Report of Independent Auditors

Hess Corporation Employee Benefit Plans Committee and
Participants in the HOVENSA Legacy Employees' Pension Plan

We have audited the accompanying financial statements of HOVENSA Legacy Employees' Pension Plan (formerly, HOVENSA Employees' Pension Plan), which comprise the statements of net assets available for benefits and statements of accumulated plan benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits and the statement of changes in accumulated plan benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of HOVENSA Legacy Employees' Pension Plan (formerly, HOVENSA Employees' Pension Plan) at December 31, 2016 and 2015, and the changes in its financial status for the year ended December 31, 2016, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2016, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements

1. Description of Plan

Overview: The following description of the HOVENSA Legacy Employees' Pension Plan (formerly HOVENSA Employees' Pension Plan) (the Plan) is provided for general information only. For more detailed information, participants should refer to the summary plan description or contact the Hess Corporation Human Resources Department.

The Plan is a noncontributory defined benefit pension plan covering former employees of HOVENSA L.L.C. (the Company), which was a joint venture between Hess Corporation and Petroleos de Venezuela, S.A., that was sold in January 2016. Previously, certain employees of the Company had been participants of the Hess Corporation Employees' Pension Plan (the Hess Plan). Vested employees who were participants of the Hess Plan as of November 1, 1998, are eligible to receive pensions from both the Hess Plan and the Plan. Credited service accumulated through October 31, 1998 remains frozen in the Hess Plan while credited service earned after October 31, 1998 through February 17, 2016 accumulated in the Plan.

Effective February 17, 2016, the Plan was amended to replace HOVENSA L.L.C. as Plan sponsor, and for Hess Corporation ("Hess") to assume all rights, liabilities and obligations associated with the Plan as the new Plan sponsor. Additionally, the name of the plan was changed from HOVENSA Employees' Pension Plan to HOVENSA Legacy Employees' Pension Plan. The Plan was frozen upon the date of execution of the Amendment Agreement, February 17, 2016 (the "Freeze Date"), and on and after that date, no further benefits can accrue. Credited service and pay increases shall not include any period on or after the Freeze Date. Additionally, no individual who becomes an employee on or after the Freeze Date shall be eligible to become a member of the Plan. The plan freeze had an immaterial impact on the Accumulated Pension Benefit Obligation for the year ended December 31, 2016.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the purpose of carrying out the Plan, a discretionary trust was created, effective November 1, 1998. The trustee is the Northern Trust Company ("Trustee"). Effective June 2017, the Plan changed its recordkeeper from Xerox HR Solutions, LLC to Fidelity Investments Institutional Operations.

During 2016, a small group of participants (who have prior frozen credited service under the Plan but are also actively employed at Hess), accrued eligibility service towards retirement eligibility. While the benefits for these participants are fully vested, eligibility for early retirement subsidies will depend on each participant's age and eligibility service at termination from Hess. The value of "non-vested benefits", is attributable to this small group of participants and represents the value of future early retirement subsidies not yet earned.

In September 2016, Hess offered plan participants meeting certain eligibility requirements a one-time option to withdraw their earned benefit as a lump sum or annuity if their pension balance was over \$5,000. Participants with pension balances less than \$5,000 were given a mandatory cash out. As a result of the offer, approximately \$31 million were paid to participants as of December 31, 2016. Benefit payments for participants who chose not to accept the offer will continue under the Plan's regular provisions.

HOVENSA Legacy Employees' Pension Plan
(formerly HOVENSA Employees' Pension Plan)

Notes to Financial Statements (Continued)

Administrative costs, including premium payments to the Pension Benefit Guaranty Corporation, and payments to the Plan Trustee and actuary are made from Plan assets.

Generally, employees in the Plan are entitled to annual pension benefits beginning at normal retirement age (65) based on 1.6% of their final average compensation for each year of credited service. The Plan was amended effective January 1, 2009 to define final average compensation as the average of the three calendar years with the highest compensation during the 10 calendar years prior to retirement, provided that (A) the applicable 10 calendar years shall include the calendar year containing the retirement date and the nine full calendar years immediately preceding such calendar year, and (B) in no event shall final average compensation be less than the amount of final average compensation as of December 31, 2008. Through December 31, 2008, final average compensation was defined as the greater of (1) 12 times a member's average monthly compensation in the 36 consecutive calendar months of highest compensation during the last 120 calendar months prior to retirement or (2) the average of the three calendar years with the highest compensation during the 10 calendar years prior to retirement. The amount calculated is reduced by 1.5% of the annual primary Social Security amount at the time of retirement for each year of credited service, subject to a maximum reduction of 50% of such annual primary Social Security amount.

The Plan permits reduced early retirement benefits commencing at age 55 for employees who have completed 10 or more years of service. Also, full retirement benefits at age 60 are available to employees who terminate from active service at or after age 55 with 10 or more years of service. Employees may elect optional forms of pension benefits at reduced rates. Death and disability benefits also are provided by the Plan.

Plan Termination: Hess has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event that the Plan terminates and there are insufficient assets available to provide for pension benefits, a certain portion of unfunded benefits would be insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. governmental agency. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions subject to restrictions and limitations. The net assets would be allocated as prescribed by Section 4044 of ERISA in priority order as follows: (1) benefits attributable to employee contributions, (2) continuation of benefits which have been received for at least three years by former employees or their beneficiaries, (3) vested benefits insured by the PBGC, (4) other vested benefits, and (5) nonvested benefits.

Parties-In-Interest: The Plan holds investments managed by Northern Trust, the Trustee for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements for the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Valuation of Investments: The Plan's investments are stated at fair value in accordance with the provisions of the accounting standard on fair value measurements (Accounting Standards Codification Topic (ASC) 820 – Fair Value Measurements and Disclosures). See note 3, Fair Value Measurements, for further disclosure.

Investment Income: Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Gains or losses on sales of mutual funds in the Plan are based on average cost.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those estimated future periodic payments that are attributable to service that both vested and nonvested employees have rendered through the valuation date (December 31, 2016). Such benefits include amounts expected to be paid to retired or terminated employees or their beneficiaries and beneficiaries of employees who have died, including disability benefits. The actuarial present value of accumulated plan benefits is estimated by the independent actuaries based on various actuarial assumptions determined by the Plan's management.

The significant actuarial assumptions used to determine the actuarial present value of accumulated plan benefits at December 31, 2016 and 2015 were (1) mortality of participants (based on the RP 2014 no collar mortality table rolled back to 2006 with the MP-2016 generational mortality improvements projection scale for December 31, 2016 and the MP-2015 generational mortality improvements projection scale for December 31, 2015 to reflect the basis issued by the Society of Actuaries), (2) assumed retirement age (retirement assumed based on past and anticipated future experience), (3) an adjustment for the time value of money (an assumed discount rate of 4.00% at year-end 2016 and 4.30% at year-end 2015).

Payment of Benefits: Benefit payments to participants are recorded when paid.

Estimates and Assumptions: In preparing financial statements, management makes estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates. Estimates made by the Plan relate primarily to actuarial assumptions and benefits.

HOVENSA Legacy Employees' Pension Plan
(formerly HOVENSA Employees' Pension Plan)

Notes to Financial Statements (Continued)

3. Fair Value Measurements

The Plan determines fair value in accordance with the fair value measurements accounting standard (ASC 820: Fair Value Measurements and Disclosures), which established a hierarchy that categorizes the sources of inputs, which generally range from quoted prices for identical instruments in a principal trading market (Level 1) to estimates determined using related market data (Level 3). Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2.

At December 31, 2016 and 2015, all of the Plan's registered mutual fund investments are classified as Level 1 under the fair value hierarchy. The Plan's investments in registered mutual funds are valued using the last quoted trading price on the measurement date which represents the net asset value of shares held by the Plan at year end. All funds have readily determinable net asset values, are publicly registered with the United States Securities and Exchange Commission, and are traded on a daily basis. The common collective trust is a short-term investment fund whose principal holdings are obligations of the U.S. Government, its agencies or instrumentalities, and related money market instruments. The common collective trust provides for daily investments and redemptions and is valued and carried at a \$1 net asset value per share. As the common collective trust is valued at the net asset value practical expedient as determined by the issuer, the trust is not required to be in a level of the hierarchy table but instead is shown as a reconciling item to the total investments reported on the statements of net assets available for benefits.

HOVENSA Legacy Employees' Pension Plan (formerly HOVENSA Employees' Pension Plan)

Notes to Financial Statements (Continued)

The following table provides the fair value of the Plan's financial assets in accordance with the fair value measurement hierarchy described above as of December 31, 2016 and 2015:

2016	Level 1	Level 2	Level 3	Total
Registered mutual funds	\$ 93,337,289	\$ -	\$ -	\$ 93,337,289
Investments measured at net asset value practical expedient:				
Common collective trust	-	-	-	2,279,709
Total investments	-	-	-	\$ 95,616,998

2015	Level 1	Level 2	Level 3	Total
Registered mutual funds	\$ 125,527,423	\$ -	\$ -	\$ 125,527,423
Investments measured at net asset value practical expedient:				
Common collective trust	-	-	-	1,177,420
Total investments	-	-	\$ -	\$ 126,704,843

4. Funding Policy

The funding policy is to make annual cash contributions to the Plan which is at least equal to the minimum amount required by ERISA. Hess at its discretion may also make additional contributions. Minimum funding is based on the rules under the Pension Protection Act (PPA).

Under PPA, changes in past service liability by reason of plan amendment or actuarial experience different from assumed are amortized over seven years in accordance with ERISA minimum funding standard requirements. The Plan has met the minimum funding requirements as set forth in ERISA as amended by PPA.

5. Tax Status

The Plan has received its most recent determination letter from the Internal Revenue Service dated November 6, 2015 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan, is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax

HOVENSA Legacy Employees' Pension Plan
(formerly HOVENSA Employees' Pension Plan)

Notes to Financial Statements (Continued)

positions. The Plan is subject to routine audits by regulatory authorities; however, there are currently no open audits for any tax periods.

6. Risks and Uncertainties

The Plan invests in investment securities that are exposed to various risks, such as overall market volatility, commodity prices, interest rates, foreign exchange rates and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, projected mortality rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

7. Subsequent Events

Subsequent events have been evaluated through October 10, 2017, the date the financial statements were available to be issued.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Rationale for Significant Economic Assumptions***

- *Expenses* – Expected administrative expenses is based on actual administrative expenses paid from the plan during the prior year, adjusted to reflect increases in PBGC premiums.
- *Expected investment return* – The return is the median (50th percentile) simulated investment return using capital market assumptions published in Mercer Investment Consulting's Capital Market Outlook dated July 2015 for the plan's target asset mix rounded to the nearest 10 basis points. The return is net of an adjustment of 20 basis points for investment expenses assumed to be paid from plan assets. The plan's target asset mix was based on that shown in a June 21, 2016 email from Hess Treasury.

Rationale for Significant Demographic Assumptions

- *Form of Payment and Benefit Commencement Age* – The form of payment and benefit commencement age for terminated vested participants were developed based on the results of an experience study undertaken in 2014 for the Hess EPP, using data from 2009 through 2013, and the expectation that future form of payment and benefit commencement age patterns will not differ significantly from the period studied.

Actuarial Methods for Funding***Asset Methods***

The asset valuation method is a quarterly average of the adjusted market value over the last two quarters preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Minimum Funding Methods***

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Effective date and plan year	Original plan: November 1, 1998 Restated plan: January 1, 2002 Plan year: January 1 – December 31
Most recent amendment	Amendment Number 5: April 1, 2012
Status of the plan	The plan has ongoing benefit accruals (only for pay increases) for participants who transferred to and accrue benefits under the Hess EPP.
Significant events that occurred during the year	Benefit accruals were assumed to cease for all remaining active participants as of March 1, 2015. Hess Corporation assumed plan sponsorship in February 2016.
Definitions	
• Covered employees	All regular non-union employees of Hovensa Legacy are covered; for the valuation, we use the records as provided to us by the administrator.
• Membership	A covered employee becomes a Member on the first of the month following his or her completion of 1 year of Vesting Service.
• Employee contributions	None.
• Vesting service	Years of covered employment with 1,000 or more hours worked; special rules apply in special circumstances such as historic corporate acquisitions; for the valuation, we use the amount as provided to us by the administrator.
• Credited service	Years and months of covered employment, special rules apply in special circumstances such as historic corporate acquisitions; for the valuation, we use the amount as provided to us by the administrator.
• Current year earnings	Pay rate, bonus and overtime are included. The estimated earnings for the current year is either: (a) for employees not eligible for a target bonus and are “hourly” the sum of (i) the pay rate plus (ii) the target bonus but not less than the previous year’s pensionable earnings increased by the assumed salary scale, or (b) for employees eligible for a target bonus, the current year pay rate plus the target bonus, or (c) for employees not eligible for a target bonus and are not “hourly” the sum of (i) pay rate plus (ii) the actual bonus. In all cases as provided to us by Hess Corporation and the administrator.
• Final average earnings	Highest average of any 3 calendar years (non-consecutive) of a Member’s Pensionable Earnings during the 10 calendar years immediately preceding the date of determination; historical earnings as provided to us by the administrator are used for this purpose.

Schedule SB, Part V — Summary of Plan Provisions

• Primary Social Security benefit	Amount payable by Social Security at the normal retirement date of the Member without regard to any reduction for early commencement. Pay history for the period, if any, prior to the availability of Hovensa Legacy employment records is imputed by estimating an historic pay progression at a 6% annual pay escalation rate, and no earnings are assumed for the period, if any, between the determination date and the Member's Normal Retirement Date. No allowance is made in the valuation for Member pay history which may result in a lower Primary Social Security Amount. In the case of a disability pension benefit, the Primary Social Security Amount is based on the Social Security disability award payable to the Member (or would be payable to the Member as if such Member qualified for such award).
• Accrued benefit	1.6% of Final Average Compensation multiplied by Credited Service minus 1.5% of Primary Social Security Amount multiplied by Credited Service (subject to a maximum offset of 50% of Primary Social Security Amount).
Normal retirement	
• Eligibility	Age 65.
• Benefit	Accrued Benefit.
Early retirement	
• Eligibility	Attainment of age 55 and completion of 10 years of Vesting Service.
• Benefit	If Member terminates while eligible to retire: Accrued benefit reduced 5% per year prior to age 60.
Late retirement	
• Eligibility	Termination after Member's normal retirement date.
• Benefit	The Member's accrued benefit at late retirement date.
Deferred vested	
• Eligibility	5 years of Vesting Service.
• Benefit	Accrued benefit payable at normal retirement date reduced on an actuarial equivalent basis for early commencement.
Disability	
• Eligibility	Completion of 10 years of service and the earlier of (a) six months of disability after age 55 or (b) following eligibility for and receipt of Social Security disability benefits.
• Benefit	Accrued Benefit at disability retirement date.
Pre-retirement death	
• Eligibility Condition 1	Active Member dies with 5 years of Vesting service but before attaining Early or Normal retirement eligibility.
• Benefit Amount 1	Surviving spouse receives accrued benefit assuming the Member had terminated on date of death, survived and retired with an immediate qualified joint and 50% survivor annuity upon reaching earliest retirement age, and died on such date.

Schedule SB, Part V — Summary of Plan Provisions

• Eligibility Condition 2	Active Member dies after attaining Early or Normal retirement eligibility.
• Benefit Amount 2	Surviving spouse receives accrued benefit assuming the Member had retired the day before date of death with an immediate qualified joint and 50% survivor annuity.
• Eligibility Condition 3	Active Member dies after attaining age 65 or retired Member dies after retiring directly from service due to Normal, Early, or Disability retirement.
• Benefit Amount 3	\$2,500 lump sum to the Member's beneficiary.
Form of benefits	
• Automatic form for unmarried participants	Single Life Annuity
• Automatic form for married participants	Joint and 50% Survivor
• Optional forms	Single Life Annuity 5 year Certain and Life 10 year Certain and Life Joint and 50% Survivor Joint and 66-2/3% Survivor Joint and 75% Survivor Joint and 100% Survivor
• Actuarial Equivalence	Mortality as designated by Internal Revenue Code section 417(e) for 2008 and an interest rate of 5.5%.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. For 2016, this limit is \$265,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. For 2016, this limit is \$210,000. This limit is indexed annually.
• Benefits not explicitly included in valuation	Disability (based on information provided by the plan administrator the disability incidence is assumed to be immaterial).

Schedule SB, Part V — Summary of Plan Provisions***Benefits Included or Excluded***

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments excluded:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Late Retirement increases:**
 - *Deferred vested participants:* Accrued benefits for current deferred vested participants over normal retirement age reflect an actuarial increase adjustment.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Line 24 — Changes in Actuarial Assumptions

The following non-prescribed actuarial assumptions were changed since the previous valuation:

- The expense component of normal cost increased from \$350,000 to \$600,000 to reflect Hess Corporation's expectations for the current plan year.
- Salary increases, withdrawal, retirement and form of payment assumptions were updated to better reflect expected future plan experience.
- The retirement age for participants who terminated employment, were eligible for early retirement and did not elect immediate commencement was changed from 65 to 61.
- The expected investment return decreased from 5.10% for 2014 to 4.80% for 2015.
