Report of Independent Auditors

To the Administrator of
Belcan Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Belcan Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Belcan Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and Participation

The Plan is a defined contribution plan established on October 1, 1985 covering eligible employees of Belcan LLC (the "Company") and the following affiliates that have adopted the Plan ("Participating Employer"): (a) Belcan Engineering Group, LLC; (b) Belcan Services Group Limited Partnership; and (c) Tandel Systems, Inc., effective January 13, 2016, (collectively, the "Plan Sponsor"). To be eligible to participate in the Plan, an individual must be an employee of the Company or a Participating Employer who has completed at least three months of service, attained at least age 21, and who is not: (1) co-op student; or (2) eligible to participate in the Belcan Services Group Limited Partnership Retirement Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code of 1986, as amended (the "Code").

During 2015, certain employees of the Plan were transferred to the BelFlex Staffing Network Retirement Savings Plan in conjunction with the reorganization of the company and participating employer. This transfer totaled \$2,773,711.

Administration and Trustee

The Plan is administered by a committee (the "Committee") comprised principally of management. The Committee appointed Bank of America, N.A. ("Bank of America") as trustee. Bank of America is designated as the trustee and investment manager of the Plan. Bank of America invests and holds all contributions made by the Plan administrator and allocates the amounts among the funds as directed by participants. An affiliate of Bank of America is recordkeeper of the Plan.

Contributions

Participants may contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code). The Plan provides for automatic enrollment of eligible employees at a 3% deferral rate, but participants may stop these automatic contributions at any time or elect a different contribution percentage. Eligible employees on January 13, 2016 as a result of the acquisition of Tandel Systems, Inc. must make affirmative elections to participate in the Plan. Eligible employees of Tandel Systems, Inc. were permitted to rollover balances from the former Tandel Systems, Inc. 401(k) Profit Sharing Plan at the time this plan was terminated in January 2016. All subsequent newly hired employees of Tandel Systems, Inc. are subject to the Plan's automatic enrollment provisions. The Company and the Participating Employer may, at their discretion, match participants' 401(k) contributions, up to the limit determined by the Company and Participating Employers, at a rate of 50% of the first 4% of eligible compensation.

Additionally, the Plan accepts direct rollovers from other plans and arrangements, and rollover contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions at an additional \$6,000 in 2016 and 2015, to the Plan per year.

Participant Accounts

A participant's account is credited with the contributions made to the Plan on behalf of the participant, including company and participating employer matching contributions, and adjusted for earnings and losses thereon. The benefit to which a participant is entitled is the vested amount that is in the participant's account at any given time.

Vesting

Participants are immediately 100% vested in their contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses thereon. Vesting in matching contributions is generally based on years of service. A participant becomes vested at a rate of 20% per year and is 100% vested after being credited with 5 years of service. Also, if while employed by the Company, a Participating Employer, or an affiliated company, the participant reaches normal retirement age, become disabled, or dies, the participant becomes fully vested.

Investments

Upon enrollment into the Plan, a participant may direct employee and employer contributions in 1% increments into various investment options available under the Plan. Participants may reallocate their investments at any time during the year. Accordingly, all investments are participant directed.

Benefits

Distributions may generally be made to a participant upon the participant's termination of employment with the Company, Participating Employers and all affiliated companies. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59½, incurring a financial hardship (if certain requirements are satisfied) or if called to military duty (if certain requirements are satisfied). Benefits shall be paid to participants in the form of lump sum or installment payments upon termination of employment.

Death Benefits

Upon death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

Notes Receivable From Participants

Participants may borrow up to \$50,000 (reduced as required by the Code) or 50% of their vested account balance in the Plan, whichever is less. The maximum term of a loan is 5 years. A participant may only have up to two loans outstanding. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant must generally repay any loan in full within 90 days of the participant's termination of employment with the Company and Participating Employers. At December 31, 2016 and 2015, participant loan interest rates in effect ranged from 4.25% to 4.50% with various maturity dates through 2021.

Forfeited Accounts

Forfeited matching contributions are used to reduce future matching contributions, or to pay the Plan's administrative expenses. At December 31, 2016 and 2015, forfeited accounts totaled approximately \$175,000 and \$79,000, respectively. During the years ended December 31, 2016 and 2015, approximately \$201,000 and \$400,000, respectively, were used to reduce matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value.

The change in the unrealized difference between cost and fair value of investments held is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and losses on dispositions of investments are recognized at the time of disposition with the amount of gain or loss determined on a specific identification basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Contributions

Employee contributions are made through regular payroll deductions and are paid into the Plan bi-weekly along with company and participating employer matching contributions.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the

Belcan Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting*, which simplifies reporting and disclosure requirements for employee benefit plan financial statements. ASU 2015-12 is comprised of three parts: (1) fully benefit-responsive investment contracts, (2) plan investment disclosures and (3) measurement date practical expedient. Part 1 of ASU 2015-12 designates contract value as the only required measure for fully benefit-responsive investment contracts. Part 2 of ASU 2015-12 simplifies and reduces duplicative investment-related disclosures. Part 3 of ASU 2015-12 provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of a month-end date that is closest to the employee benefit plan's fiscal year-end when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is allowed, with retrospective application of Parts 1 and 2 and prospective application of Part 3. Part 3 is not applicable to the Plan; thus the Plan has adopted Parts 1 and 2 of the new guidance retrospectively, which impacted the Statements of Net Assets Available for Benefits, Note 3 – Fair Value Measurements and eliminated the Investments footnote disclosures. There was no impact to the Statements of Changes in Net Assets Available for Benefits.

In May 2015, the Financial Accounting Standards Board issued ASU 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (Units Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The new guidance requires the Plan to continue to disclose information on investments for which fair value is measured at net asset value (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from net asset value. ASU 2015-07, which is required to be applied retrospectively to all periods presented, is effective for fiscal years beginning after December 31, 2015 for public entities and after December 31, 2016 for all other entities. The Plan adopted this new guidance retrospectively, which impacted the presentation of the Plan's investment in the common/collective trust in Note 3 – Fair Value Measurements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets to identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other

Belcan Retirement Savings Plan

Notes to Financial Statements

December 31, 2016 and 2015

means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Cash: Valued at original cost plus accrued interest or at amortized cost as reported by the financial institution associated with the interest-bearing account.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: Valued based on the net asset value (NAV) of units held by the Plan at year end. The net asset value of units held by the Plan is based on the fair value of the underlying investments held by the fund less its liabilities (discussed below). Generally, under ordinary market conditions, all common/collective trust positions provide daily market liquidity to plan participants and the Plan. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of its interest in the common/collective trust fund, however, the trustee of the common/collective trust fund could impose restrictions to the extent that it is determined a full redemption could disrupt the liquidity or management of the fund. There are no unfunded commitments for investments in the common/collective trust fund.

The Federated Capital Preservation trust is composed of fully benefit-responsive investment contracts. The Fund is valued using a \$1 NAV and is primarily invested in fixed income securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicles. The underlying investments of a fully benefit-responsive investment contract are fair valued using readily available market quotations; units or shares of commingled investment vehicles held by the Fund will be valued using the stated NAVs for such units or shares. If market quotations are not readily available for any security or if the Trustee reasonably determines that a market quotation does not accurately reflect the fair value of a security in good faith using various indicia of value, furnished by third parties, including pricing services. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average yield and crediting interest rates were approximately 1.55% and 0.98% for the year ended December 31, 2016 and 1.44% and 0.85% for the year ended December 31, 2015. The crediting interest rate is based on formulas agreed upon with the issuers; there is a 0% minimum credit rate gross of fees. Such interest rates are reviewed monthly for resetting.

Notes to Financial Statements

December 31, 2016 and 2015

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

4. Income Tax Status

The Plan obtained its latest determination letter on December 31, 2015, in which the Internal Revenue Service (IRS) ruled that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Code in all material respects. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.

6. Trustee Certification

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which were certified by the trustee as of December 31, 2016 and 2015 and for the years then ended as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
