Independent Auditor's Report

To the Board of Directors and Participants
Technical Chemical Company 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Technical Chemical Company 401(k) Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 of the financial statements, the Plan adopted new accounting guidance related to the presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting.

Our disclaimer of opinion is not modified with respect to these matters.

Other Matter – 2015 Financial Statements
The financial statements of the Plan as of December 31, 2015, were audited by other auditors whose report, dated August 30, 2016, did not express an opinion on the 2015 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2015 financial statements, other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule
The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Technical Chemical Company 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whereby eligible employees of Technical Chemical Company (the Company) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (the Code). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective on May 1, 1997.

Eligibility: All employees of the Company are eligible to participate in the Plan on the entry date (first day of the fiscal quarter) coincident with or following the completion of one year of service, as defined by the Plan. A year of service is the completion of not less than 1,000 hours of service in a twelve consecutive month period. Also, all employees must meet the minimum age requirement of twenty-one years old.

Contributions: Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Matching contributions made by the Company are 100% of the participant's contribution up to a limit of 2% of compensation. Additional non-matching contributions may be contributed at the option of the Company on a discretionary basis on behalf of all eligible employees whether or not they made elective contributions for the Plan year. In 2016, no discretionary contributions were made to the Plan. The Plan currently offers several mutual funds and a stable value investment contract as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution, rollover contributions and allocation of (a) the Company’s matching contributions and Company discretionary contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is 20% vested after two years of credited service, 20% for each additional year, and is fully vested after six years. A participant is 100% vested regardless of years of service, upon disability, death or attaining normal retirement age.

Payment of benefits: On termination of service due to death, disability, termination of employment or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as various types of annuities as specified in the Plan.

Forfeited accounts: Forfeitures are retained in the Plan and used to reduce future Company contributions under the Plan. At December 31, 2016 and 2015 forfeited nonvested accounts totaled $4,954 and $4,047, respectively. During 2016, amounts of employer nonvested contributions forfeited were approximately $1,441 and employer contributions were reduced by approximately $534 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive in they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Company or the Plan. Certain Plan expenses, such as transaction fees, withdrawal, or distribution from the Plan, are deducted from individual participants' accounts or investment income. Certain administrative functions are performed by employees of the Company. However, such employees receive no compensation from the Plan.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*.

The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2016. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2016 plan year, and it was retrospectively applied to the year ending December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 3.

Note 3. Fair Value Measurements

ASC 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ACS 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan as the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted at prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the assets or liabilities, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- **Pooled separate accounts:** Valued at net asset value (NAV), as a practical expedient, which is based on the market value of the underlying investments held by the pooled separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015.

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
2016:				
Investments, at fair value				
Pooled separate accounts measured at NAV (i)	$ -	$ -	$ -	$ 2,724,791
Total investments at fair value	$ -	$ -	$ -	$ 2,724,791
2015:				
Investments, at fair value				
Pooled separate accounts measured at NAV (i)	$ -	$ -	$ -	$ 2,447,974
Total investments at fair value	$ -	$ -	$ -	$ 2,447,974

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers between levels.

The following table provides additional disclosures of the Plan's pooled separate account investments, whose fair value is estimated using net asset value per share as of December 31, 2016 and 2015:

	Fair Value	Redemption Frequency	Redemption Notice Period
2016:			
Pooled separate accounts	$ 2,724,791	Daily	None
2015:			
Pooled separate accounts	2,447,974	Daily	None

No investments listed above had unfunded commitments as of December 31, 2016 and 2015. Certain investments in the above categories restrict transfers in to once in any 30-day rolling period. New contributions are allowed during this period.

Note 4. Information Certified By Transamerica Life Insurance Company

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian, Transamerica Life Insurance Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian related to the following assets as complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United Stated Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not the perform any additional procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2016	2015
Investments, at fair value:		
Pooled separate accounts	$ 2,724,791	$ 2,447,974
Investments, at contract value:		
Investment contract	794,079	748,750
	$ 3,518,870	$ 3,196,724

Transamerica Life Insurance Company also certified to the completeness and accuracy of $216,928 of net appreciation in fair value/contract value of investments and $9,495 of interest income for the year ended December 31, 2016.

Note 5. Investment Contract With Insurance Company

In 1997, the Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company. The Stable Value Option investment choice is a nontradable obligation of Transamerica. Thus, the investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in creditworthiness of Transamerica, the Stable Value Option investment choice may no longer be considered fully benefit-responsive. The terms of the contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits or transfers to other investment choices within the plan. Since the investment contract is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value with Transamerica and participants holding the investment is not probable. The investment choice allows participants reasonable access to their assets in it.

The investment contract has no stated maturity. Interest rates are reset monthly as to the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. There is no stated minimum or maximum interest rate for the Stable Value Option investment choice and, therefore, it is not a guaranteed investment contract.

The fair value, which is also the contract value, of the investment contract at December 31, 2016 and 2015 was $794,079 and $748,750 respectively. The crediting interest rate is based on a formula agreed upon with the issuer and such interest rates are reviewed on a monthly basis for resetting. The average yield earned by the Plan and average interest rate credited to participants was 1.15% for the year ended December 31, 2016.

Note 6. Excess Contributions

Liabilities of $12,713 and $0 as of December 31, 2016 and 2015, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of ERISA. Excess contribution payables are included as a reduction of participant contributions on the statement of changes in net assets available for benefits.

Note 7. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and Transamerica Life Insurance Company (the custodian) qualify as party-in-interest transactions.

Note 8. Tax Status

The Technical Chemical Company 401(k) Retirement Plan is a volume submitter plan of Transamerica Life Insurance Company. The Internal Revenue Service has determined and informed the custodian by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9. Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Plan Termination

While there is no intention to do so the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 11. Subsequent Events

Subsequent events have been evaluated through October 11, 2017, the date the financial statements were available to be issued. Effective January 1, 2017 the plan was amended to allow for participant loans from the plan and to reduce the minimum age requirement to eighteen years old.
