Note 1: Description of the Plan

The following description of the Pioneer Healthcare Services, LLC (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants may make pre-tax elective deferral contributions or Roth elective deferral contributions. The Plan allows catch-up contributions on a pre-tax basis, by participants age 50 or older, subject to certain IRS limitations and participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants may also contribute rollover contributions to the Plan representing distributions from other qualified defined benefit or contribution plans. The Plan provides for automatic election of deferrals at a rate of 1 percent of compensation for new participants. Participants may affirmatively elect a different percentage or elect not to defer into the Plan.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Investment Options

The Plan provides participants with several mutual funds and a common collective trust investment option. Plan participants may direct the change of their investment options.

Note 1: Description of the Plan, Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to $500 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range up to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear an interest rate of prime plus two percentage points as published in the Wall Street Journal. Principal and interest is paid ratably through payroll deductions. Participants can only have three loans receivable outstanding from the Plan at any given time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeitures

Forfeitures are first made available to reinstate previously forfeited account balances of former participants and any remaining forfeitures are used to pay Plan expenses. During the year ended December 31, 2016, there were no forfeitures applied and used to pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the fair market value of shares held by the Plan at year-end. The common collective trust is valued based on the net asset value (NAV).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Administrative expenses are paid by the Company. Certain administrative processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Financial Statement Presentation

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

New Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement* (Topic 820); *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The provisions of ASU 2015-07 are effective for all plan years beginning after December 15, 2015. Early application is permitted. The Plan has implemented this accounting guidance.

Note 2: Summary of Significant Accounting Policies, Continued

New Pronouncements, Continued

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960); *Defined Contribution Plans* (Topic 962); and *Health and Welfare Benefit Plans* (Topic 965): *Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* Part (I) of the guidance requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part (II) of the guidance eliminates the current GAAP requirements to disclose individual investments that represent five percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed and non-participant-directed investments. Part (III) of the guidance provides a practical expedient to permit the plan to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The provisions of ASU 2015-12 are effective for all plan years beginning after December 15, 2015. Early application is permitted. The Plan has implemented Part II of this guidance. The Plan has not adopted Parts I and III, as they are not applicable to the Plan.

Note 3: Information Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance) and State Street Bank and Trust Company (State Street), the Plan's trustees, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Net appreciation in fair value of investments and dividend income for the year ended December 31, 2016, as included on the statement of changes in net assets available for benefits.
- The schedule of assets held for investment purposes (held at end of year) as of December 31, 2016, as shown on Schedule H, Part IV, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies - These investments are mutual funds that are valued at quoted market prices in an exchange and active market, which represents the fair value of the shares held by the Plan at year end and the Plan has concluded that these investments should be classified as Level 1.

Common collective trust - This investment is valued at the NAV of units held of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The collective trust is invested in mutual funds, separate accounts and collective trusts. The investment objectives and underlying investments of the common collective trust vary with the objective of long term growth of capital and current income with the investment strategy within a specified expected retirement age. There were no unfunded commitments and the investment can be redeemed on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurement, Continued

A summary of Plan investments measured at fair value is as follows:

	Fair Value	Fair Value Measurement Using: Quoted Market Price (Level 1)
December 31, 2016		
Registered investment companies	$ 224,671	$ 224,671
Total assets at fair value	$ 224,671	$ 224,671
December 31, 2015		
Registered investment companies	$ 190,252	$ 190,252
Total assets at fair value	$ 190,252	$ 190,252

With the adoption of ASU 2015-12, the common collective trust, which is measured at net asset value, is no longer required to be included within the fair value hierarchy. The Plan held investments in the amount of $296 at December 31, 2016. The Plan did not hold any investments in the common collective trust at December 31, 2015.

Note 5: Party-in-interest Transactions

Certain Plan investments are managed by Reliance and State Street, the trustees, as defined by the Plan and are parties-in-interest. ADP Retirement Services (ADP) is the record-keeper and the administrative provider for the Plan. The Plan incurred certain administrative fees of $425 for the year ended December 31, 2016. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan operations.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7: Tax Status

The Plan has adopted a Prototype 401(k) plan that the Internal Revenue Service (IRS) approved by a letter dated July 8, 2014. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would be require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent to year-end, the Plan adopted a Non-Standardized 401(k) Profit Sharing Plan. In addition, the Plan's investments were transferred from Reliance Trust Company to Mid Atlantic Trust Company.

Subsequent events were evaluated through October 11, 2017, the date the Plan financial statements were available to be issued.
