---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., collectively, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules as of and for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC (the "Company") continued the Plan as a successor employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2008 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2009 are not eligible to participate in the Plan.

Prior to January 1, 2009, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were (1) not covered by a collective bargaining agreement, (2) leased employees, (3) non-resident aliens who either receive no earned income from U.S. sources or such income is exempt from U.S. income tax, or (4) independent contractors.

Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employees' Pension Plan to The Denver Post Non-Union Employees' Pension Plan.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan investments, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 93.56% at January 1, 2016 and 92.24% at January 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$800,000 and \$162,436 were made to the Plan for the years ended December 31, 2016 and 2015, respectively.

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes based on vesting service calculations for the predecessor plans applicable to the participants during that time.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). If a participant terminates employment at age 55 (or older), the participant can elect to start benefit payments at age 62 with no reduction to retirement benefits. A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled, as defined in the Plan document, and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities, including a lump-sum payment in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the MediaNews Group Defined Benefit Plan for Certain Employees, which merged with the Plan on August 26, 2009, have different calculations of death benefits as defined in the MediaNews Group Defined Benefit Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of pooled separate accounts and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2016 and 2015, two and three investments accounted for approximately 85% and 92%, respectively, of total investments, at fair value. During the years ended December 31, 2016 and 2015, two and six investments accounted for approximately 93% and 100%, respectively, of net appreciation (depreciation) in fair value of investments.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund, which are included within hedge funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. Approximately \$17,898,790 and \$3,730,597 has been withdrawn from the AGBPI Fund, Limited, and the Alden Global CRE Opportunities Fund, respectively, through the auditors' report date.

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$40,839,812 were measured at net asset value ("NAV").

Investments measured at fair value on a recurring basis as of December 31, 2015 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate account real estate fund	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 207,687</u>	\$ 207,687
Investments measured at NAV				<u>39,662,629</u>
Total investments				<u>\$ 39,870,316</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy, but are included to reconcile to total investments.

The fair value of the Prudential PRISA Real Estate Fund was determined through an independent appraisal process. The estimate of fair value was based on conventional approaches, all of which required the exercise of subjective judgment. The three approaches were: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon was the one deemed as the most appropriate by the independent appraiser for the type of real estate in the market. The real estate fund's portfolio values were typically not updated on a daily basis and, as a result, could sometimes be subject to liquidity risk.

The fund became fully liquidated during 2016. There were no unfunded commitments as of December 31, 2015. Redemption requests required a calendar quarter notice and were subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2016 and 2015. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts"), not including the Prudential PRISA Real Estate Fund, and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate accounts are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2016 and 2015. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

As described in Note 1, subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2016 and 2015.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Significant Unobservable Inputs Used in Fair Value Measurements

The following table represents the Plan's financial instruments that contain significant unobservable inputs, the valuation techniques used to measure the fair value of the financial instruments, the significant unobservable inputs, and the range of values for those inputs:

Financial instruments at fair value as of December 31, 2015 are as follows:

<u>Investments (at Fair Value)</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential PRISA Real Estate Fund	\$ 207,687	Discounted cash flow	Exit capitalization rate	4.50%-8.25%
			Discount rate	6.25%-8.25%

The Plan's financial instruments as of December 31, 2016 and 2015 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2016 and 2015 was \$38,118,049 and \$35,073,273, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>	<u>Prudential PRISA Real Estate Fund</u>

Investment balance, December 31, 2016	<u>\$ 38,118,049</u>	<u>\$ -</u>

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated May 7, 2012, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2016 and 2015 were \$57,753 and \$63,664, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include pooled separate accounts managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2016 and 2015. Had the valuation been performed as of December 31, 2015 and 2014, there would be no material difference.

The following table sets forth the accumulated plan benefits:

	January 1,	
	2016	2015
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 22,091,181	\$ 20,956,380
Vested benefits for other participants	<u>22,050,155</u>	<u>20,815,665</u>
Total vested benefits	44,141,336	41,772,045
Non-vested benefits	<u>310,651</u>	<u>405,909</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 44,451,987</u>	<u>\$ 42,177,954</u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2015	\$ 42,177,954
Increase (decrease) during the year attributable to	
Interest accumulation	3,080,861
Assumption changes (1)	2,327,844
Other changes (2)	(894,562)
Benefit payments	<u>(2,240,110)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2016	<u>\$ 44,451,987</u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals, if any, and those items of Plan experience that are not associated with Plan asset performance.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments 7.00% (2016) and 7.50% (2015).

Probability of retirement - active participants 10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2016 and 2015).

Probability of retirement - terminated vested participants 10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015).

Mortality basis 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).

2015 Static Mortality Table for Annuitants and Non-Annuitants (2015).

Actuarial cost method Standard Unit Credit Cost Method (2016 and 2015).

The effective interest rate assumption changed to 6.09% as of January 1, 2016 from 6.29% as of January 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Decrement Timing	Middle-of-year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 70% of males and 70% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$210,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2014 Plan Year	Lesser of 7.60% and the 3 rd segment rate. Actual rate of 6.99%.
2015 Plan Year	Lesser of 7.50% and the 3 rd segment rate. Actual rate of 6.81%.
2016 Plan Year	Lesser of 7.00%, and the 3 rd segment rate. Actual rate of 6.65%.
Trust Expenses Included in Target Normal Cost	The Target Normal Cost includes estimated administrative expenses (based on the prior years' actual amounts) plus the estimated PBGC premiums for the current year. For 2016, this amount is \$650,000.
Actuarial Method	Standard unit credit cost method.
Valuation Date	January 1, 2016.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date	April 1, 2001. Last amended effective January 1, 2016.
Participation	One year of eligibility service (1,000 hours). Not covered by a collective-bargaining agreement.
Normal Retirement	
Eligibility	Age 65.
Benefit	One-twelfth of the following: 1.00% of final average compensation plus 0.25% of final average compensation in excess of covered compensation, times credited service. The benefit shall not be less than \$45 times credit service. Benefits are frozen as of December 31, 2008.
Postponed Retirement	
Eligibility	After attaining age 65.
Benefit	Normal retirement benefit.
Early Retirement	
Eligibility	Age 55 and five years of vesting service.
Benefit	Normal retirement benefit reduced 5/12% for each month commencement precedes age 62.
Deferred Vested Retirement	
Eligibility	Five years of vesting service.
Benefit	Normal retirement reduced ½% for each month commencement precedes age 65. Benefit may commence as early as age 55.
Preretirement Death	
Eligibility	Employees who die after five years of vesting service.
Benefit	The retiree's surviving spouse will receive 50% of the benefit as if the retiree had retired early and elected a 50% Joint and Survivor Annuity. Benefit commencement is deferred until the time the retiree would have been eligible for early retirement.

Form of Retirement Benefit

Normal

Married Employees

Reduced 50% Joint and Survivor Annuity.

Unmarried Employees

Life Annuity.

Optional

Five- or 10-Year Certain and Life Annuity.
50% or 100% Joint and Survivor Annuities.
Lump sum if between \$5,000 and \$10,000.

Definitions

Actuarial Equivalence

Equivalence in value between two or more methods of payment.

For payments other than lump sums, actuarial equivalence is based on a table of factors. The factors below apply if the difference between the Participant's age and the survivor annuitant's age is not more than five years.

Five-Year Certain and Life Annuity	.98
10-Year Certain and Life Annuity	.95
50% Joint and Survivor Annuity	.90
100% Joint and Survivor Annuity	.80

Lump-sum payments are based on 417(e) mortality and interest rates.

Benefit Service

One year granted for each calendar year in which the participant has 1,560 hours of service.

Vesting Service

One year granted for each calendar year in which the employee has 1,000 hours of service.

Compensation

W-2 earnings plus amounts deferred under Section 401(k), Section 125, and the deferred compensation plan.

Final Average Compensation

The highest average annual compensation for any five consecutive calendar years of the 10 consecutive calendar years preceding termination of employment.

Plan Year

Calendar year.

Decrement Timing	Middle-of-year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 70% of males and 70% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$210,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2014 Plan Year	Lesser of 7.60% and the 3 rd segment rate. Actual rate of 6.99%.
2015 Plan Year	Lesser of 7.50% and the 3 rd segment rate. Actual rate of 6.81%.
2016 Plan Year	Lesser of 7.00%, and the 3 rd segment rate. Actual rate of 6.65%.
Trust Expenses Included in Target Normal Cost	The Target Normal Cost includes estimated administrative expenses (based on the prior years' actual amounts) plus the estimated PBGC premiums for the current year. For 2016, this amount is \$650,000.
Actuarial Method	Standard unit credit cost method.
Valuation Date	January 1, 2016.

Definitions

Actuarial Equivalence

Equivalence in value between two or more methods of payment.

For payments other than lump sums, actuarial equivalence is based on a table of factors. The factors below apply if the difference between the Participant's age and the survivor annuitant's age is not more than five years.

Five-Year Certain and Life Annuity	.98
10-Year Certain and Life Annuity	.95
50% Joint and Survivor Annuity	.90
100% Joint and Survivor Annuity	.80

Lump-sum payments are based on 417(e) mortality and interest rates.

Benefit Service

One year granted for each calendar year in which the participant has 1,560 hours of service.

Vesting Service

One year granted for each calendar year in which the employee has 1,000 hours of service.

Compensation

W-2 earnings plus amounts deferred under Section 401(k), Section 125, and the deferred compensation plan.

Final Average Compensation

The highest average annual compensation for any five consecutive calendar years of the 10 consecutive calendar years preceding termination of employment.

Plan Year

Calendar year.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., collectively, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules as of and for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC (the "Company") continued the Plan as a successor employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2008 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2009 are not eligible to participate in the Plan.

Prior to January 1, 2009, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were (1) not covered by a collective bargaining agreement, (2) leased employees, (3) non-resident aliens who either receive no earned income from U.S. sources or such income is exempt from U.S. income tax, or (4) independent contractors.

Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employees' Pension Plan to The Denver Post Non-Union Employees' Pension Plan.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan investments, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 93.56% at January 1, 2016 and 92.24% at January 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$800,000 and \$162,436 were made to the Plan for the years ended December 31, 2016 and 2015, respectively.

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes based on vesting service calculations for the predecessor plans applicable to the participants during that time.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). If a participant terminates employment at age 55 (or older), the participant can elect to start benefit payments at age 62 with no reduction to retirement benefits. A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled, as defined in the Plan document, and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities, including a lump-sum payment in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the MediaNews Group Defined Benefit Plan for Certain Employees, which merged with the Plan on August 26, 2009, have different calculations of death benefits as defined in the MediaNews Group Defined Benefit Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of pooled separate accounts and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2016 and 2015, two and three investments accounted for approximately 85% and 92%, respectively, of total investments, at fair value. During the years ended December 31, 2016 and 2015, two and six investments accounted for approximately 93% and 100%, respectively, of net appreciation (depreciation) in fair value of investments.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund, which are included within hedge funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. Approximately \$17,898,790 and \$3,730,597 has been withdrawn from the AGBPI Fund, Limited, and the Alden Global CRE Opportunities Fund, respectively, through the auditors' report date.

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$40,839,812 were measured at net asset value ("NAV").

Investments measured at fair value on a recurring basis as of December 31, 2015 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate account real estate fund	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 207,687</u>	\$ 207,687
Investments measured at NAV				<u>39,662,629</u>
Total investments				<u>\$ 39,870,316</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy, but are included to reconcile to total investments.

The fair value of the Prudential PRISA Real Estate Fund was determined through an independent appraisal process. The estimate of fair value was based on conventional approaches, all of which required the exercise of subjective judgment. The three approaches were: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon was the one deemed as the most appropriate by the independent appraiser for the type of real estate in the market. The real estate fund's portfolio values were typically not updated on a daily basis and, as a result, could sometimes be subject to liquidity risk.

The fund became fully liquidated during 2016. There were no unfunded commitments as of December 31, 2015. Redemption requests required a calendar quarter notice and were subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2016 and 2015. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts"), not including the Prudential PRISA Real Estate Fund, and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate accounts are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2016 and 2015. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

As described in Note 1, subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2016 and 2015.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Significant Unobservable Inputs Used in Fair Value Measurements

The following table represents the Plan's financial instruments that contain significant unobservable inputs, the valuation techniques used to measure the fair value of the financial instruments, the significant unobservable inputs, and the range of values for those inputs:

Financial instruments at fair value as of December 31, 2015 are as follows:

<u>Investments (at Fair Value)</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential PRISA Real Estate Fund	\$ 207,687	Discounted cash flow	Exit capitalization rate	4.50%-8.25%
			Discount rate	6.25%-8.25%

The Plan's financial instruments as of December 31, 2016 and 2015 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2016 and 2015 was \$38,118,049 and \$35,073,273, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>	<u>Prudential PRISA Real Estate Fund</u>

Notes to Financial Statements

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated May 7, 2012, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2016 and 2015 were \$57,753 and \$63,664, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include pooled separate accounts managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2016 and 2015. Had the valuation been performed as of December 31, 2015 and 2014, there would be no material difference.

The following table sets forth the accumulated plan benefits:

	January 1,	
	2016	2015
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 22,091,181	\$ 20,956,380
Vested benefits for other participants	<u>22,050,155</u>	<u>20,815,665</u>
Total vested benefits	44,141,336	41,772,045
Non-vested benefits	<u>310,651</u>	<u>405,909</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 44,451,987</u>	<u>\$ 42,177,954</u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2015	\$ 42,177,954
Increase (decrease) during the year attributable to	
Interest accumulation	3,080,861
Assumption changes (1)	2,327,844
Other changes (2)	(894,562)
Benefit payments	<u>(2,240,110)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2016	<u>\$ 44,451,987</u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals, if any, and those items of Plan experience that are not associated with Plan asset performance.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments 7.00% (2016) and 7.50% (2015).

Probability of retirement - active participants 10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2016 and 2015).

Probability of retirement - terminated vested participants 10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015).

Mortality basis 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).

2015 Static Mortality Table for Annuitants and Non-Annuitants (2015).

Actuarial cost method Standard Unit Credit Cost Method (2016 and 2015).

The effective interest rate assumption changed to 6.09% as of January 1, 2016 from 6.29% as of January 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., collectively, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules as of and for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC (the "Company") continued the Plan as a successor employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2008 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2009 are not eligible to participate in the Plan.

Prior to January 1, 2009, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were (1) not covered by a collective bargaining agreement, (2) leased employees, (3) non-resident aliens who either receive no earned income from U.S. sources or such income is exempt from U.S. income tax, or (4) independent contractors.

Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employees' Pension Plan to The Denver Post Non-Union Employees' Pension Plan.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan investments, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 93.56% at January 1, 2016 and 92.24% at January 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$800,000 and \$162,436 were made to the Plan for the years ended December 31, 2016 and 2015, respectively.

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes based on vesting service calculations for the predecessor plans applicable to the participants during that time.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). If a participant terminates employment at age 55 (or older), the participant can elect to start benefit payments at age 62 with no reduction to retirement benefits. A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled, as defined in the Plan document, and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities, including a lump-sum payment in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the MediaNews Group Defined Benefit Plan for Certain Employees, which merged with the Plan on August 26, 2009, have different calculations of death benefits as defined in the MediaNews Group Defined Benefit Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of pooled separate accounts and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2016 and 2015, two and three investments accounted for approximately 85% and 92%, respectively, of total investments, at fair value. During the years ended December 31, 2016 and 2015, two and six investments accounted for approximately 93% and 100%, respectively, of net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund, which are included within hedge funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. Approximately \$17,898,790 and \$3,730,597 has been withdrawn from the AGBPI Fund, Limited, and the Alden Global CRE Opportunities Fund, respectively, through the auditors' report date.

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$40,839,812 were measured at net asset value ("NAV").

Investments measured at fair value on a recurring basis as of December 31, 2015 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate account real estate fund	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 207,687</u>	\$ 207,687
Investments measured at NAV				<u>39,662,629</u>
Total investments				<u>\$ 39,870,316</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy, but are included to reconcile to total investments.

The fair value of the Prudential PRISA Real Estate Fund was determined through an independent appraisal process. The estimate of fair value was based on conventional approaches, all of which required the exercise of subjective judgment. The three approaches were: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon was the one deemed as the most appropriate by the independent appraiser for the type of real estate in the market. The real estate fund's portfolio values were typically not updated on a daily basis and, as a result, could sometimes be subject to liquidity risk.

The fund became fully liquidated during 2016. There were no unfunded commitments as of December 31, 2015. Redemption requests required a calendar quarter notice and were subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2016 and 2015. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts"), not including the Prudential PRISA Real Estate Fund, and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate accounts are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2016 and 2015. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

As described in Note 1, subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2016 and 2015.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Significant Unobservable Inputs Used in Fair Value Measurements

The following table represents the Plan's financial instruments that contain significant unobservable inputs, the valuation techniques used to measure the fair value of the financial instruments, the significant unobservable inputs, and the range of values for those inputs:

Financial instruments at fair value as of December 31, 2015 are as follows:

<u>Investments (at Fair Value)</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential PRISA Real Estate Fund	\$ 207,687	Discounted cash flow	Exit capitalization rate	4.50%-8.25%
			Discount rate	6.25%-8.25%

The Plan's financial instruments as of December 31, 2016 and 2015 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2016 and 2015 was \$38,118,049 and \$35,073,273, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>	<u>Prudential PRISA Real Estate Fund</u>
Investment balance, January 1, 2015	\$ 11,788,426	\$ 2,349,127
Purchases	22,500,000	-

Notes to Financial Statements

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated May 7, 2012, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2016 and 2015 were \$57,753 and \$63,664, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include pooled separate accounts managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2016 and 2015. Had the valuation been performed as of December 31, 2015 and 2014, there would be no material difference.

The following table sets forth the accumulated plan benefits:

	January 1,	
	2016	2015
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 22,091,181	\$ 20,956,380
Vested benefits for other participants	<u>22,050,155</u>	<u>20,815,665</u>
Total vested benefits	44,141,336	41,772,045
Non-vested benefits	<u>310,651</u>	<u>405,909</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 44,451,987</u>	<u>\$ 42,177,954</u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2015	\$ 42,177,954
Increase (decrease) during the year attributable to	
Interest accumulation	3,080,861
Assumption changes (1)	2,327,844
Other changes (2)	(894,562)
Benefit payments	<u>(2,240,110)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2016	<u>\$ 44,451,987</u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals, if any, and those items of Plan experience that are not associated with Plan asset performance.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments 7.00% (2016) and 7.50% (2015).

Probability of retirement - active participants 10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2016 and 2015).

Probability of retirement - terminated vested participants 10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015).

Mortality basis 2016 Static Mortality Table for Annuitants and Non-Annuitants (2016).

2015 Static Mortality Table for Annuitants and Non-Annuitants (2015).

Actuarial cost method Standard Unit Credit Cost Method (2016 and 2015).

The effective interest rate assumption changed to 6.09% as of January 1, 2016 from 6.29% as of January 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., collectively, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules as of and for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan established April 1, 2001 by The Denver Newspaper Agency, LLP (the "DNA"). When the DNA was dissolved on August 26, 2009, The Denver Post LLC (the "Company") continued the Plan as a successor employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2008 ("Freeze Date"), the DNA froze the Plan, ceasing additional benefit accruals for credited service after that date. New employees as of January 1, 2009 are not eligible to participate in the Plan.

Prior to January 1, 2009, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commenced covered employment. Covered employees are defined as employees of the DNA who were (1) not covered by a collective bargaining agreement, (2) leased employees, (3) non-resident aliens who either receive no earned income from U.S. sources or such income is exempt from U.S. income tax, or (4) independent contractors.

Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employees' Pension Plan to The Denver Post Non-Union Employees' Pension Plan.

The Company has elected committees that administer the Plan. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, "Prudential") serves as trustee, manages Plan investments, and maintains the Plan's records.

Funding Policy

The funding target attainment percentage is obtained by dividing the Plan's net plan assets by the plan liabilities on the valuation date. The funding target attainment percentage was 93.56% at January 1, 2016 and 92.24% at January 1, 2015.

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$800,000 and \$162,436 were made to the Plan for the years ended December 31, 2016 and 2015, respectively.

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes based on vesting service calculations for the predecessor plans applicable to the participants during that time.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Pension benefits are provided to participants under several types of retirement options based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). If a participant terminates employment at age 55 (or older), the participant can elect to start benefit payments at age 62 with no reduction to retirement benefits. A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled, as defined in the Plan document, and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities, including a lump-sum payment in certain situations, as defined in the Plan document.

The spouse of a participant who dies while employed and has completed five years of vesting service, or after termination with normal, early, late, deferred, or disability retirement benefits but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the MediaNews Group Defined Benefit Plan for Certain Employees, which merged with the Plan on August 26, 2009, have different calculations of death benefits as defined in the MediaNews Group Defined Benefit Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Benefit payments to participants are recorded when paid.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan would be allocated for payment of Plan benefits to the participants in an order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The investments of the Plan are comprised of pooled separate accounts and hedge funds, which are stated at fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

As of December 31, 2016 and 2015, two and three investments accounted for approximately 85% and 92%, respectively, of total investments, at fair value. During the years ended December 31, 2016 and 2015, two and six investments accounted for approximately 93% and 100%, respectively, of net appreciation (depreciation) in fair value of investments.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and the Alden Global CRE Opportunities Fund, which are included within hedge funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. Approximately \$17,898,790 and \$3,730,597 has been withdrawn from the AGBPI Fund, Limited, and the Alden Global CRE Opportunities Fund, respectively, through the auditors' report date.

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2016 and 2015 and the income earned or losses incurred thereon for the years then ended, as reflected in the accompanying financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5(c) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements, supplemental schedule of assets (held at end of year), and supplemental schedule of reportable transactions.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2016, no investments were required to be presented in the fair value hierarchy. As of December 31, 2016, investments of \$40,839,812 were measured at net asset value ("NAV").

Investments measured at fair value on a recurring basis as of December 31, 2015 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate account real estate fund	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 207,687</u>	\$ 207,687
Investments measured at NAV				<u>39,662,629</u>
Total investments				<u>\$ 39,870,316</u>

Investments measured at NAV are not required to be reported within the fair value hierarchy, but are included to reconcile to total investments.

The fair value of the Prudential PRISA Real Estate Fund was determined through an independent appraisal process. The estimate of fair value was based on conventional approaches, all of which required the exercise of subjective judgment. The three approaches were: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon was the one deemed as the most appropriate by the independent appraiser for the type of real estate in the market. The real estate fund's portfolio values were typically not updated on a daily basis and, as a result, could sometimes be subject to liquidity risk.

The fund became fully liquidated during 2016. There were no unfunded commitments as of December 31, 2015. Redemption requests required a calendar quarter notice and were subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2016 and 2015. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts"), not including the Prudential PRISA Real Estate Fund, and hedge funds are recorded at NAV reported by the funds' managers as a practical expedient to estimating the fair value as these investments do not have readily determinable fair values. Hedge fund assets for which no external pricing sources are available are valued at fair value based upon estimates made by the funds' managers using what management believes, in its discretion, to be appropriate techniques consistent with market practices for the relevant type of investments. Due to the nature of these investments, changes in market conditions and the economic environment may significantly impact the recorded NAV of the separate accounts and hedge funds and, consequently, fair values of the funds' interest in the funds. The fair value of these investments is measured using the NAV per share of the Plan's ownership interest in separate accounts and hedge funds on an equivalent measure where it is not probable that the fund will sell a separate account or hedge fund at a price other than NAV.

The separate accounts are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2016 and 2015. The KLS Diversified Fund, Limited is redeemable as of the last day of any calendar quarter-end upon 60 days' prior notice. The Alden AGBPI Fund, Limited is redeemable as of any month-end upon 90 days' prior notice. The Alden Global CRE Opportunities Fund is redeemable in four quarterly installment payments equivalent to 25%, 33 1/3%, 50%, and 100% of the fund's balance as of any calendar quarter-end upon 90 days' prior notice. The redemption notice may be reduced to 60 days; however, it becomes subject to a 5% withdrawal fee. The withdrawal amount may exceed 25%; however, all excess balances withdrawn over 25% become subject to an additional 10% withdrawal fee if 60 days' notice is given or a 5% withdrawal fee if standard notice is given.

As described in Note 1, subsequent to year-end, Alden gave notice that they are closing the AGBPI Fund, Limited and Alden Global CRE Opportunities Funds. Voluntary withdrawals from the two funds have been suspended. The funds will be liquidated through a soft wind-down process. Quarterly distributions will be made as cash becomes available until the funds are fully liquidated. There were no hedge funds with unfunded commitments as of December 31, 2016 and 2015.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015. The Plan's management reaffirms its understanding of the valuation techniques used by its pricing services at least annually.

Quantitative Information about Significant Unobservable Inputs Used in Fair Value Measurements

The following table represents the Plan's financial instruments that contain significant unobservable inputs, the valuation techniques used to measure the fair value of the financial instruments, the significant unobservable inputs, and the range of values for those inputs:

Financial instruments at fair value as of December 31, 2015 are as follows:

<u>Investments (at Fair Value)</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential PRISA Real Estate Fund	\$ 207,687	Discounted cash flow	Exit capitalization rate	4.50%-8.25%
			Discount rate	6.25%-8.25%

The Plan's financial instruments as of December 31, 2016 and 2015 include hedge funds, which contain certain redemption restrictions as stated above. The fair value of the hedge funds as of December 31, 2016 and 2015 was \$38,118,049 and \$35,073,273, respectively. The valuation technique used to measure the fair values of the hedge funds is based on the fair value of the funds' underlying investments determined by the investment advisor using the financial statements of the funds at the measurement dates.

Changes in Financial Instruments with Significant Unobservable Inputs

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs:

	<u>Hedge Funds</u>	<u>Prudential PRISA Real Estate Fund</u>
Investment balance, January 1, 2015	\$ 11,788,426	\$ 2,349,127
Purchases	22,500,000	-
Sales	-	(2,500,939)
Gains (realized/unrealized)	<u>784,847</u>	<u>359,499</u>
Investment balance, December 31, 2015	35,073,273	207,687
Sales	-	(207,687)
Gains (realized/unrealized)	<u>3,044,776</u>	<u>-</u>
Investment balance, December 31, 2016	<u>\$ 38,118,049</u>	<u>\$ -</u>

Note 4 - Income Taxes

The IRS has determined and informed the Plan, in a letter dated May 7, 2012, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Plan pays the cost of certain administrative, accounting, and legal services. Fees incurred and paid directly by the Plan for investment management services for the years ended December 31, 2016 and 2015 were \$57,753 and \$63,664, respectively, which are included in administrative fees on the statements of changes in net assets available for benefits.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments include pooled separate accounts managed by Prudential. Other Plan investments include two hedge funds that are managed by an owner of the Company. There are no fees charged to the Plan associated with these funds. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2016 and 2015. Had the valuation been performed as of December 31, 2015 and 2014, there would be no material difference.

The following table sets forth the accumulated plan benefits:

	January 1,	
	2016	2015
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving benefits	\$ 22,091,181	\$ 20,956,380
Vested benefits for other participants	<u>22,050,155</u>	<u>20,815,665</u>
Total vested benefits	44,141,336	41,772,045
Non-vested benefits	<u>310,651</u>	<u>405,909</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 44,451,987</u>	<u>\$ 42,177,954</u>

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2015	\$ 42,177,954
Increase (decrease) during the year attributable to	
Interest accumulation	3,080,861
Assumption changes (1)	2,327,844
Other changes (2)	(894,562)
Benefit payments	<u>(2,240,110)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2016	<u>\$ 44,451,987</u>

- (1) Changes in actuarial assumptions relate to changes in the assumed rate of return on investments and the mortality rate assumption.
- (2) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to ongoing benefit accruals, if any, and those items of Plan experience that are not associated with Plan asset performance.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 7 - Accumulated Plan Benefits (continued)

The significant actuarial assumptions used by Hewitt in its January 1, 2016 and 2015 calculations are as follows:

Assumed rate of return on investments	7.00% (2016) and 7.50% (2015).
Probability of retirement - active participants	10% at ages 55-60, 15% at ages 61-64, 25% at ages 65-69, and 100% at ages 70+ (2016 and 2015).
Probability of retirement - terminated vested participants	10% at age 55, 5% at ages 56-61, 25% at age 62, 10% at ages 63-64, and 100% at ages 65+ (2016 and 2015).
Mortality basis	2016 Static Mortality Table for Annuitants and Non-Annuitants (2016). 2015 Static Mortality Table for Annuitants and Non-Annuitants (2015).
Actuarial cost method	Standard Unit Credit Cost Method (2016 and 2015).

The effective interest rate assumption changed to 6.09% as of January 1, 2016 from 6.29% as of January 1, 2015.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.
