Note 1: Description of the Plan

The following description of the Pacific American Fish Co., Inc. 401(k) Retirement Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted by Pacific American Fish Company, Inc. (the "Company"), effective January 1, 1997, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan was amended and restated effective January 1, 2016. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed one year of service and are age 21 or older.

Contributions

Participants may elect to contribute up to 100 percent of their pretax annual compensation not to exceed the maximum deferral limitation, as defined in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make safe harbor contributions and/or discretionary profit-sharing contributions to the Plan. For the year ended December 31, 2016, the Company elected to contribute a safe harbor matching contribution to the Plan equal to 100 percent of the first 4 percent of the participant's compensation totaling $103,431. The Company did not make any discretionary profit-sharing contributions during 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral, rollover, employer-qualified nonelective, and safe harbor contributions, plus actual earnings thereon. Vesting in additional profit-sharing contributions, plus actual earnings thereon, is based on years of continuous service. A participant is vested at the rate of 20 percent each year after two years of service and is considered to be 100 percent vested after six years of credited service.

Note 1: Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. Loans used to acquire principal residence are not to exceed a term of 15 years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's vested balance under the Plan or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through payroll deductions. The loans are secured by the vested account balance in the participant's account, and a participant can have a maximum of one loan outstanding at any time.

Benefit Payments

If a participant's employment ceases as a result of death, the entire account becomes fully vested and the participant or the participant's beneficiaries are entitled to receive the contents of the account. If a participant is terminated for any other reason, the participant is entitled to receive only the vested percentage of the account. The participant or his or her beneficiaries may elect to receive benefits in a single lump sum only. Upon termination of service, where the vested value is less than $5,000, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution automatically. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, participants are allowed to withdraw their funds from the Plan.

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to reduce future employer's contributions or Plan expenses. As of December 31, 2016 and 2015, there were no forfeited nonallocated balances. For the year ended December 31, 2016, there were no unallocated forfeitures that were used to pay employer contributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain administrative expenses incurred by the Plan are absorbed by the Company and are therefore not recognized in the Plan's financial statements.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from investment income.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments in pooled separate account investments are measured using net asset value per share ("NAV") as a practical expedient. Fair value is the price that that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in the stable value fund are held in the general account of Transamerica Financial Life Insurance Company, the Plan's custodian (the "Custodian"). These investments are considered to be fully benefit responsive, and therefore, the investments are reported at contract value. See Note 4 for further information regarding the investments in the stable value fund.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments sold during the year, as well as those held at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants at December 31, 2016 and 2015, and investment income and interest on participant notes receivable for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

Note 5: Nature of the Stable Value Fund

Under the terms of the Plan's group annuity contract, the Plan invests in a stable value fund with the Custodian. These investments are considered to be fully benefit responsive. The stable value fund is not a separate account investment choice. Investments in the stable value fund are held in the Custodian's general account and represent a nontradable obligation of the Custodian. Thus, the investment contract or proceeds cannot be assigned or sold to another party without the consent of the Custodian. The stable value fund investment choice seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment choice has a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis and with no set maturity.

The terms of the group annuity contract require that all permitted participant-initiated transactions involving the stable value fund occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan, such as withdrawals for benefits, loans, or transfers to other investment choices within the Plan. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, such as a significant decline in creditworthiness of the Custodian, the stable value fund's ability to transact at contract value could be affected.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7: Tax Status

The Plan is based on the Prototype Volume Submitter Profit Sharing with CODA with SunGard Business Systems, LLC, which received a determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8: Party-in-Interest Transactions

The investments in pooled separate accounts and the stable value fund are managed by the Custodian, and therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore also qualify as party-in-interest transactions.

Note 9: Withdrawn Participants

At December 31, 2016 and 2015, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 10: Investments Measured Using Net Asset Value per Share

The Plan's pooled separate accounts investments are stated at NAV at December 31, 2016 and 2015. Each unit in a pooled separate account invests directly in a unit of the underlying investment. Unit values are calculated based on the observable NAV of the underlying investment in the fund.

Note 10: Investments Measured Using Net Asset Value per Share (Continued)

The following table at December 31, 2016, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent):

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 2,737,265	None	Daily	None	None

The following table at December 31, 2015, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent):

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 2,413,364	None	Daily	None	None

Note 11: Subsequent Events

The Plan has evaluated subsequent events through October 13, 2017, the date the financial statements were available to be issued.
