NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Oshkosh Corporation Tax Deferred Investment Plan for Production Employees (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Oshkosh Corporation (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the employee benefits administrator of the Company. Fidelity Management Trust Company ("FMTTC") has been appointed trustee of the Plan.

Eligibility

The Plan covers substantially all production employees of Oshkosh Defense, LLC covered by a collective bargaining agreement. Production employees become eligible to participate upon the first day of employment with the Company.

Contributions

Eligible employees can elect to defer from 2% to 100% of their compensation as defined in the Plan document. Catch-up contributions are also allowed for participants aged 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company's matching contribution is \$0.25 for each \$1.00 of pretax participant contributions, limited to the first 6% of deferred participant compensation. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Production employees hired after October 1, 2016 are eligible for a non-elective employer contribution. The non-elective contribution is determinable each payroll period at an amount equal to a specific percentage of each eligible participant's base wages during the appropriate pay period. The specific percentages, determined based upon the age of the participant as of December 31 of the year for which the non-elective contribution relates, are as follows:

<u>Age as of December 31</u>	<u>Percentage of Base Pay</u>
Less than 35 years	2%
At least 35, but less than 50 years	3%
50 years or older	4%

NOTE 1 – DESCRIPTION OF THE PLAN (cont.)

Participant Accounts

Individual accounts are maintained for each participant reflecting each participant's contributions, non-elective employer contributions, employer matching contributions, each participant's share of the Plan's income (loss), and any related administrative expenses. Earnings and losses of the Plan are allocated daily to participant account balances in the proportion that each participant account balance bears to the sum of all participant account balances in that particular fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times 100% vested with respect to their elective contributions and the employer's matching contributions.

Non-elective employer contributions that are maintained in participants' non-elective employer contribution accounts are subject to a three-year cliff vesting period.

Investments

As of December 31, 2016 and 2015, participants were able to allocate their contributions as well as employer matching contributions and non-elective employer contributions among various mutual funds and a common collective trust.

Participant Loans

Participants are permitted to borrow from their accounts. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed the lesser of 50% of the participant's vested account balance or \$50,000, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods ranging up to 60 months (180 months if the amount borrowed is used for the purchase of a primary residence). The interest rate is determined by the plan administrator based on prevailing market conditions and is fixed over the term of the loan. Interest rates ranged from 3.25% to 8.25% at both December 31, 2016 and 2015.

Payment of Benefits

Upon termination, the participants or beneficiaries will receive their benefits in a lump-sum amount equal to the value of the participants' vested interest in their account. If a participant's account balance does not exceed \$1,000 at the date of distribution, the entire account balance shall be payable as a single lump sum upon retirement, death, or termination. For participants whose account balance exceeds \$1,000, upon termination of service, the participant may defer payment until April 1 of the calendar year following the year in which the participant attains age 70½.

Aside from normal retirement distributions, in-service withdrawals of pretax savings may be withdrawn only upon attainment of age 59½.

Effective January 1, 2017, participants' account balances that do not exceed \$5,000 at the date of the distribution, will be payable as a single lump sum upon retirement, death or termination.

NOTE 1 – DESCRIPTION OF THE PLAN (cont.)

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth under ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Accounting Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for investments in mutual funds and a common collective trust. Investment securities are exposed to various risks including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could be material to the financial statements.

Investment Valuation and Income Recognition

Net appreciation or depreciation of investments included in the accompanying statements of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Managed Income Portfolio II (the "Fund"), a stable value common collective trust fund which holds fully benefit-responsive guaranteed investment contracts is valued at fair value of the underlying investments.

The Fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Units are issued and redeemed daily at the Fund's constant net asset value ("NAV") of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit; although there is no guarantee that the Fund will be able to maintain this value.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company. Administrative expenses not paid by the Company are paid by the Plan through a pro rata reduction of the participants' account balances.

Other Income

Other income consists of amounts received from the Plan trustee under a revenue sharing arrangement established under the trust agreement with the Company. The Plan trustee revenue is generated via fees charged to the Plan participants. The use of other income received under the arrangement is restricted to activities that benefit the Plan participants. Other income that is not used by the Plan for eligible activities can be allocated to participant's accounts. The Plan recorded other income of \$3,000 and \$3,525 during the plan years ended December 31, 2016 and 2015, respectively. Other income is recorded on an accrual basis.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Transfers

Along with the Plan, the Company also sponsors other 401(k) plans. If employees transfer or change status during the year, their account balances are transferred into the corresponding plan. Plan transfers to the Oshkosh Corporation and Affiliates Tax Deferred Investment Plan were \$59,432 and \$64,904 during the years ended December 31, 2016 and 2015, respectively.

Reclassification

For comparability, certain year ended December 31, 2015 amounts have been presented to conform with current year disclosures.

NOTE 3 – FAIR VALUE MEASUREMENTS

The FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 — Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Plan management is responsible for the determination of fair value. Accordingly, Plan management performs periodic analysis on prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, Plan management has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (cont.)

As of December 31, 2016, the fair values of the Plan's investments were as follows:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 75,581,737	\$ -	\$ -	\$ 75,581,737
Investments measured at NAV (a)				8,967,688
Investments at Fair Value				\$ 84,549,425

As of December 31, 2015, the fair values of the Plan's investments were as follows:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 71,107,014	\$ -	\$ -	\$ 71,107,014
Investments measured at NAV (a)				7,568,310
Investments at Fair Value				\$ 78,675,324

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

There were no transfers of assets between Level 1 and Level 2 during the years ended December 31, 2016 and 2015.

The following tables set forth additional disclosures for the fair value measurement of the Plan's investments that calculate fair value based on NAV as of December 31:

2016			
Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
\$ 8,967,688	\$ -	N/A	Daily*

*Participant-initiated transactions may be made on any business day; however, withdrawals directed by the plan sponsor must be preceded by twelve months written notice.

NOTE 4 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are administered under a contract with the trustee of the Plan. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 6, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2016 and 2015. Accordingly, FMTC has certified to the completeness and accuracy of all investments and notes receivables from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015 and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015.

In August 2017, under the VERP, the participants could elect to defer the lump sum payment into their 401(k) account up to the limits allowed by the IRS. Payments into their 401(k) accounts are expected to occur in October 2017.
