BERMAN AUTO GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1 - Description Of Plan

The following description of the Berman Auto Group 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The companies covered by the Plan include Mid-City Nissan, Inc., Star Nissan, Inc., Berman's Infiniti of Chicago, Inc. and Berman's Infiniti of Merrillville, LLC, collectively referred to herein as Employer.

General
The Plan is a defined contribution plan covering substantially all employees who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

Contributions
Each year, participants may contribute a portion of their annual compensation, subject to certain limitations under the Internal Revenue Code and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts
Each participant's account is credited with participant contributions and an allocation of plan earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, plus earnings thereon.

Payment of Benefits
Upon termination of employment or attainment of age 59 1/2, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Benefits are payable either in a lump sum or in installment payments in cash or in-kind, as described by the Plan.

Forfeitures
Forfeited balances of terminated participants' nonvested accounts may be applied to employer contributions or to pay administrative expenses of the Plan. Forfeited nonvested accounts totaled $2,180 and $1,194 at December 31, 2016 and 2015, respectively.

Notes Receivable from Participants
Participants may borrow a minimum of $1,000 and a maximum of the lesser of one-half of their vested account balance or $50,000 reduced by the excess, if any, of the highest outstanding loan balance in their account during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made. Loans must be repaid over a period not to exceed five years or, for the purchase of a principal residence, a longer repayment term may be permitted. The loans are secured by the participant's vested account balance. Loans bear interest at a reasonable rate of interest as determined by the plan administrator. Interest rates ranged from 4.25% to 4.50% at December 31, 2016. Interest rates on all loans were 4.25% at December 31, 2015.

Administrative Expenses
The employer pays substantially all administrative expenses of the Plan. Certain investment and transaction fees are recorded as expenses of the Plan.

2 - Summary Of Significant Accounting Policies

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when received. Delinquent participant notes receivable are reported as taxable income to the participant upon default. The taxable amount is equal to the outstanding loan balance plus accrued interest through the date of default. Defaulted loans are included in notes receivable from participants at the unpaid principal balance until the participant has a distributable event and the loan balance is offset against other benefits.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. In accordance with the policy of stating investments at fair value, net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. Plan assets maintained in cash and money market accounts are not insured by the Federal Deposit Insurance Corporation. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded upon payment.

Subsequent Events Review
Management has evaluated subsequent events through October 13, 2017, the date when the financial statements were available to be issued.

New Accounting Pronouncements
In July 2015, the FASB issued Accounting Standards Update 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (ASU 2015-12): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" (ASU 2015-12). This three-part update simplifies current benefit plan accounting. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value. Part II eliminates the requirement of benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the

financial statements or in the notes to the financial statements. Part II also requires the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. Part I and II are effective retrospectively for fiscal years beginning after December 15, 2015. Part III of this update provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015. The accounting and disclosures in these financial statements and notes follow the applicable portions of ASU 2015-12. The adoption was applied retrospectively and certain investment disclosures were revised or eliminated as a result of the adoption of the ASU.

3 - Market Risk

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4 - Plan Termination

Although it has not expressed any intent to do so, the employer has a right to terminate the Plan subject to the provisions of ERISA.

5 - Information Certified By The Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2016 and 2015, and for the year ended December 31, 2016. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

(a) Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015.

(b) Investment income and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

(c) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and supplemental schedule.

6 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1
Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2
Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

(a) Quoted prices for similar assets or liabilities in active markets.
(b) Quoted prices for identical or similar assets or liabilities in inactive markets.
(c) Inputs other than quoted prices that are observable for the asset or liability.
(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
December 31, 2016				
Money market fund	$ 221,223	$ -	$ -	221,223
Mutual funds	4,038,726	-	-	4,038,726
Investments at fair value	$ 4,259,949	$ -	$ -	$ 4,259,949

	Level 1	Level 2	Level 3	Total
December 31, 2015				
Money market fund	$ 309,084	$ -	$ -	309,084
Mutual funds	3,006,582	-	-	3,006,582
Investments at fair value	$ 3,315,666	$ -	$ -	$ 3,315,666

For years ended December 31, 2016, and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3**.**

7 - Tax Status

The Plan adopted a prototype plan. The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income examination for years prior to December 31, 2013.

8 - Excess Contributions Payable

At December 31, 2015, a payable of $36,351 was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

9 - Related Party Transactions

Fidelity Management Trust Company, an affiliate of Fidelity Investments, is the trustee of the Plan. The Plan invests in numerous mutual funds managed by Fidelity Investments; therefore, the transactions related to these mutual funds qualify as party-in-interest transactions. Amounts paid by the Plan to Fidelity Investments totaled $2,989 and $3,925 for the years ended December 31, 2016 and 2015, respectively. Additional investment expenses may be paid to Fidelity Investments and netted against investment income.

10 - Reconciliation Of Financial Statements To Schedule H of Form 5500

11 - Plan Corrections

The Plan incurred operational failures including crediting the wrong participant accounts with contributions and loan repayments. The Plan is currently working on correcting the violations. New controls are being put in place to prevent and detect operational failures in the future.

12 - Prohibited Transactions

In 2016, the employer withheld contributions and loan repayments from participants' compensation that were not remitted to the Plan within the time period described by 29 CFR 2510.3-102 which is in violation of ERISA. The Plan is currently working with the Plan trustee to rectify these problems, which should include the employer making contributions into the Plan, paying lost earnings, and paying any applicable excise taxes resulting from these prohibited transactions.
