elect to receive a distribution in accordance with the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recently Enacted Accounting Standards

Effective for the plan year ended December 31, 2016, the Plan adopted the guidance issued by the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*, and 2015-07, *Disclosure for Investments in Certain Entities That Calculate NAV*.

ASU 2015-12 removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation (depreciation) is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

Under ASU 2015-07, investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits. Disclosure of investment strategy is no longer required for funds that file a U.S. Department of Labor 5500.

The FASB issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Subsequent to December 31, 2016, certain 2106 contributions were deemed to be excess contributions under the Code. Such contributions and the related investment earnings thereon were refunded to plan participants in 2017. A liability for excess contributions of $47,058 was recorded in the Plan's financial statements at December 31, 2016. The Plan distributed the 2015 excess contributions to the applicable participants in 2016.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan, which may include legal, accounting, trustee, recordkeeping or other administrative fees, not paid from the Plan's forfeiture account or amounts in excess of forfeitures available, are paid directly by the Company and excluded from these financial statements.

Fees and expenses associated with participant requested transactions, including those related to the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses.

Asset-based investment operating expenses, including management and other fees, paid by all holders of an investment option and typically reflected as a percentage of assets invested in the option, are deducted from the investment option's assets and are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS AS COMPLETE AND ACCURATE

	2016	2015
Investments at fair value	$ 8,955,231	$ 8,962,934
Investments at contract value	$ 1,863,332	$ 1,665,347
Net appreciation in fair value of investments	$ 519,773	
Interest	$ 33,433	
Dividends	$ 4,136	

Notes receivable from participants of $238,008 and $299,960 in 2016 and 2015, respectively, and interest income on notes receivable from participants of $10,301 in 2016 have also been certified by the Custodians.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts are valued at the net asset value of shares held at year end as determined by the issuer of the fund. The funds report as an investment company and are direct filing entities.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015, respectively.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,478	$ -	$ -	$ 139,478
Investments measured at net asset value as a practical expedient				8,815,753
Total investments at fair value				$ 8,955,231

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 132,933	$ -	$ -	$ 132,933
Investments measured at net asset value as a practical expedient				7,164,654
Total investments at fair value				$ 7,297,587

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments.

	As of December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 8,815,753	$ -	$ -	$ -

	As of December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 7,164,654	$ -	$ -	$ -

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC) through contributions to the Guaranteed Income Fund, a group annuity product. PRIAC maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. There are no events that allow the issuer to terminate the contract and PRIAC may not terminate the contract at any amount less than the contract value.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

PRIAC is contractually obligated to repay the principal and interest at a specified interest rate that is announced in advance and is guaranteed for a six-month period. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a mutual fund, units in pooled separate accounts and an insurance contract managed by Prudential, or an affiliate thereof. Prudential is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Dividend income received by the Plan is net of fees charged to the mutual fund by the Custodian or its affiliates. Fees paid by the Plan for administrative and investment management services amounted to $16,082 for the year ended December 31, 2016.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8: TAX STATUS

The Plan is a Non-Standardized 401(k) Plan (Prototype Plan) sponsored by Prudential and adopted by the Company. The Prototype Plan obtained its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Prototype Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC").

Although the Plan has not received a determination letter specified to the Plan itself, the Plan administrators (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or applicable state authority.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Administrator of
Spire Hospitality, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Spire Hospitality, LLC 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE 1: PLAN DESCRIPTION

The following description of the Spire Hospitality, LLC 401(k) Plan (the "Plan") (formerly, the Lane Hotels, Inc. 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, administered by the Plan Administration Committee (the "Committee") of Spire Hospitality, LLC ("Spire" or the "Company"), was established on February 1, 1990, and subsequently amended on October 28, 2010, to qualify as a profit-sharing plan under Section 401(a) and provide for a 401(k) option under Section 401(k) of the Internal Revenue Code as the Lane Hospitality 401(k) Plan and Trust. Effective February 24, 2012, the Lane Hospitality 401(k) Plan and Trust was amended and restated as the Lane Hotels, Inc. 401(k) Plan. Effective October 1, 2015, the Plan's name was changed to the Spire Hospitality, LLC 401(k) Plan.

The Plan covers all employees of Spire (formerly Lane Hotels, Inc.) and related companies, except for any employee who is a member of a unit of employees covered by a collective bargaining agreement wherein retirement benefits are the subject of good faith bargaining, who have signed participation agreements, and for elective deferrals have completed 3 months of service and for matching and non-elective contributions have completed 1 year of service, as defined. All qualifying employees are eligible to participate in the Plan on the first day of the calendar quarter following the completion of the required service periods. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Elective Deferrals

Each year, participants may elect to make pre-tax contributions to the Plan from 1% up to 75% of their total compensation, as defined. Participants who have attained age 50 or older before the end of the plan year, and are making maximum contributions, are eligible to make catch-up contributions, up to the maximum as permitted by the tax code. Elective contributions cannot exceed the annual maximum amount as permitted by the tax code. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, a mutual fund and an insurance contract as investment options for participants.

Matching Contributions

The Company, on behalf of the participant, will contribute as of each pay period, a matching contribution of 50% on the first 3% of a participant's compensation contributed to the Plan by the participant, exclusive of any catch-up contributions. Matching contributions may be adjusted or suspended at the Company's discretion.

Non-elective Contributions

The Company may make non-elective contributions to the Plan at the sole discretion of its Board of Directors. No non-elective contributions were made during 2016.

NOTE 1: PLAN DESCRIPTION (Continued)

Rollovers and Transfers

Participants may make transfers to the Plan of amounts that are directly rolled over from a qualified plan as described in Code Section 401(a) or 403(a), including amounts attributable to after-tax employee contributions. Participants may also make contributions to the Plan of amounts representing eligible rollover distributions that were first distributed to the participant from a qualified plan as described in Code Section 401(a) or 403(a), excluding amounts attributable to designated Roth contributions, as described in Code Section 402A, or after-tax employee contributions.

A participant may, with the consent of the Plan administrator, make transfers between the Plan and plans qualified under Section 401(k) of the Internal Revenue Code or individual retirement accounts upon the occurrence of the events described in "Payment of Benefits" below.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) any Company discretionary contributions, and (b) plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective basic contributions plus actual earnings thereon. Participants become fully vested in the Company's contributions plus actual earnings thereon upon normal retirement, death or disability. In all other circumstances, participants become vested in the Company's contributions according to the following schedule:

Years of Service	Vested Interest
Less than one	0%
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five years	100%

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled $4,704 and $2,109, respectively. These accounts will be used to pay plan expenses and reduce future Company contributions. During 2016, $7,508 of forfeited non-vested accounts was used to pay plan expenses and $326 was used to reduce Company contributions.

NOTE 1: PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%, which are commensurate with the bank prime rate as reported by the U.S. Federal Reserve plus 1%, as determined annually by the plan administrator, and are generally payable in installments over periods ranging from 1 to 5 years, unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to 15 years. Principal and interest is paid ratably through payroll deductions. Participants may not have more than two loans outstanding at any one time. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of Benefits

Upon termination of service, or upon retirement, death, or disability, a participant or their beneficiaries, where applicable, will receive a lump-sum distribution if their vested account balance is $1,000 or less. If a participant's vested balance is greater than $1,000, he or she may elect to receive a distribution in accordance with the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recently Enacted Accounting Standards

Effective for the plan year ended December 31, 2016, the Plan adopted the guidance issued by the Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*, and 2015-07, *Disclosure for Investments in Certain Entities That Calculate NAV*.

ASU 2015-12 removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and removes the requirement to disclose the net appreciation or depreciation for investments by general type. The net appreciation (depreciation) is presented in the aggregate. In addition, the amendment now requires that all investments should be disaggregated based only on general type, eliminating the need to further disaggregate the investments in accordance with Fair Value Measurements (Topic 820).

Under ASU 2015-07, investments in entities for which fair value is calculated using the net asset value (NAV) are no longer required to categorize within the fair value hierarchy those investments that use NAV as a practical expedient, although there must be a reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits. Disclosure of investment strategy is no longer required for funds that file a U.S. Department of Labor 5500.

The FASB issued these ASUs to simplify and make more effective the investment disclosure requirements for employee benefit plans. The Plan has reflected the effects of these amendments as of December 31, 2016 and 2015 and for the year ended December 31, 2016.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Subsequent to December 31, 2016, certain 2106 contributions were deemed to be excess contributions under the Code. Such contributions and the related investment earnings thereon were refunded to plan participants in 2017. A liability for excess contributions of $47,058 was recorded in the Plan's financial statements at December 31, 2016. The Plan distributed the 2015 excess contributions to the applicable participants in 2016.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintaining the Plan, which may include legal, accounting, trustee, recordkeeping or other administrative fees, not paid from the Plan's forfeiture account or amounts in excess of forfeitures available, are paid directly by the Company and excluded from these financial statements.

Fees and expenses associated with participant requested transactions, including those related to the administration of notes receivable from participants, are charged directly to the participant's account and are included in administrative expenses.

Asset-based investment operating expenses, including management and other fees, paid by all holders of an investment option and typically reflected as a percentage of assets invested in the option, are deducted from the investment option's assets and are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS AS COMPLETE AND ACCURATE

	2016	2015
Investments at fair value	$ 8,955,231	$ 8,962,934
Investments at contract value	$ 1,863,332	$ 1,665,347
Net appreciation in fair value of investments	$ 519,773	
Interest	$ 33,433	
Dividends	$ 4,136	

Notes receivable from participants of $238,008 and $299,960 in 2016 and 2015, respectively, and interest income on notes receivable from participants of $10,301 in 2016 have also been certified by the Custodians.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts are valued at the net asset value of shares held at year end as determined by the issuer of the fund. The funds report as an investment company and are direct filing entities.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015, respectively.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,478	$ -	$ -	$ 139,478
Investments measured at net asset value as a practical expedient				8,815,753
Total investments at fair value				$ 8,955,231

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 132,933	$ -	$ -	$ 132,933
Investments measured at net asset value as a practical expedient				7,164,654
Total investments at fair value				$ 7,297,587

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value (NAV) per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments.

	As of December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 8,815,753	$ -	$ -	$ -

	As of December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 7,164,654	$ -	$ -	$ -

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC) through contributions to the Guaranteed Income Fund, a group annuity product. PRIAC maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. There are no events that allow the issuer to terminate the contract and PRIAC may not terminate the contract at any amount less than the contract value.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

PRIAC is contractually obligated to repay the principal and interest at a specified interest rate that is announced in advance and is guaranteed for a six-month period. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.5%. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a mutual fund, units in pooled separate accounts and an insurance contract managed by Prudential, or an affiliate thereof. Prudential is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Dividend income received by the Plan is net of fees charged to the mutual fund by the Custodian or its affiliates. Fees paid by the Plan for administrative and investment management services amounted to $16,082 for the year ended December 31, 2016.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8: TAX STATUS

The Plan is a Non-Standardized 401(k) Plan (Prototype Plan) sponsored by Prudential and adopted by the Company. The Prototype Plan obtained its latest opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the Prototype Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC").

Although the Plan has not received a determination letter specified to the Plan itself, the Plan administrators (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or applicable state authority.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
