INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor of the
Arizona Technology Council 401(k) Plan
Phoenix, Arizona

We have audited the accompanying financial statements of Arizona Technology Council 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2016 financial statements.

Auditors' Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

To the Plan Sponsor of the
Arizona Technology Council 401(k) Plan

Basis for Disclaimer of Opinion on the 2015 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the investment assets held by Transamerica Financial Life Insurance Company ("Transamerica"), the custodian of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2015 financial statements, except for comparing the information provided by the custodian, which is summarized in Note 6 with the related information included in the financial statements.

Disclaimer of Opinion on the 2015 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2015 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Opinion on the 2016 Financial Statements

In our opinion, the financial statements referred to in the first paragraph of Arizona Technology Council 401(k) Plan as of December 31, 2016, and for the year then ended, present fairly, in all material aspects, the net assets available for benefits of Arizona Technology Council 401(k) Plan as of December 31, 2016 and changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit of the Plan's financial statements as of and for the year ended December 31, 2016 was conducted for the purpose of forming an opinion on the financial statements as a whole. NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Arizona Technology Council 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General – The Plan was formed effective January 1, 2013 by Arizona Technology Council (the "Plan Sponsor"). This Plan is a multiple-employer plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan.

Eligibility – The Plan covers all employees, as defined in the Plan, of the adopting employers (the "Employers") who have completed the age and service requirements selected by the Employer in the Adoption Agreement. New Employers entering the Plan may initially waive the eligibility requirements for employees employed by the Employers as of the date entering the Plan. Participation occurs on the first of any month after completing each Employer's age and service requirements.

Employee Contributions – Participants may elect to contribute from 1% to 98% of their eligible pre-tax compensation, after-tax compensation (Roth contributions), or any combination thereof for the years ended December 31, 2016 and 2015, as defined in the Plan, up to a maximum of $18,000. Participants who have attained age 50 during the Plan year may make an additional elective deferral contribution of $6,000 for the years ended December 31, 2016 and 2015. The percentage may be changed as of any subsequent Plan entry date. Any such change will apply only after its effective date, and after it is executed and filed with the Plan Sponsor. Fund allocation may be changed at any time without a charge.

Employers' Contributions – Discretionary Employer-provided matching contributions may be made to the Plan. The match, if any, will be a specified percentage of the elective contributions the employee makes to the Plan. The Employers will determine the amount of the discretionary contributions, if any, they will make each Plan year. Employers can also elect to make a 401(k) safe harbor plan design contribution which aids the companies in passing discrimination testing required by ERISA. Discretionary Employer-provided non-elective (profit sharing) contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the Employers as defined in the Plan.

The total of Employer and employee contributions is limited to the lesser of $53,000 or 100% of the participant's eligible pre-tax compensation for the years ended December 31, 2016 and 2015, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and, if applicable, Employer-provided matching contributions, Plan earnings, and charged with management or service fees. Allocations are based on participant earnings or account balances, as defined by the Plan. Additional administrative fees are charged by the custodian upon fund withdrawal. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting – Participant contributions are 100% vested. Each adopting Employer selects among three options for vesting of Employer contributions. Under the first option, Employer contributions are 20% vested after two years of service, and 20% for each additional year of service. Under the second option, Employer contributions are not vested until after three years of service at which time the contributions are 100% vested. The third option is full and immediate vesting, or any accelerated vesting that vests sooner than the first option. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan calendar year. See each respective Employer's adoption agreement for any variations in the time of service requirement.

Investment Options – Participants may direct contributions to any of the investment options offered by the Plan. The investment options include money market funds and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments.

Notes Receivable from Participants – Participants can borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess (if any) of (1) the highest outstanding balance of any other notes from the Plan during the one-year period prior to the date of the new note, over (2) the aggregate outstanding balance of any other notes from the Plan on the date of the new note, or 50% of their vested account balance. Note terms range from one to five years or up to 15 years for the purchase of a principal residence. Participants can only have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the time the note is approved by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Upon retirement or separation from service with the Employers, the participant may elect to receive a single lump-sum cash payment. Also, upon reaching age 59½, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Until a participant actually retires from the employment of the participant's Employer, the participant shall continue to be treated in all respects as a participant.

Hardship Withdrawal – A participant can withdraw from the Plan, part or all of the participant's contributions for a financial hardship. The trustees shall determine what portion of all of such account balance is necessary to alleviate the hardship. A financial hardship must be one of the reasons specified below:

1. Medical expense incurred by the participant, the participant's spouse, or any dependents of the participant;

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

2. The purchase (excluding mortgage payments) of a principal residence of a participant;
3. Certain educational expenses for the participant, his or her spouse, or dependents of the participant;
4. The need to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage of his or her principal residence;
5. Burial or funeral expenses for the participant's deceased parent, spouse, or dependents;
6. Expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Section 165 of the Internal Revenue Code; or
7. Other events as may be prescribed by the Internal Revenue Service Commissioner in revenue rulings, notices, and other documents of general applicability.

Forfeited Accounts – As of December 31, 2016 and 2015, forfeited non-vested accounts were $153 and $35, respectively. These accounts can be used to reduce future Employers' contributions or pay for Plan expenses. During the year ended December 31, 2016, $592 was paid from forfeited non-vested accounts for Employer matching contributions, and $512 was paid for Plan expenses.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting, except that benefits are recorded when paid.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Withdrawals and Exchanges – Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Sponsor considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses – Certain administrative expenses are paid by the Plan Sponsor. Account administrative fees are paid by the participants. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Date of Management's Review of Subsequent Events – The Plan has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily quoted net asset value closing price of the shares as reported by the fund at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The Pooled Separate Account is divided into investment divisions called "Sub-Accounts." Each Sub-Account invests in shares of an underlying mutual fund. Sub-Accounts are measured in terms of "Accumulation Units." The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange ("NYSE") is open for trading, as of the close of the NYSE on that date (called a "Valuation Day"). To determine the current Accumulation Unit Value for a Sub-Account the prior Valuation Day's Accumulation Unit Value is multiplied by the Net Investment Factor. The "Net Investment Factor" is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the NAV per share of the underlying Fund held in the Sub-Account at the end of the prior Valuation Day, minus any daily mortality and expense risk and administration charges, if applicable.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market development, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2016				
Shares of registered investment companies	$5,233,668	$5,233,668	$ 0	$ 0
December 31, 2015				
Pooled separate accounts	$5,915,510	$ 0	$5,915,510	$ 0
Guaranteed investment contract	928,134	0	0	928,134
Totals	$6,843,644	$ 0	$5,915,510	$ 928,134

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (level 3) during the year ended December 31, 2016:

	Guaranteed Investment Account
Balance, January 1, 2016	$ 928,134
Purchases, sales, issuances, settlements, maturities and unrealized gains/(losses), net	(928,134)
Balance, December 31, 2016	$ 0

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a variable group annuity contract with Transamerica. Transamerica maintains the contributions in a variable return contract pooled separate account consisting of numerous mutual fund options with a range of investment objectives.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Increases or decreases in value are based upon the underlying mutual funds in which the assets are invested. Gain or loss is determined by the fluctuation in the market value incurred by each of the variable return contract funds holding investments. All gains and/or losses reported to the Plan by Transamerica are unrealized. A determination of realized gain or loss can only be made at the moment all of the funds are liquidated. The variable annuity contract does not own shares – it owns units. Transamerica is the owner of the shares. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at fair value which equates to contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings appreciation, less earnings depreciation, withdrawals, and administrative expenses, because it is fully benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 was $5,915,510. The Plan's investment contract with Transamerica was terminated on January 1, 2016.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value, which equates to contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. The fair value of the investment contract at December 31, 2015 was $928,134. The Plan's guaranteed investment contract with Transamerica was terminated on January 1, 2016.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the custodian of the Plan as of December 31, 2015, has provided and certified to the completeness and accuracy the following information included in the accompanying financial statements:

	2015
Investments, at fair value:	
Pooled separate accounts	$5,915,510
Guaranteed interest account	928,134

NOTE 7 - TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted has received a favorable determination from the IRS. Plan management believes that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan years since inception are subject to income tax examinations.

NOTE 8 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time. In addition, although they have not expressed any intent to do so, the trustee has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or contributions are discontinued for more than 120 days, all participants will become 100% vested in their accounts. However, employees will not be considered 100% vested if the Employer sponsors another plan within 120 days of ceasing contributions to this Plan.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Slavic Integrated Administration, Inc. ("SIA"), the Plan's third-party administrator receives fees for recordkeeping services along with participant account administrative and asset fees. The total fee paid by the Plan for the year ended December 31, 2016 was $39,249.

The Plan has an investment advisory agreement with UBS Financial Services, Inc. ("UBS"). For the year ended December 31, 2016, the annual advisor fee was $13,332.

Transamerica was the custodian, as defined by the Plan, for the year ended December 31, 2015. They provided certain administrative services for the Plan, and, therefore, these transactions qualified as party-in-interest transactions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Administrator is required to segregate and deposit participant contributions to the Plan at the earliest date that they can be reasonably segregated from the Employer's general assets.

For the year ended December 31, 2016, cumulative participant contributions totaling $116,669 were remitted to the Plan beyond the period prescribed by these regulations. Although the participant contributions were remitted to the Plan, due to ERISA reporting requirements, they are listed as prohibited transactions on the supplemental schedule to the financial statements.

The total lost earnings funded on the prohibited transactions were $219. The amounts were remitted to the participant accounts to compensate those participants for lost investment earnings related to the delinquent contributions.
