An eligible employee is any person who is at least age 21 and employed by Moran & Company. The participant becomes eligible to participate in the Plan after the Employee completes one year of service. The Plan's Retirement Committee and plan administrator control and manage the operation and administration of the Plan. The Retirement Committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Correll Co. is recordkeeper of the Plan. MG Trust Company LLC is the custodian of the Plan's investments.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan subject to limitations as determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer contributions may be made to match 100% of participant elective contributions up to 5% of compensation. The employer contribution is 100% vested at the time of the contribution.

Participant Accounts

Each participant's account is credited with their contributions and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on investment earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the available investment options. Participants may change their investment options quarterly.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. Loan terms range from 1-5 years. This time frame can be extended for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Benefits are recorded when paid. At December 31, 2016 and 2015, there are no participants who have requested payments who remain unpaid.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Amounts
At December 31, 2016 and 2015, forfeited nonvested amounts totaled $80 and $4,676, respectively. Forfeitures are used to first reduce the Employer Profit Sharing Contribution for the Plan Year in which the forfeiture occurs and then to reduce the Employer Matching Contributions for the Plan year.

Termination
The company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting.

Change in Accounting Principal
For plan years beginning before December 15, 2015, all investment contracts held by a defined-contribution plan were required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Therefore, prior to December 15, 2015, The Statement of Net Assets Available for Benefits presented the fair value of the investment contracts as well as an adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

The AICPA issued an update (ASU 2015-12) to the Statement of Position (SOP) 94-4 *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans* requiring fully benefit-responsive investment contracts be measured, presented, and disclosed at contract value for plan years beginning after December 15, 2015. Therefore, at December 31, 2016, The Statement of Net Assets Available for Benefits presents fully benefit-responsive investment contracts at contract value and all other investments at fair value (with no adjustment from fair value to contract value). This change is not retroactive and only applies to the plan year ending December 31, 2016.

The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Administrative Costs
The employer absorbs all administrative costs except for investment and management fees charged by the Plan custodian and trustee.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status
The Plan obtained its latest determination letter in 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 3 - INVESTMENTS CERTIFIED BY THE TRUSTEE (UNAUDITED)

At December 31, 2016 and 2015, the Plan assets were primarily held by a trustee, MG Trust Company LLC. The following is a summary of the Plan's financial information that is included in the financial statements based upon information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

The Plan has determined and reported, in the accompanying financial statements of net assets available for benefits, the fair value of certain assets through the application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Level 1 consists of unadjusted quoted prices in active markets for identical assets and has the highest priority, Level 2 has no inputs in this Plan, and Level 3 inputs are unobservable and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 and 2 inputs are not available.

For Plan years beginning before December 15, 2015, fully benefit-responsive investment contracts were considered Level 3 investments and reported at fair value. The following discussion regarding Level 3 fair value measurement of the investment contract held by Wilmington Trust pertains to the Plan year ending December 31, 2015 only.

Level 1 - The fair value of mutual funds is based on the quoted net asset value of the shares held by the Plan at year-end.

Level 3 - The guaranteed investment contract held by Wilmington Trust with MetLife is not actively traded and significant other observable inputs are not available. Thus, the fair value of the group trust investment is based upon the fair value of the underlying assets. For assets valued using Level 3 inputs, the Plan reassesses annually the policies and procedures to determine if the current valuation techniques are still appropriate.

NOTE 3 - INVESTMENTS CERTIFIED BY THE TRUSTEE (UNAUDITED) (Continued)

Fair values of assets measured on a recurring basis at December 31, 2016 and 2015 by level within the fair value hierarchy, are as follows:

	2016	2015

Wilmington Trust Contract	(76,231)	89,458

Change in Contract Value	16,077	28,973
Change in Net Assets Available for Benefits	$ 1,306,558	$ 223,438

NOTE 7 - DEFERRED BENEFITS

Amounts allocated to separated participants with deferred vested benefits at December 31, 2016 and 2015 are $1,384,999 and $1,781,861, respectively.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 9 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, the Plan entered into a fully benefit-responsive guaranteed investment contract with Wilmington Trust Company (Wilmington). Wilmington maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity contract No. 25444 invests in an insurance company group annuity contract with a guaranteed interest rate adjusted quarterly. The average yield earned by the Contract for the year ended December 31, 2016 was 1.84%.

For plan years beginning before December 15, 2015, fully benefit-responsive contracts were presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. The fair value of the investment contract at December 31, 2015 was $1,726,348.

For plan years beginning after December 15, 2015, fully benefit-responsive contracts are presented on the face of the statement of net assets available for benefits at contract value. The contract value of the investment contract at December 31, 2016 is $1,650,119. Contract value, as reported to the Plan by Wilmington, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined quarterly by MetLife but may not be less than zero.

Certain events limit the Plan's ability to transact at contract value with Wilmington. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan adminstrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan Participants are probable of occuring.

NOTE 10 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association, or relatives of such persons.

Fees paid by the Plan for investment management services and record-keeping services were $16,866.00 and $16,675.00, respectively, in 2016 and 2015.

NOTE 11 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 9, 2017, the date the financial statements were available to be issued.
