1. Description of Plan

The following description of the Tangram Interiors Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

New Tangram, LLC (the "Company" or the "Plan Administrator") is a Michigan limited liability company doing business as Tangram Interiors. The Plan's trustee is Prudential Bank & Trust, FSB and the Plan's custodian is Prudential Retirement Insurance and Annuity Company (collectively "Prudential"). Prudential holds and executes investment transactions, makes payments as directed by the Plan participants, and provides recordkeeping and other functions, as defined.

The Plan is a tax qualified defined contribution profit sharing and 401(k) savings plan covering all qualified full-time employees of the Company who have 60 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was amended and restated as of January 1, 2016 to increase the automatic enrollment percentage to 6% for participants hired on or after January 1, 2016. Additionally, the initial automatic contribution percentage increases by 1 percentage point on each April 1st beginning at least one year (12 months) after the initial automatic enrollment until it equals 10% of the Participant's Compensation.

Contributions

Eligible employees of the Company may elect to contribute either a specific dollar amount or whole percentages of pretax total annual compensation, subject to statutory limitation of $18,000 for 2016 (as defined by the Internal Revenue Code ("IRC") and subject to an annual cost-of-living adjustment). The Plan allows participants age 50 and over to make additional salary deferrals (referred to as employee catch-up contributions), subject to legal limits of $6,000 in 2016. The Plan allows after-tax participant contributions ("Roth") of the participant's compensation for the Plan year subject to annual IRC maximum contribution limits.

The Plan provides for an automatic enrollment, whereby the Company will automatically withhold a specific percentage of each eligible employee's compensation and deposit the amount into the Plan as an employee elective deferral. The eligible employees automatically enrolled in the Plan may then elect to either (a) not to have elective deferrals made to the Plan under automatic enrollment, or (b) to have elective deferrals made at a different percentage.

The Board of Directors may elect to make a discretionary profit sharing contribution and/or a discretionary 401(k) bonus contribution to the Plan. No discretionary profit sharing or 401(k) bonus contributions were made during the 2016 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the discretionary employer match or discretionary profit sharing contributions, if any, allocations of the Plan's earnings, charged with allocations of the Plan's losses and with administrative fees associated with

loan requests and/or other participant requests, if any. Allocations are based on participant earnings or losses based on the specific investment options selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in the amount of their contributions and actual earnings thereon.

Participants are vested in their discretionary employer matching contributions and profit sharing contributions in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1 year of service	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Participants receive one year of vesting service in which an employee has 1,000 hours of service for a 12-consecutive month period ending on the last day of each plan year.

Forfeitures

Any participant who terminates his/her employment prior to the completion of the minimum number of applicable years forfeits their unvested accrued benefit under the Plan. Forfeitures shall be used, first to pay administrative expenses incurred by the Plan, second to reduce employer matching or discretionary contributions. There were $750 and $19,371 forfeitures outstanding at December 31, 2016 and 2015, respectively. There were $19,364 of forfeitures used during the year ended December 31, 2016 to pay administrative expenses.

Investment Options

Upon enrollment in the Plan, eligible employees of the Company may direct employee and employer contributions in 1% increments among various Prudential investment options available in the Plan.

Notes Receivable from Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant's account. Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of (1) 50% of the participant's vested account in the Plan, or (2) $50,000, reduced by the highest loan balance during the previous 12 months. Loans must bear a reasonable rate of interest, must be repaid within five years (unless loan proceeds are used to purchase a principal residence which extends the repayment term up to 15 years), and be repaid in scheduled payments through regular payroll deductions. The loans bear interest at 1% above prime rate as determined at the time of the loan by the Plan Administrator. The interest rate will be fixed for the duration of the loan, unless the participant chooses to refinance the loan, which is available under certain conditions. As of December 31, 2016, interest rates on outstanding notes receivable from participants ranged from 4.25% to 6.00% maturing on various dates through October 2029.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, benefits of participants with a vested value in the Plan of more than $5,000 may be distributed in a single lump-sum payment at the end of the valuation date following termination of employment, or six months after the participant's 59th birthday at the discretion of the participant. Benefits may be distributed to terminated participants prior to the participant's retirement date at the request of the participant.

Upon termination of service, participants with account balances not in excess of $1,000 will receive an automatic lump-sum payout. For participants with account balances in excess of $1,000, but not in excess of $5,000, participants may elect to (1) receive a lump-sum payout, or (2) rollover the account to another qualified plan or an Individual Retirement Account ("IRA"). If the participant does not make an election, the amount will be rolled over into an IRA selected by the Plan sponsor on behalf of the participant. For participants with account balances in excess of $5,000, no distribution will occur until a withdrawal request form is completed. A participant may elect to leave his or her account balance in the Plan, receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or rollover the account to another qualified plan or an IRA.

Administrative Expenses

Certain administrative expenses, such as charges related to the processing of loans and early withdrawals are directly paid from each respective participant's account. Administrative expenses paid by the Plan totaled $3,230 for the year ended December 31, 2016. Certain other Plan related expenses are paid by the Plan Administrator. There is no guarantee that the Plan Administrator will continue to pay certain of the Plan's expenses.

Management fees and operating expenses charged to the Plan are deducted from income earned on a daily basis and are not reflected separately. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of investments for such investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form 5500 for financial reporting purposes in the year the determination is made.

Risk and Uncertainties

The Plan invests various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The plan invests in various investment options that hold securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Payment of Benefits

Benefits are recorded when paid.

Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds, pooled separate accounts and guaranteed interest accounts that are managed by Prudential, or affiliates of Prudential, and, therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA. Additionally, notes receivable from participants also qualify as party-in-interest transactions.

Subsequent Events

Management has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued and has determined that there were no material events requiring recognition or disclosure.

3. Contracts with Insurance Company

The Plan invests in a fully benefit-responsive group annuity contract with the Custodian, by investing in the Guaranteed Income Fund ("GIF") totaling $1,899,885 and $1,780,843 at December 31, 2016 and 2015, respectively. Prudential maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the issuer or otherwise.

The GIF specifies that generally there are not events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with the custodian, as defined in the contract agreement, but cannot be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2, input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2016 and 2015. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: The pooled separate accounts invest mainly in short term securities such as commercial paper. Units held in pooled separate accounts are stated at fair value using the net asset value per share (or its equivalent) as a practical expedient as reported by the investment manager, based on pricing inputs, including quoted market prices for similar assets in active or non-active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The remainder of this page intentionally left blank.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016				
	Level 1	**Level 2**	**Level 3**	**Other**	**Total**

Total investments at fair value	$ 13,605,686	$ -	$ -	$ 511,717	$ 14,117,403

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

5. Information Certified by Prudential

The Plan Administrator elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2016 and 2015;

- Investment activity, including the net appreciation in fair value of investments, dividends and interest – investments, and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2016 as follows:

For the Year ended December 31,	2016
Dividends and interest – investments	$ 176,301
Net appreciation in fair value of investments	$ 1,027,485
Interest income on notes receivable from participants	$ 19,801

- Investment values as disclosed in Note 4 as of December 31, 2016 and 2015; and

- Current values as reflected in Schedule I - Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such certified information with the related information included in the financial statements and supplemental schedule.

6. Tax Status

The Plan has adopted the Volume Submitter Profit Sharing Plan with CODA, which received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the prototype plan is in compliance with applicable sections of the IRC. The Plan has since been amended. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the accompanying financial statements.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, affected participants will become 100% vested in all of their accounts. The Plan sponsor will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by Prudential.

8. Late Remittances

There was a failure to transmit to the Plan, participant contributions within the time period described in 29 CFR 2510.3-102. The Company intends to file a Voluntary Fiduciary Correction Program ("VFCP") application with the DOL, the Form 5330 with the IRS and fund the lost earnings for the 2015 Plan year subsequent to the issuance of these financial statements.

9. Reconciliation to Form 5500

A reconciliation of the financial statements to the Form 5500 is as follows:

December 31,	**2016**	2015
Net assets available for Plan benefits per the financial statements	**$ 17,874,967**	$ 16,432,536

Net assets available for Plan benefits per the Form 5500	**$ 17,920,562**	$ 16,480,436

Net increase in net assets available for Plan benefits per the financial statements	$ 1,442,431
