NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Intouch Solutions, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Intouch Solutions, Inc. (the "Company") for the benefit of its full-time employees who are age nineteen or older. The Plan excludes leased employees, reclassified employees, interns, and part-time, temporary, and seasonal employees whose regularly scheduled service is less than 1,000 hours per year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's Investment Committee (the "Committee") that reports to the Board of Directors. The committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan restatement - Effective January 1, 2016, the Plan was restated in accordance with the Pension Protection Act of 2006. The Internal Revenue Services ("IRS") has determined that the volume submitter defined contribution plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed the third party administrator in a letter dated March 31, 2014.

Contributions - Participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of salary deferrals up to 3% of compensation plus 50% of salary deferrals on the next 2% of compensation. In addition, the Company may make a discretionary non-elective contribution. For the years ended December 31, 2016 and 2015, the Company contributed \$100,000 and \$492,592, respectively, as a discretionary non-elective contribution. Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers 30 mutual funds and a group annuity contract as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions and employer safe harbor matching contributions plus actual earnings are immediately 100% vested. Discretionary non-elective employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	33%
2	66%
3	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants who have an account balance over \$5,000 upon termination of service may maintain their account. If the participant's vested account balance is between \$1,000 and \$5,000 at the time of termination and the participant has not elected to receive a distribution, a distribution will be directly rolled to an individual retirement account. If the participant's vested account balance is less than \$1,000 at the time of termination, a lump sum payment will automatically be issued to the participant.

Forfeited accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$9,424 and \$11,076, respectively. These accounts will be used to reduce employer contributions and to pay administrative expenses. For the years ended December 31, 2016 and 2015, administrative expenses were reduced by \$13,355 and \$29,550, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INTOUCH SOLUTIONS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) Information prepared and certified by the custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company (formerly Verisight Trust Company) and Transamerica Life Insurance Company ("Transamerica"), the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value (except the fully benefit-responsive investment contract at contract value)
- Notes receivable from participants (certified for the period September 29, 2016 through December 31, 2016)
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015.

Investments at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,718,311	\$ -	\$ -	\$ 31,718,311
Investments at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,550,273	\$ -	\$ -	\$ 24,550,273
Interest bearing cash	553,418	-	-	553,418
Total assets in the fair value hierarchy	\$ 25,103,691	\$ -	\$ -	25,103,691
Investments measured at NAV ^(a)				928,033
Total investments, at fair value				\$ 26,031,724

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan. There were no investments using the NAV per share practical expedient as of December 31, 2016.

	Fair Value 12/31/2015	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common collective trust	\$ 928,033	\$ -	Daily	None

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive group annuity contract**

The Plan has a fully benefit-responsive group annuity contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at contract value as provided by Transamerica.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The group annuity contract has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The effective crediting interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return.

The terms of Transamerica's group annuity contract require all permitted participant initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the Plan. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(6) **Related party transactions and party-in-interest transactions**

Transactions with an investment advisor, a third party administrator, and a recordkeeper qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to various service providers during the years ended December 31, 2016 and 2015, respectively, which were not covered by revenue sharing. Ameritas Investment Corp is the investment advisor to the Plan. The Plan made direct payments to the investment advisor of \$50,377 and \$67,495 for the years ended December 31, 2016 and 2015, respectively. The Plan made direct payments to Tax Favored Benefits, Inc., the third party administrator, of \$500 and \$9,005 for the years ended December 31, 2016 and 2015, respectively. The Plan made direct payments to Newport Group, Inc. (formerly Daily Access) for recordkeeping services of \$47,628 and \$122,893, for the years ended December 31, 2016 and 2015, respectively. In addition, the Plan made direct payments to Transamerica Retirement Solutions for recordkeeping services of \$19,637 for the year ended December 31, 2016.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

INTOUCH SOLUTIONS, INC. 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Tax status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with the applicable sections of the IRC and informed the third party administrator of such in a letter dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Effective January 1, 2016, the Plan was restated in accordance with the Pension Protection Act of 2006. The IRS has determined that the volume submitter defined contribution plan document is designed in accordance with applicable sections of the IRC and informed the third party administrator in a letter dated March 31, 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent events

The Plan has evaluated subsequent events that have occurred through October 12, 2017, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
