Global Harvest Foods, LTD 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN

The following description of the Global Harvest Foods, LTD 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Plan is a 401(k) salary deferral plan, established on January 1, 2014, covering all eligible employees of Global Harvest Foods LTD (“GHF”) and its parent, Mills Bros. International, Inc. (“MBI”). GHF (the “Company”) is the Plan’s sponsor. The Plan provides for contributions pursuant to Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). In addition, the Plan’s employer contributions as well as participant vesting comply with Safe Harbor guidelines. Specific details of employer match contributions and vesting can be found in the following footnotes.

2. Eligibility to Participate

Employees are eligible to participate in the Plan as long as they are not: (1) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, or (2) nonresident aliens who have no earned income from sources within the U.S.

3. Contributions

Participants may elect to contribute up to 100% of eligible compensation, including bonuses, up to the maximum amount allowed by the Internal Revenue Code. All employees who have not opted out of participation in the Plan will automatically be enrolled at an initial contribution rate of 3%. This rate will increase by 1% in each subsequent year until the rate equals 6%, unless it is changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to April 1, 2014, no contributions were allowed in the Plan. Participants direct the investment of their contributions into various investment funds.

The Company will make Qualified Automated Contributions Arrangement “QACA” Basic Matching Contributions to the Plan. During the 2016 and 2015 Plan years, the Company matched 100% of participant contributions up to 1% of eligible compensation, and 50% of contributions above 1% to a maximum of 6% annually.

4. Investment Options

Participants may select one or more predetermined investment options for the investing of contributions and allocated earnings. Contributions are deposited directly into the participant-elected investment vehicles.

5. Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN - Continued

6. Vesting

Participants are immediately vested in their voluntary contributions including salary deferrals and rollover contributions and the actual earnings thereon. Vesting of employer contributions is based on years of continuous service. Participants are 100% vested after two years of service.

7. Forfeited Amounts

Forfeitures are the non-vested portions of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce employer contributions. For the years ended December 31, 2016 and 2015, forfeitures totaling \$0 were used to reduce employer contributions. As of December 31, 2016 and 2015, there were no unallocated forfeitures.

8. Distribution of Benefits

Upon retirement, disability or termination, a participant may elect to take a distribution up to the vested balance of the participant's account, or rollover the vested interest into another qualified plan. A participant who reaches the normal retirement age of 65 years will become 100% vested in all their accounts under the Plan. The actual benefit payment is not made until the employee has terminated employment and reached the normal retirement date. If the participant's vested balance is \$1,000 or less, the Plan Administrator will automatically distribute the balance as a lump sum. If the vested balance is between \$1,000 and \$5,000, the participant must take a distribution or the Plan administrator will roll it over to an IRA that is established for the participant. If the vested balance is greater than \$5,000, the participant is not required to take a distribution until the required distribution rules apply to the participant. However, if the employer chooses, the balance may be immediately distributed to the participant if they have separated from service and reached the later of age 62 or Normal Retirement Age.

For distributions due to disability, the participant is considered 100% vested in all their accounts in the Plan upon verification of their disability claim, with balances distributed similar to the retirement process. Upon death, the participant's vested account balance shall be paid to the designated beneficiary. Participant's contributions and a vested portion of the Company contributions may be withdrawn earlier, subject to certain hardship withdrawal provisions for the Plan.

9. Administrative Expenses

Administrative expenses are paid out of the Plan assets; however the Plan Sponsor may elect to pay certain expenses. In 2016, audit and legal fees were paid for by the Plan Sponsor. Additionally, certain transaction fees, such as loan fees and redemption fees, are paid by the participant.

The Company has retained the services of a third-party administrator to perform certain administrative functions. These expenses are paid by the Plan.

10. Plan Amendments

During 2015, the Plan was amended, effective on various dates. The amendments did not have a material effect on the presentation or disclosure in the 2015 financial statements. There were no amendments in 2016.

Global Harvest Foods, LTD 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

2. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

3. Risks and Uncertainties

The Plan provides for various investment fund options, which, in turn, invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income are accrued as earned. Net appreciation or depreciation in fair value is the net gain or loss on disposition of investments plus the net unrealized increase or decrease in fair value during the year of investments held at year-end.

5. Payment of Benefits

Benefits are recorded when paid.

6. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). This update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. It also eliminates certain disclosures for investments eligible to be measured at fair value using this practical expedient. The guidance is effective for years beginning after December 15, 2016, and the Company has accordingly adopted the standard in the 2016 financial statements. This standard did not have a material impact on the Statements of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

Global Harvest Foods, LTD 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part III is not applicable to the Plan. Part I simplifies reporting of fully benefit-responsive investment contracts by measuring, presenting, and disclosing such investments only at contract value. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value as plans are no longer required to disaggregate investment by nature, characteristics and risks, and are only required to disaggregate by general type of plan asset. The guidance is effective for years beginning after December 15, 2015 and must be applied retrospectively to all periods presented. The amendment was applied both in the 2016 financial statements and retrospectively applied to 2015. Accordingly, the disclosures of individual investments that represent five percent or more of net assets available for benefits are not shown, and the level of disaggregation of investments that are measured at fair value are disaggregated by general type.

NOTE C - CERTIFIED INVESTMENT INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investment assets, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Plan transactions related to investment income (loss), as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.
- Information included on the supplemental schedule of assets (held at end of year) as of December 31, 2016.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - PLAN TERMINATION

While the Company intends to continue the Plan, the right to change or discontinue the Plan has been reserved by the Company. In the event of termination of the Plan, all amounts credited to the participants' accounts shall become fully vested and the Company may direct the distribution of the assets to participants according to the Plan.

Global Harvest Foods, LTD 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE E - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company, by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Vanguard Group, Inc., an entity affiliated with Ascensus Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE G - FAIR VALUE MEASUREMENT

The Plan measures the fair value of its assets based upon certain valuation techniques that include observable or unobservable inputs and assumptions that market participants would use in pricing these assets under a fair value hierarchy. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value and are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

For the years ended December 31, 2016 and 2015

NOTE G - FAIR VALUE MEASUREMENT - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments classified within level 3 whose fair value measurements consider several inputs may include level 1 or level 2 inputs as components of the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

- Mutual Funds: Valued based on the quoted market value of the fund, which represents the net asset value ("NAV") of shares held by the Plan at year-end.
- Non-Interest Bearing Cash: Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Non-Interest Bearing Cash	\$ 17,191	\$ -	\$ -	\$ 17,191
