Note 1 - Description of Plan

The following description of the Edible Arrangements International, LLC 401(k) Plan (formerly Edible Arrangements International, Inc. 401(k) Profit Sharing Plan) (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all eligible employees of Edible Brands, LLC and affiliated employers (collectively referred to as the "Company") who are at least twenty-one years of age and are regularly scheduled to work more than 1,000 hours per year. Participants must have completed one year of service to be eligible to receive an employer contribution. Part-time, temporary and seasonal employees, as defined, and residents of Puerto Rico are excluded from participating in the Plan. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the trustees.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company is required to make basic safe harbor matching contributions equal to 100% of the first 3% of a participant's eligible compensation and 50% of the next 2% of a participant's eligible compensation. Although additional employer non-safe harbor matching and profit sharing contributions may be made at the Company's discretion, there were no such contributions made for the year ending December 31, 2016. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to share in an allocation of any profit sharing contributions. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service (the "IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of any Company profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit they can be provided from the participants vested account.

Vesting

Participants are vested immediately in their salary deferral contributions and the Company's safe harbor matching contributions plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement, participants shall become 100% vested in the Company profit sharing and non-safe harbor matching portions of their account. For all other participants, vesting in the Company profit sharing and non-safe harbor matching portions of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1	0%
1	33%
2	66%
3 or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service for any reason, participants with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For participants with a vested account balance greater than \$1,000 the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater than \$5,000 may defer payment of benefits until a later date.

Withdrawals from a participant's vested account balance may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan.

Forfeited accounts

At December 31, 2016 and 2015, there were no forfeited nonvested accounts. Any future forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. There were no forfeited nonvested accounts utilized during the year ended December 31, 2016.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Edible Arrangements International, LLC
401(k) Plan

Notes To Financial Statements
December 31, 2016

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to investment management services, administration of notes receivable from participants, processing distributions and certain other transactional charges are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2017, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:

Edible Arrangements International, LLC
401(k) Plan

Notes To Financial Statements
December 31, 2016

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,852,587	\$ -	\$ -	\$ 3,852,587

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the years ended December 31, 2016 and 2015, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3..

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2016. There were no investments that used NAV per share as a practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Reliance MetLife Stable Value Series Fund	<u>\$ 150,908</u>	N/A	Daily	60 Days

Note 4 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2016 and investment income and income on notes receivable from participants for the period December 1, 2016 to December 31, 2016, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. For the year ended December 31, 2016, investment income of \$13,565 and interest income on notes receivable from participants of \$653 were certified by the trustee.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Tax status

The prototype plan document, designed by ADP, LLC, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter dated July 16, 2014 in which the IRS sated that the prototype plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

**Edible Arrangements International, LLC
401(k) Plan**

**Notes To Financial Statements
December 31, 2016**

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related party and party-in-interest transactions

Certain Plan investments are proprietary investments managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Indirect fees paid for investment management expenses are included in the net appreciation in fair value of investments. Direct expenses paid from Plan assets to other parties-in-interest for record keeping, third-party administration and investment advisory services were \$20,491 for the year ended December 31, 2016. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent events

Effective January 1, 2017, the Plan was amended to eliminate its employer profit sharing contribution provision.

The Plan was also amended, with an effective date of May 12, 2017, to change the Plan name to Edible International, LLC 401(k) Plan.
