WITRON INTEGRATED LOGISTICS CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. GENERAL DESCRIPTION OF THE PLAN

The following description of the Witron Integrated Logistics Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Witron Integrated Logistics Corporation (the "Sponsor") who have attained age 21 and have completed three months of service. Employees become eligible for the Sponsor safe harbor matching contributions and Sponsor discretionary contributions once they have completed twelve months of service. The Plan became effective January 1, 1997, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC").

During 2016, the Plan was amended to cover substantially all employees of WIOSS Atlanta, LP and WIOSS Lansing, LP, effective July 1, 2016 and September 1, 2017, respectively.

Contributions

Employees eligible to participate in the Plan ("participants") may contribute any percentage of eligible compensation, as defined, to the Plan through a salary deferral arrangement, up to the limit prescribed by the IRC, which is adjusted annually by the Internal Revenue Service ("IRS"). Participants may also make rollover contributions, which represent distributions from other qualified retirement plans.

For active participants, the Sponsor makes safe harbor matching contributions equal to 100% of the first 3% of participant deferrals, and 50% of the next 2% of participant deferrals, for a maximum match of 4% of each participant's eligible compensation. The Sponsor, at its sole discretion, may also make profit-sharing contributions to the Plan annually on behalf of participants. Profit-sharing contributions are allocated amongst participants based upon the ratio that the participant's compensation for the Plan year bears to the total compensation for the Plan year of all participants. No discretionary profit-sharing contribution was made for the year ended December 31, 2016.

Investment options

The Plan's assets are held by Nationwide Trust Company, FSB, (the "Custodian"), the custodian of the Plan's investment assets. Under an arrangement with the Custodian and upon enrollment in the Plan, a participant may direct employee contributions in any whole percentage increments in any of the available funds. Participants may change their allocation to the various investment options at any time via telephone or the internet.

Participant accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Sponsor's contributions on behalf of the participant and (c) the earnings and losses of the participant's investments, and is charged with administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Sponsor safe harbor matching contributions plus actual earnings thereon. Vesting in the Sponsor's non-safe harbor matching contributions and discretionary contributions along with actual earnings thereon is based on years of qualifying service with the Sponsor, as follows:

Years of service	Vesting
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited accounts

Forfeited non-vested accounts can be applied to reduce administrative expenses of the Plan or Sponsor contributions. During the year ended December 31, 2016, forfeited amounts were $3,468, and $8,950 was used to pay administrative expenses. At December 31, 2016 and 2015, accumulated forfeitures available to reduce future administrative expenses or Sponsor contributions totaled $1,253 and $10,136, respectively.

Payment of benefits

Upon termination of service with the Sponsor, attainment of normal retirement age, or for reasons of death or disability, a participant may request a lump-sum distribution equal to the value of his or her vested account. A terminated participant whose vested account balance does not exceed $1,000 will receive a lump-sum distribution of the vested account balance immediately following termination. The Plan does not allow withdrawals for reasons of financial hardship.

Notes receivable from participants

Participants may borrow, from their fund accounts, amounts ranging from $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. The maximum term of repayment for a loan is five years. The loans are secured by the balance in the participant's account and bear interest based on the prime rate of interest published by the Wall Street Journal as of the date of the loan, plus 1%. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% and 4.50% on participant loans outstanding at December 31, 2016 and were 4.25% on loans outstanding at December 31, 2015. Participants are only allowed to have one loan outstanding at a time.

Administrative expenses

Administrative costs associated with certain participant-initiated transactions are paid by the Plan and charged to the accounts of the participants who initiate the transactions. Additionally, each participant is charged with an annual asset management fee based on the total number of participants in the plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Change in accounting principles

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate

investments that are measured using fair value by general type; however, plans are not longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be retrospectively applied. In 2015, management has elected to early adopt Part II.

Payment of benefits
Benefits are recorded when paid.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Interest income is recorded when earned. Net appreciation/depreciation in fair value of mutual funds includes dividends and realized and unrealized gains and losses on those investments.

Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation/depreciation of fair value of investments.

Use of estimates in financial statement preparation
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events
The Sponsor has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The following information included in the Plan's financial statements and supplemental schedule was prepared and certified as complete and accurate by the Custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016:

	2016	2015
Mutual funds	$ 4,302,043	$ 3,289,678
Net appreciation in fair value of mutual funds	$ 257,041	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the year ended December 31, 2016.

- Mutual funds: Valued at unit value which is computed daily by the Custodian. The net asset value (NAV) of shares is increased proportionately by the allocated dividends and capital gains and reduced by an asset management charge.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Investments at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,302,043	$ -	$ -	$ 4,302,043

	Investments at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,289,678	$ -	$ -	$ 3,289,678

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. RELATED PARTY TRANSACTIONS

The Sponsor incurs certain costs on behalf of the Plan and provides recordkeeping services to the Plan at no cost. The Plan invests in certain funds managed by the Custodian. Accordingly, transactions in such investments qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. TAX STATUS

The Plan uses a volume submitter plan document sponsored by The Pension Specialists LTD, who was informed by the IRS by letter dated March 31, 2014, that the plan, as amended, is designed in accordance with the applicable sections of the IRC. The Plan has not obtained a determination from the IRS on its adoption of the volume submitter plan. In accordance with Revenue Procedure 2002-6, the Sponsor has chosen to rely on the opinion letter of the volume submitter plan. Subsequent to this opinion letter, the plan has been amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress, and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2013.

9. SUBSEQUENT EVENTS

Effective January 1, 2017, the Plan document was amended to cover substantially all employees of Witron Service America, LP, WIOSS East, LP, and WIOSS West, LP.

Effective May 1, 2017, the Plan document was amended to allow in-service distributions for reasons other than hardship withdrawals. In order to obtain the in-service distribution, the participant must attain age 59 1/2 and be fully vested in all accounts.
