INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Heritage Bag Company 401k Plan
Hartsville, South Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Heritage Bag Company 401k Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Information

The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan:

The following description of the Heritage Bag Company 401K Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which is offered to all eligible employees. Employees are eligible to become participants immediately after the date of eligibility, as defined by the plan document. Participants should refer to the plan document for a more complete description of the Plan's eligibility requirements. The Plan is subject to the provisions of the employee retirement income security act of 1974, as amended (ERISA).

Change in Ownership of Plan Sponser

Effective April 29, 2016, the Company was acquired by Novolex Holdings, Inc., which resulted in a change in ownership of the Company.

Plan Merger

On May 18, 2016, the Board of Directors of Novolex Holdings, Inc. approved the merger of this Plan into the Novolex Holdings, Inc. 401(k) Plan (the "Novolex Plan") effective December 31, 2016. As a result, all investments were transferred from the Plan into the Novolex Plan on that date. However, \$12 was left and not transferred as of December 31, 2016. The remaining balance was transferred to the Novolex Plan subsequent to year-end.

Contributions

The Plan offers participants the ability to contribute a percentage of their eligible compensation subject to an annual limit, as defined in the plan document. The Plan allows participants who are age 50 or older to make pre-tax catch-up contributions each year. Catch up contributions may be made in 2016 and 2015 up to \$6,000. In 2016 and 2015, the Company elected to make safe harbor matching contributions. The Company made matching contributions of 100% of the first 1% of the participant's compensation contributed to the Plan and 50% of the next 5% of the participant's compensation contributed to the Plan. The safe harbor matching contributions are vested 100% after 2 years of service and participants may not request a hardship withdrawal of these contributions. The Company may also designate all or a portion of any matching contribution for a payroll period as a qualified matching contribution to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination tests. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions. The Company may make discretionary nonelective contributions, participants must complete at least 1,000 hours during the plan year and be employed as of the last day of the plan year to be qualified for these contributions. The Company may designate all or a portion of a nonelective contribution as qualified nonelective contributions. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct his or her employee, Company matching, and Company discretionary contributions, in 1% increments, in several core mutual fund alternatives.

Effective August 5, 2010 the Plan added Fidelity BrokerageLink (BrokerageLink), a self-directed brokerage account. BrokerageLink expands the participant's investment choices and gives the participant the opportunity to more actively manage their contributions. The annual cost for the participant is \$50 to participate in BrokerageLink. Certain Fidelity funds carry short-term trading fees which are paid by the participant.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan (continued):

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, plan earnings and losses, allocations of the Company's matching contributions, and an allocation of administrative expenses, which are allocated among all participants based on their investment in each fund. The Company's discretionary contributions are credited in the participant's account based on the investment allocation specified by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The company's matching contributions and discretionary profit sharing contributions plus actual earnings thereon made before 2012 and nonelective contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	66%
5	100%

In 2012, the company elected to make safe harbor matching contributions. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service. Participants are immediately vested in their pretax contributions plus actual earnings thereon.

Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding note balance the employee had in the previous 12 months, or 50% of the current vested account balance. Notes receivable from participants bear interest at the Bank of America prime rate plus 1% to be reviewed quarterly, as determined by the company's board of directors. Applicable rates on new notes receivable made during 2016 were 4.25%. Participants may have only one note outstanding at any time. Note repayments, including principal and interest, are made ratably through weekly payroll deductions. Notes are secured by a lien on the participant's account balance in the Plan.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum payment or an installment payment over the life expectancy of the participant, or may elect a deferral option. Participants may withdraw all or a portion of their pre-tax, after-tax, employer contributions, profit sharing contributions, and related earnings, in accordance with the hardship provisions of the Plan.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These account will be used first to pay administrative expenses of the Plan, and any remaining amount may be used to reduce employer contributions. In 2016, \$-0- were used to pay administrative expenses of the Plan and \$5,408 were used to reduce employer contributions. Forfeiture balances available for the years ended December 31, 2016 and 2015 were \$-0- and \$17,990, respectively.

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were transferred to the Novolex Plan before close of business on December 31, 2016, except for \$12 that remains in the Plan as of year-end. The Administrative Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan Document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Other expenses paid by the Plan, primarily advisory fees, are recorded as a deduction to net assets on the statement of changes in net assets available for benefits.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. The Plan adopted ASU No. 2015-07 during the year ended December 31, 2016 and has applied its provisions retrospectively to the 2015 financial statements.

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

2. Summary of Significant Accounting Policies (continued):

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent (5%) or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. The level of disaggregation of investments that are measured using fair value is also simplified.

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The Plan adopted Part II during the year ended December 31, 2016 and has applied its provisions retrospectively to the 2015 financial statements.

Date of Management's Review

Subsequent events have been evaluated through October 10, 2017, which is the date the financial statements were available to be issued.

3. Information Certified by the Trustee:

The following is a summary of the audited information regarding the Plan as of, and for the years ended December 31, 2016 and 2015, included in the Plan's financial statements and supplemental information, that was prepared by, or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan (the "Trustee") and furnished to the Plan Administrator. The Plan Administrator obtained certifications from the Trustee that such information is complete and accurate:

Investments, at fair value
Interest and dividend income
Net appreciation or depreciation in fair value of investments
Schedule of assets (held at end of year)

During the years ended December 31, 2016, the Plan's investments appreciated in value by \$1,196,925. The change in value includes gains and losses on investments bought and sold, as well as held during the year.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair Value Measurements (continued):

The three levels of fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presents.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2016 and 2015.

Level 1 Fair Value Measurements

- Mutual Funds: Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.
- BrokerageLink Asset: Self-directed brokerage accounts primarily consisting of mutual funds and common stocks that are valued on the basis of readily determinable market prices generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Level 2 Fair Value Measurements

- Money Market Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities.

Practical Expedient Measurements

- Stable Value: The fair value of these investments is estimated using the net asset values ("NAV"), as provided by the Trustee, as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair Value Measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured using net asset value per share practical expedient				<u>1,131,641</u>
Total investments				\$ <u>39,457,579</u>

The Plan invests in stable value funds, which trades at the net asset value (NAV) per share practical expedient of the fund. These funds are not categorized within the fair value hierarchy.

The following table summarized investments measured at fair value based on NAV per share as of December 31, 2016 and 2015:

5. Tax Status:

The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based and the related trust, as then designed, were in compliance with the applicable regulations of the Internal Revenue Code. The prototype plan has been amended subsequent to this date. However, the Plan Sponsor and the plan administrator believe that the Plan, which is based on the prototype plan, was at all times during the years ended December 31, 2016 and 2015, designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan and related trust continued to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there is no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

6. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of persons who were terminated prior to year-end but had not yet received payment. At December 31, 2016, the vested account balances of terminated participants are \$-0-.

8. Related-Party Transactions:

Certain plan investments are mutual funds and money funds managed by Fidelity Management Trust Company. Fidelity Management Trust company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to \$18,583 for the year ended December 31, 2016.

INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Heritage Bag Company 401k Plan
Hartsville, South Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Heritage Bag Company 401k Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Information

The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HERITAGE BAG COMPANY 401K PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan:

The following description of the Heritage Bag Company 401K Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which is offered to all eligible employees. Employees are eligible to become participants immediately after the date of eligibility, as defined by the plan document. Participants should refer to the plan document for a more complete description of the Plan's eligibility requirements. The Plan is subject to the provisions of the employee retirement income security act of 1974, as amended (ERISA).

Change in Ownership of Plan Sponser

Effective April 29, 2016, the Company was acquired by Novolex Holdings, Inc., which resulted in a change in ownership of the Company.

Plan Merger

On May 18, 2016, the Board of Directors of Novolex Holdings, Inc. approved the merger of this Plan into the Novolex Holdings, Inc. 401(k) Plan (the "Novolex Plan") effective December 31, 2016. As a result, all investments were transferred from the Plan into the Novolex Plan on that date. However, \$12 was left and not transferred as of December 31, 2016. The remaining balance was transferred to the Novolex Plan subsequent to year-end.

Contributions

The Plan offers participants the ability to contribute a percentage of their eligible compensation subject to an annual limit, as defined in the plan document. The Plan allows participants who are age 50 or older to make pre-tax catch-up contributions each year. Catch up contributions may be made in 2016 and 2015 up to \$6,000. In 2016 and 2015, the Company elected to make safe harbor matching contributions. The Company made matching contributions of 100% of the first 1% of the participant's compensation contributed to the Plan and 50% of the next 5% of the participant's compensation contributed to the Plan. The safe harbor matching contributions are vested 100% after 2 years of service and participants may not request a hardship withdrawal of these contributions. The Company may also designate all or a portion of any matching contribution for a payroll period as a qualified matching contribution to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination tests. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions. The Company may make discretionary nonelective contributions, participants must complete at least 1,000 hours during the plan year and be employed as of the last day of the plan year to be qualified for these contributions. The Company may designate all or a portion of a nonelective contribution as qualified nonelective contributions. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct his or her employee, Company matching, and Company discretionary contributions, in 1% increments, in several core mutual fund alternatives.

Effective August 5, 2010 the Plan added Fidelity BrokerageLink (BrokerageLink), a self-directed brokerage account. BrokerageLink expands the participant's investment choices and gives the participant the opportunity to more actively manage their contributions. The annual cost for the participant is \$50 to participate in BrokerageLink. Certain Fidelity funds carry short-term trading fees which are paid by the participant.

1. Description of Plan (continued):

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, plan earnings and losses, allocations of the Company's matching contributions, and an allocation of administrative expenses, which are allocated among all participants based on their investment in each fund. The Company's discretionary contributions are credited in the participant's account based on the investment allocation specified by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The company's matching contributions and discretionary profit sharing contributions plus actual earnings thereon made before 2012 and nonelective contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	66%
5	100%

In 2012, the company elected to make safe harbor matching contributions. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service. Participants are immediately vested in their pretax contributions plus actual earnings thereon.

Notes Receivable

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding note balance the employee had in the previous 12 months, or 50% of the current vested account balance. Notes receivable from participants bear interest at the Bank of America prime rate plus 1% to be reviewed quarterly, as determined by the company's board of directors. Applicable rates on new notes receivable made during 2016 were 4.25%. Participants may have only one note outstanding at any time. Note repayments, including principal and interest, are made ratably through weekly payroll deductions. Notes are secured by a lien on the participant's account balance in the Plan.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum payment or an installment payment over the life expectancy of the participant, or may elect a deferral option. Participants may withdraw all or a portion of their pre-tax, after-tax, employer contributions, profit sharing contributions, and related earnings, in accordance with the hardship provisions of the Plan.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These account will be used first to pay administrative expenses of the Plan, and any remaining amount may be used to reduce employer contributions. In 2016, \$-0- were used to pay administrative expenses of the Plan and \$5,408 were used to reduce employer contributions. Forfeiture balances available for the years ended December 31, 2016 and 2015 were \$-0- and \$17,990, respectively.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All Plan assets were transferred to the Novolex Plan before close of business on December 31, 2016, except for \$12 that remains in the Plan as of year-end. The Administrative Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan Document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Other expenses paid by the Plan, primarily advisory fees, are recorded as a deduction to net assets on the statement of changes in net assets available for benefits.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). The ASU impacts reporting entities that measure an investment's fair value using the net asset value per share practical expedient. The amendments in ASU No. 2015-07 eliminate the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. The Plan adopted ASU No. 2015-07 during the year ended December 31, 2016 and has applied its provisions retrospectively to the 2015 financial statements.

2. Summary of Significant Accounting Policies (continued):

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent (5%) or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. The level of disaggregation of investments that are measured using fair value is also simplified.

Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The Plan adopted Part II during the year ended December 31, 2016 and has applied its provisions retrospectively to the 2015 financial statements.

Date of Management's Review

Subsequent events have been evaluated through October 10, 2017, which is the date the financial statements were available to be issued.

3. Information Certified by the Trustee:

The following is a summary of the audited information regarding the Plan as of, and for the years ended December 31, 2016 and 2015, included in the Plan's financial statements and supplemental information, that was prepared by, or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan (the "Trustee") and furnished to the Plan Administrator. The Plan Administrator obtained certifications from the Trustee that such information is complete and accurate:

Investments, at fair value
Interest and dividend income
Net appreciation or depreciation in fair value of investments
Schedule of assets (held at end of year)

During the years ended December 31, 2016, the Plan's investments appreciated in value by \$1,196,925. The change in value includes gains and losses on investments bought and sold, as well as held during the year.

4. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements* ("ASC 820") defines fair value, establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair Value Measurements (continued):

The three levels of fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of Level 3 inputs for the periods presents.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2016 and 2015.

Level 1 Fair Value Measurements

- Mutual Funds: Valued at the daily closing price as reported by the fund. Net assets values (NAV) are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.
- BrokerageLink Asset: Self-directed brokerage accounts primarily consisting of mutual funds and common stocks that are valued on the basis of readily determinable market prices generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Level 2 Fair Value Measurements

- Money Market Valued at the net asset value (NAV) of shares held by the Plan at year end and amortized cost to approximate the current fair value of certain securities.

Practical Expedient Measurements

- Stable Value: The fair value of these investments is estimated using the net asset values ("NAV"), as provided by the Trustee, as a practical expedient. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. Tax Status:

The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2014 that the prototype plan on which the Plan is based and the related trust, as then designed, were in compliance with the applicable regulations of the Internal Revenue Code. The prototype plan has been amended subsequent to this date. However, the Plan Sponsor and the plan administrator believe that the Plan, which is based on the prototype plan, was at all times during the years ended December 31, 2016 and 2015, designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan and related trust continued to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there is no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

6. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of persons who were terminated prior to year-end but had not yet received payment. At December 31, 2016, the vested account balances of terminated participants are \$-0-.

8. Related-Party Transactions:

Certain plan investments are mutual funds and money funds managed by Fidelity Management Trust Company. Fidelity Management Trust company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amount to \$18,583 for the year ended December 31, 2016.
