NOTE 1: DESCRIPTION OF THE PLAN

Housley Communications is an incorporated entity engaged in the design, construction, and repair of telecommunication cable systems. The following description of the Housley Communications, Inc. (the Company) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (defined as 1,000 hours over a twelve month period) and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – Pension Planning Consultants, Inc. performs recordkeeping services for participant funds. John Hancock was the trustee for the Plan through October 21, 2016 when the Plan transferred all assets to AXA Equitable to serve as the trustee.

Contributions – Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested according to the participant's investment fund election. Contributions are subject to certain limitations.

Participants Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the present value of the participant's non-forfeitable accrued account balance. The participant may have only two loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is earned and paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant must receive the value of the vested interest in his or her account as a

lump-sum distribution. Participants, whose vested account balance exceeds $1,000, can direct the timing of the distribution.

Forfeited Accounts – During the years ended December 31, 2016 and 2015, forfeited non-vested accounts totaled $35,729 and $19,586, respectively.

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

The following investments exceed 5% of the Plan's net assets available for plan benefits as of December 31, 2016 and 2015:

	2016	2015
Investments, at fair value:		
Guaranteed Interest Option	$ 2,294,711	
Retirement Life at 2035		$ 575,334
Retirement Life at 2030		2,125,032
Retirement Life at 2025		1,890,244
Retirement Life at 2020		703,930
Retirement Life at 2015		656,910
Retirement Life at 2010		1,140,598
Vanguard Target Retirement 2020 Inv	596,858	
Vanguard Target Retirement 2025 Inv	1,746,245	
Vanguard Target Retirement 2030 Inv	1,833,649	
Vanguard Target Retirement 2035 Inv	747,183	

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis, while dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at the participant's unpaid principal balance plus any accrued but unpaid interest.

Operating Expenses – All expenses of maintaining the Plan are paid by the Plan and are allocated to each participant's account on a prorated basis. During fiscal years 2016 and 2015, the Plan paid $14,695 and $21,569 in administrative expenses, which are included

in the accompanying statements of changes in net assets available for plan benefits as administrative fees.

Payment of Benefits – Benefits are recorded upon distribution.

Reclassifications – Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of the Plan.

NOTE 3: EMPLOYER'S CONTRIBUTION RECEIVABLE

At the discretion of the Company's board of directors, additional profit sharing amounts may be contributed to the Plan. Total contributions for the years ended December 31, 2016 and 2015 were $275,005 and $850,000, respectively. Employer contributions receivable at December 31, 2016 and 2015 were $275,000 and $850,000, respectively.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 5: FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February 26, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of investment funds issued by John Hancock Life Insurance Company. These investment funds are managed by John Hancock Life Insurance Company, and these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. For the years ended December 31, 2016 and 2015, fees paid by the Plan for investment management services were $1,808 and $2,107, respectively.

The Company has contracted with Pension Planning Consultants to serve as a third party administrator in managing the Plan. For the years ended December 31, 2016 and 2015, fees paid by the Plan for investment management services were $18,246 and $19,462, respectively. No fees were owed or paid by the Company.

In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 8: TRUSTEE CERTIFICATION

As of December 31, 2016, AXA Equitable certified that the trustee statements submitted to the plan administrator and used to prepare investment information and related activity included in these financial statements are complete and accurate.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2016
Investments, at fair value:	
Mutual funds	$ 6,758,611
Cash and Cash Equivalents	2,564,044

AXA Equitable also certified to the completeness and accuracy of $671,754 of net appreciation in fair value of investments and $22,160 of dividends and interest related to the aforementioned assets for the year ended December 31, 2016.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

	Year Ended December 31, 2016	Year Ended December 31, 2015
Net assets available for plan benefits per the financial statements	$ 10,054,720	$ 10,029,393
Differences	-0-	-0-
Net assets available for plan benefits per the Form 5500	$ 10,054,720	$ 10,029,393

NOTE 10: FAIR VALUE MEASUREMENTS

The Plan's financial instruments consist principally of shares of mutual funds, participant loans, and contributions receivable. The fair value of a financial instrument is the amount that would be received in an asset sale or paid to transfer a liability in an orderly transaction between unaffiliated market participants. Assets and liabilities measured at fair value are categorized based on whether the inputs are observable in the market and the degree that the inputs are observable. The categorization of financial instruments within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The hierarchy is prioritized into three levels (with Level 3 being the lowest) defined as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2: Observable inputs other than prices included in Level 1, such as quoted prices sets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

The fair value of the Plan's shares of registered investment companies was determined based on Level 1 inputs. The Plan does not have any Level 2 or Level 3 inputs. The Plan believes that the recorded values of all the other financial instruments approximate their current fair values because of their nature and relatively short maturity dates or durations.

There have been no changes in Level 1, Level 2, and Level 3 and no changes in valuation techniques for these assets for the years ended December 31, 2016 and 2015.

The Plan uses the following methods and assumptions to estimate the fair value of each class of financial instruments for which it is practicable to estimate such value:
Shares of Registered Investment Companies – The net asset value of shares in mutual funds are valued based upon quoted market prices at the close of each business day and are classified in Level 1 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of December 31, 2016 and 2015:
