Note 1—Description of the Plan

The following description of the Foreground Security 401(k) and Profit Sharing Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2009 and was most recently amended and restated effective January 1, 2016. The Plan is a defined contribution plan covering substantially all of the employees of IT Professional Solutions, Inc., d.b.a Foreground Security (the "Company" or "Employer" or "Plan Sponsor"). The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration and Administrative Expenses – The Plan's assets are held in the custody of John Hancock Life Insurance Company ("John Hancock"), the custodian. The Plan is administered by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses are paid directly by the Plan Sponsor.

Participant Contributions – Participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis subject to statutory limitations of the IRC. Participants may also designate all or a portion of their elections as roth elective deferrals. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to $6,000 for the year ended December 31, 2016. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Company Contributions – The Company shall make a safe harbor matching contribution for each participant who has elected to make elective deferral contributions. The safe harbor matching contribution shall be equal to 100% of the participant's elective deferrals for each payroll period, up to a maximum of 3% plus 50% of the next 2% of salary deferral of eligible compensation for such period. For the year ended December 31, 2016, the Company made matching contributions of $377,203. The Company may also make discretionary profit-sharing contributions to eligible employees who completed at least 1,000 service hours during the Plan year and were actively employed on the last day of the Plan year. For the year ended December 31, 2016, the Company did not make any discretionary profit-sharing contributions.

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, and Company safe harbor matching contributions, plus actual earnings thereon. Participants may direct the investment of contributions on a daily basis into various investment options offered by the Plan. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

Discretionary profit-sharing contributions vest as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1—Description of the Plan (continued)

Participant Accounts – Individual accounts are maintained for each participant and include participants' salary deferral contribution and rollover contributions, safe harbor matching contributions, plus an allocation of the Plan Sponsor's discretionary profit-sharing contribution, if any, and plan earnings (losses), including realized and unrealized gains and losses on investments, and Plan expenses. Allocations are based on participant earnings or account balances, as defined.

Forfeitures – Terminating participants forfeit non-vested Plan Sponsor discretionary profit-sharing contributions. Remaining forfeitures are applied against Plan Sponsor contributions, to reduce administrative expenses of the Plan, or to restore forfeited account balances of rehires who are eligible for a restoration of forfeitures, in accordance with specific Plan provisions. At December 31, 2016 and 2015, there were no forfeited non-vested accounts. During the year ended December 31, 2016, no forfeitures were used to reduce Plan Sponsor contributions.

Payment of Benefits – Benefits are payable upon retirement at age 65, early retirement at age 55, disability, death, termination of employment, or in certain hardship situations. In-service withdrawals at age 59½ are also permitted, subject to provisions described in the Plan document. A participant may elect to receive a lump-sum payment or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than $1,000, the balance will be paid out as a lump-sum distribution.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to IRC restrictions and penalties.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their eligible account balance, reduced by any outstanding note balance. Participants may have up to two notes outstanding during a period of twelve consecutive months. Notes must be repaid within 5 years unless it is for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator. At December 31, 2016, interest rates on loans were 4.25%.

Investment Options – Participants may direct John Hancock as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time. Transfers of account balances between elected investment options may also be made at any time.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the Net Asset Value ("NAV") practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for the Plan for years beginning after December 15, 2016, with early adoption permitted. As permitted, the Plan has elected adoption and has applied the ASU retrospectively for all periods presented. Accordingly, investments measured using the NAV practical expedient have been removed from the categorization of the fair value hierarchy as of December 31, 2016 and 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, and Part III Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. Part III is effective for years beginning after December 31, 2015 and should be applied prospectively, with early adoption permitted. Management has elected to adopt Part II. As permitted by ASU 2015-12, the Plan is no longer required to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. The ASU also eliminates the requirement to disclose the net appreciation (or depreciation) in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to this Plan.

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

> Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
>
> Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
>
> Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

> *Pooled Separate Accounts* – These investments are public investment vehicles valued using the NAV provided by the Administrator of the Plan. The NAV is based on the value of the underlying assets owned by the Plan, minus its liabilities, and then divided by the number of shares outstanding. As part of the adoption of ASU 2015-07, the pooled separate accounts have not been classified under the fair value hierarchy.
>
> *Guaranteed Interest Account* – This investment is valued using the NAV as a practical expedient to estimating fair value provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. As part of the adoption of ASU 2015-07, the guaranteed interest account has not been classified under the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Tax status

The prototype plan adopted by the Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, and has not received a determination letter specific to the Plan itself. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and therefore, the Plan continues to be tax-exempt.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 5—Information prepared and certified by John Hancock Life Insurance Company (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of and for the year ended December 31, 2016.

- Investments, at fair value and notes receivable from participants.
- Interest on notes receivable from participants and net appreciation in fair value of investments.
- Schedule of Assets (Held at End of Year) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 6—Parties-in-interest

Certain Plan investments are shares of units of pooled separate accounts managed by John Hancock, and, therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists. Fees paid to the custodian totaled $3,582 for the year ended December 31, 2016.

Note 7—Fair value measurements

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2, as of December 31.

	Assets at Fair Value as of December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
	$ -	$ -	$ -	$ -
Total assets in fair value hierarchy	$ -	$ -	$ -	-

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice
Pooled separate accounts	$ 2,513,505	n/a	Daily	30 days
Guaranteed interest account	$ 594	n/a	Daily	30 days

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period Notice
Pooled separate accounts	$ 1,974,871	n/a	Daily	30 days
Guaranteed interest account	$ 2,561	n/a	Daily	30 days

Note 8—Prohibited transactions

During the year ended December 31, 2016, the Company inadvertently failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by the United States DOL Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company made the deposit after the required time frame and remitted lost earnings of $323 associated with the late remittances in 2017.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016, and the changes in net assets available for benefits from the year then ended:

Net assets available for benefits per the financial statements	$ 2,623,921
Employer contributions receivable	(26,803)
Participant contributions receivable	(27,856)
Total net assets per Form 5500	$ 2,569,262

Changes in net assets available for benefits per the financial statements	$ 582,102
Adjustment to recognize employer contributions receivable for 2016	(26,803)
Adjustment to recognize participant contributions receivable for 2016	(27,856)
Net income per Form 5500	$ 527,443

Note 10—Subsequent events

Effective January 1, 2017, the Plan was frozen resulting in no elective deferrals being contributed to the Plan, nor any matching or non-elective contributions being made to the Plan for periods after December 31, 2016.

The Plan has evaluated subsequent events through October 12, 2017, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.
