NOTE 1 – DESCRIPTION OF THE PLAN

The following description of MADO Management, L.P. (the Company) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time ernployees of the Company who have attained the age of 21 and fulfilled a one-year work requirement. Eligible employees become participants in the Plan on the January 1, April 1, July 1, or October 1 immediately following the attainment of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants can contribute a portion of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a discretionary matching contribution based upon the contribution of the individual participants, as determined annually by the Company. The matching contribution for 2016 and 2015 was $.10 for each $1.00 contributed by a participant up to a maximum of 4% of the eligible participant's compensation. The Plan also provides for an additional discretionary Company contribution. The Company made no discretionary contributions in 2016 and 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Under the provisions of the Plan, participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon vest as follows:

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Participant's Years of Service	Company Contributions Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

To earn a year of service, participants must be credited with at least 1,000 hours of service during a Plan year. The Plan contains specific rules for crediting hours of service for vesting purposes.

Investment Options

The assets of the Plan, both employee and employer, are allocated to the various funds at the direction of the participant. Participants are able to direct their account into a variety of pooled separate accounts and a fixed account selected by the Plan's trustees. Pooled separate accounts are invested in mutual funds.

Notes Receivable from Participants

A participant may borrow up to the lesser of $50,000 or 50% of his or her total vested account balance, with a minimum loan amount of $1,000. The loans are secured by the balance in the participant's account and bear interest at 4.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans are repayable through payroll deductions over periods ranging up to 5 years, except for qualifying principal residential mortgage loans which must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans.

Payment of Benefits

A participant who terminates employment, or qualifies for withdrawal due to hardship, death, disability or upon reaching age 59-1/2, is entitled to receive the vested portion of his or her account in a lump sum payment of their entire vested account balance or a single-sum payment of a portion of their vested account balance.

If a terminating participant's vested account balance does not exceed $1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested account balances exceeding $1,000 are paid at the participant's discretion.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $1,781 and $597, respectively. These amounts are to be used to reduce future Company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally-accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan administrator

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

For the year ended December 31, 2016, the Plan has evaluated subsequent events for potential recognition and disclosure through October 11, 2017, the date the financial statements were available to be published.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance & Annuity Company (the trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,163,839	$ -	$ -	$1,163,839
Guaranteed investment contract	-	307,299	-	307,299
Investments at fair value	$1,163,839	$ 307,299	$ -	$1,471,138

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$1,094,814	$ -	$ -	$1,094,814
Guaranteed investment contract	-	302,094	-	302,094
Investments at fair value	$1,094,814	$ 302,094	$ -	$1,396,908

NOTE 5 – FIXED INVESTMENT CONTRACT

The Plan entered into a Voya fixed investment contract with Voya Retirement Insurance & Annuity Company (VRIAC) for 2016 and 2015. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed investment contract issuer is contractually obligated to repay the principal and a

NOTE 5 – FIXED INVESTMENT CONTRACT (continued)

specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The fixed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date (if any).

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance & Annuity Company (VRIAC). VRIAC is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS (continued)

Effective January 1, 2016, VRIAC provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and VRIAC. VRIAC receives revenue from mutual fund service providers for services VRIAC provides to the funds. This revenue is used to offset certain amounts owed to VRIAC for its administrative services to the Plan.

If the revenue received by VRIAC from such mutual fund service providers exceeds the amount owed under the MSA, VRIAC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2015 there were no excess amounts. The Plan or Plan sponsor may make a payment to VRIAC for administrative expenses not covered by revenue sharing.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan were to terminate, participants would become fully vested in their account balances.

NOTE 8 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the

NOTE 9 – RISKS AND UNCERTAINTIES (continued)

level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.
