SPANGLER CANDY COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note 1— Plan description

The following description of Spangler Candy Company 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Spangler Candy Company (the Company) who have reached 19 years of age and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions and vesting

The Plan provides for employee salary 401(k) contributions up to a maximum of 100% of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants are immediately vested in employee salary and rollover contributions and any income or loss thereon. Participants not covered by a collective bargaining agreement are immediately eligible, upon entry into the Plan, to receive a 50% employer matching contribution on the first 4% of compensation that is deferred. Those participants are fully vested in the employer match after three years of service.

Beginning on January 1, 2011, employees are eligible to receive an additional 0-3% of compensation lump-sum contribution based on company performance, which is paid the following year. Participants are fully vested in this contribution immediately. Participants received a 3% contribution related to the 2015 plan year which was contributed in 2016 and was a receivable as of December 31, 2015. Participants also received a 3% contribution related to the 2016 plan year, which was contributed in 2017 and is a receivable as of December 31, 2016.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

SPANGLER CANDY COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 1–Plan description – continued

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Notes receivable must bear a term of no more than 5 years, or up to 10 years for the purchase of a primary residence, and principal and interest are paid ratably through monthly payroll deductions. Outstanding notes receivable will become due upon death or when a participant receives benefits.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or various annual annuities. Account balances less than \$5,000 are paid in a single lump sum upon termination.

Hardship withdrawals

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan and any remaining forfeitures will be allocated to participants. There were forfeitures used in 2016 and 2015 of approximately \$45,000 and \$0, respectively. There are no unallocated forfeitures at December 31, 2016 and 2015.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

Note 2–Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the guaranteed investment contract (a fully benefit-responsive investment contract) which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion and disclosures related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

SPANGLER CANDY COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 2—Summary of significant accounting policies – continued

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balances plus accrued but unpaid interest. Notes receivable from participants are written off when deemed uncollectible based upon the terms of the plan document.

Contributions

Employee salary deferrals and employer contributions are included in income during the period the related salary is earned.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Various administrative costs are paid by the Company.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2016 with early adoption permitted. The Plan has elected to early adopt the new guidance applicable to the Plan for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

SPANGLER CANDY COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 2—Summary of significant accounting policies – continued

New accounting pronouncements - continued

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015 and is to be applied retrospectively. Parts I and II are to be applied retrospectively. The Plan adopted the applicable provision of ASU 2015-12 for the December 31, 2016 Plan year. There was no impact on the statement of net assets available for benefits at December 31, 2015.

Subsequent events

The financial statements and related disclosures include evaluation of events up through and including October 11, 2017, which is the date the financial statements were available to be issued.

Reclassification

Certain 2015 amounts have been reclassified for comparative purposes to conform to the presentation of the 2016 financial statements. These reclassifications have no effect on the previously reported net assets available for benefits.

Note 3—Investments

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the trustee) holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and notes receivable from participants' balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the trustee. The independent auditors have not examined such information.

Note 4—Tax status

The Plan has received a favorable determination letter from the Internal Revenue Service dated May 24, 2012 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Subsequent to yearend, the Company received a letter from the IRS dated June 8, 2017, stating that the Plan remains tax exempt. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

SPANGLER CANDY COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS – CONTINUED
December 31, 2016 and 2015

Note 4–Tax status - continued

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

Note 5–Fair value measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2016 and 2015.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs for the guaranteed investment contract include specific terms and contractual provisions outlined in the contract including the effective interest rate, composite credit rate, and surrender charge.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – valued at the quoted closing market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Pooled separate accounts – valued using the net asset value per unit provided by the administrator of the fund. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is not a publicly quoted price in an active market.

Common collective trust funds – valued at the net asset value of units of a collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Note 5–Fair value measurements - continued

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total	Fair Value Measurements at December 31, 2016		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 0	\$ 0	\$ 0	\$ 0
Total investments in the fair value hierarchy	0	\$ 0	\$ 0	\$ 0
Investments measured at net asset value ^{(1) (2)}	13,764,033			
Total investment assets at fair value	\$ 13,764,033			

Description	Total	Fair Value Measurements at December 31, 2015		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 0	\$ 0	\$ 0	\$ 0
Total investments in the fair value hierarchy	0	\$ 0	\$ 0	\$ 0
Investments measured at net asset value ^{(1) (2)}	13,760,735			
Total investment assets at fair value	\$ 13,760,735			

(1) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(2) In accordance with ASU 2015-12, indirect holdings, which were reported as a common/collective trust fund in the prior year, are no longer presented as Level 2 but included in the Investments measured at the net asset value. The 2015 schedule has been reclassified to reflect such change.

The pooled separate accounts and common collective trust funds have no unfunded commitments, have a daily redemption frequency and requires a 1 day redemption period. The fair value of the pooled separate accounts, as measured at the net asset value (or its equivalent) is \$947,717 at December 31, 2016. The fair value of the common collective trust funds, as measured at the net asset value (or its equivalent) is \$6,952,622 and \$5,596,709 at December 31, 2016 and 2015, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6—Investment contracts

In 2010, the Plan entered into a benefit-responsive investment contract the trustee. The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract (GIC) does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. However, the investment contract generally imposes conditions on both the Plan and the issuer. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default: a breach of material obligation under the contract; a material misrepresentation; or a material amendment to the plan agreement. The issuer may be in default if it breaches a material obligation under the investment contract; makes a material misrepresentation; has a decline in its long-term credit rating below a threshold set forth in the contract; or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan were unable to obtain a replacement investment contract, withdrawing plans may experience losses if that value of the Plan's assets no longer covered by the contract is below contract value.

As described in Note 2, because the GIC is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the GIC. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

	2016	2015
Average yields for GICs:		
Based on actual earnings	0.81%	1.26%
Based on interest rate credited to participants	0.82%	1.28%

Note 7–Related party transactions and party in interest transactions

Certain plan assets are held in investment funds managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. Principal Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party in interest transactions as defined under ERISA guidelines. The Plan made direct payments to the trustee in the amount of approximately \$48,100 and \$3,700 during 2016 and 2015, respectively.

Note 8–Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9–Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:

The following is a reconciliation of investment income per the financial statements for the years ended December 31, 2016 and 2015 to Form 5500:

	2016	2015
Total net increase in assets available for benefits per the financial statements	\$ 1,320,518	\$ 945,507
