WOODWARD RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2016 and 2015

(1) Description of Plan

The following description of the Woodward Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security act of 1974, as amended (ERISA). The Plan covers the employees of Woodward, Inc., Woodward HRT (HRT), including the addition of former employees of GE Aviation Systems LLC effective March 2, 2013, and Woodward MPC (MPC) (collectively, the "Company").

(a) Member Investment and Profit Sharing Components

Employees (aka Members) become eligible to participate in the member investment (401(k)) component for purposes of biweekly payroll deferral and Company matching contributions immediately upon employment with the Company. Member deferral and Company matching contributions are invested in various investment options offered by the Plan as directed by the Plan participants.

Eligible participants may elect to defer a portion of their bi-weekly payroll on either a pre-tax or after-tax (i.e. Roth) basis up to the maximum amount allowed under the Plan. All new hires are automatically enrolled in the Plan with a 6% wage deferral election unless the participant affirmatively elects otherwise. Participants who have attained age 50 may make additional catch-up contributions.

With the exceptions for HRT employees as described below, the Company contributes a matching contribution, paid bi-weekly, equal to 100% of the first 3% of each participant's biweekly payroll deferral plus 50% of a participant's bi-weekly deferrals in excess of 3% up to 6%; thus, the maximum matching contribution equals 4.5% of a participant's bi-weekly pay. The Plan was amended January 1, 2016 to incorporate a "true-up" Company match done by recalculating each member's matching contributions on an annual basis and making an additional Company contribution, if any.

HRT non-bargained employees hired prior to January 1, 2010 do not receive an employer match. The Plan was amended in 2014 whereby these employees will receive a match effective January 1, 2015 and a stock contribution will be made in 2016 for eligible wages earned in calendar year 2015. Those hired on or after January 1, 2010 receive the same match as described above.

HRT bargained employees hired prior to April 19, 2010 do not receive an employer match. All eligible HRT bargained employees hired on or after April 19, 2010 receive

a matching contribution equal to 100% of the first 3% of each participant's bi-weekly payroll deferrals plus 50% of a participant's bi-weekly deferrals in excess of 3% up to 6%; thus, the maximum matching contribution equals 4.5% of a participant's bi-weekly pay.

Excluding MPC and HRT employees, employees are eligible for a grandfathered Company contribution for the Profit Sharing Component if they were employed by the Company on December 31, 2002. Unless a lesser amount is determined by the Company's Board of Directors, the amount contributed is equal to 1.5% of calendar year eligible wages, increased by .1% for each additional year of participation not to exceed the number of years of participation credited as of September 30, 2003.

The Plan was amended effective January 1, 2015 for transition benefits for non-bargained HRT Pension Plan participants. Transition benefits equal 2% and 3% of eligible wages for members 40-49 years old and members over 50 years old, respectively, as of December 31, 2014. Contributions will be made annually for a period of ten years as long as a member is employed.

Eligible wages are defined as the total amount reported as wages for a Worker Member for up to 80 hours in a bi-weekly period, (regular pay, shift 2 premium, and shift 3 premium for all hours up to 80 hours in a bi-weekly period,) including pay for bereavement, holiday, sick pay and vacation and amounts deferred under the Plan or a cafeteria plan, but excluding reimbursement of medical expenses, premiums on insurance policies, cafeteria subsidies, bonuses and contributions to any nonqualified deferred compensation plan.

Participants are eligible to receive a distribution of their account balance following retirement, death, disability or any other form of termination of service. The balances are paid to the participant, or, in the case of the participant's death, to the designated beneficiary(s). In no event will the distribution start later than April 1 following the year in which a participant reaches age 70-1/2.

Distributions shall be made in one of the following ways:

1. Payment in a lump sum
2. Payment in monthly, quarterly or annual installments over a period not exceeding the life expectancy of the participant, or if applicable, the joint life expectancy of the participant and beneficiary.
3. If upon termination of service, a participant's account balance is less than \$1,000, such balance shall be distributed in a lump sum as soon as practicable after termination of employment.

Notes to Financial Statements

4. If upon termination of service, a participant's account balance is greater than \$1,000 (but does not exceed \$5,000), such balance shall be distributed in a direct rollover to an eligible retirement plan or directly to the participant as specified by the participant. If the participant does not specify the method of distribution, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator.

Participant balances may be paid to a third party in divorce, separation or child support cases in accordance with a qualified domestic relations order issued by a court. Hardship withdrawals and in-service distributions are permitted in accordance with the Plan document.

(b) Woodward Stock Component

The purpose of the Woodward stock component is to enable members to share in the growth and prosperity of the Company and to provide such members with an additional opportunity to accumulate capital for their future economic security. Company contributions are made in cash and Woodward stock is acquired in the open market and/or treasury shares are contributed to fund the annual WWD stock contribution.

Members become eligible to participate in the Woodward stock component of the Plan on the first day of the first pay period following completion of two years of service with the Company. A year of service is a 12-month period which normally begins on the date of hire and ends on the anniversary thereof, in which a member works at least 1,000 hours. No stock component contributions are made on behalf of a participant for wages paid before the completion of two years of service. For each plan year, participants will have cash and/or Company stock credited to their respective accounts.

The Company contribution to the Woodward stock component, which is remitted to the Plan in a lump sum after year end, is equal to 5% of the participant's eligible wages. Certain exclusions apply to MPC and HRT employees in accordance with the Plan document.

Participants may transfer all or any portion of their balance in the Woodward stock component to the member investment component at any time. In addition, at any time a participant may transfer back to the Woodward stock component any amount that had previously been transferred from the Woodward stock component to the Member investment component. All transfers out of or back into the Woodward stock component are subject to the Company's insider trading policy relating to trades in Company stock, as in effect from time to time.

WOODWARD RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Cash dividends paid on Company stock held in the Woodward stock component and allocated to participants' accounts are generally reinvested in Company stock and credited to the participants' account balances, although the Company may direct the Trustee to pay participants in cash for any cash dividends. Worker Members will receive dividends in the form of Company stock allocated to their Woodward stock component account, unless they specifically request to receive their dividends in the form of cash.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any remaining shares for which instructions have not been given by a participant. The Trustee will vote these shares in the same manner and in the same proportion as those shares voted by the participant.

Distribution of a participant's balance in the Woodward stock component shall be made in one of the following ways:

1. In-kind single sum (shares of Company stock)
2. Single sum cash payment
3. Payment in a series of monthly, quarterly, or annual installments over a period of years not to exceed the life expectancy of the participant, or if applicable, the joint life expectancy of the participant and beneficiary.
4. Participants may elect to have all cash dividends paid on Company stock held in their participant account to be paid in cash as received by the Plan.

(c) Vesting

Participants are fully vested in all amounts credited to their respective accounts. During 2013, there was an amendment for the Duarte Union participants. The amendment states that participants will be fully vested in their employer match and profit sharing contributions prior to June 7, 2013 after three years of service.

Notes to Financial Statements

(d) Notes Receivable from Participants

A participant may request up to 3 loans not to exceed the lesser of \$50,000, reduced by the largest outstanding loan balance(s) over the preceding 12 months, or 50% of their aggregate balance (excluding balances in the Woodward Stock Plan). Each loan shall have a reasonable repayment period (1-10 years for principal residence loan and 1-5 years for all other loans) and a rate of interest (1% above the prime rate) which ranged from 4.25% to 9.25% as of December 31, 2016.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Date of Management's Review

Subsequent events were evaluated through October 12, 2017 which is the date the financial statements were available to be issued.

(c) Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

WOODWARD RETIREMENT SAVINGS PLAN

Notes to Financial Statements

(e) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Operating Expenses

Certain administrative expenses, including functions performed by officers or employees of the Company, are incurred by the Company at no charge to the Plan. Broker and trustee fees are charged to the investment fund that incurred the expense. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

(5) Certification of Financial Information

The following financial data included in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee and custodian of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest and dividend income – investments, interest income on notes receivable from participants, and net appreciation in fair value of investments.

(6) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

WOODWARD RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Level 1 Fair Value Measurements

Investments in mutual and money market funds are valued at the net asset value (NAV) of shares held by the plan at year end. The Trust's investments are valued based on Level 1 inputs. The fair value of corporate stock is valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015 (all assets are considered Level 1 and are valued using quoted prices in active markets for identical assets):

		2016	2015
Mutual funds	\$	681,395,549	610,272,226
Common/collective trusts		212,126,121	177,755,098
Corporate stock – Woodward, Inc.		294,435,544	234,480,830
Total assets at fair value	\$	<u>1,187,957,214</u>	<u>1,022,508,154</u>

(7) Related Party Transactions

Certain Plan investments are shares of money market and mutual funds managed and sold through affiliates of Vanguard Fiduciary Trust Company (Vanguard). Notes receivable from participants are also managed by Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Additionally, a portion of the Plan's assets are investments in Woodward, Inc. common stock. As the Company is the Plan sponsor, transactions involving Woodward, Inc. common stock qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) Income Tax

The Internal Revenue Service has determined and informed the Company by letter dated May 8, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

**WOODWARD
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.
