Note 1. Plan Description

The following description of Percheron, LLC 401(k)/Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees that are at least 21 years of age of Percheron Holdings, LLC (the Company or Employer) except for leased employees. Employees are eligible to participate upon their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee and Plan Administrator are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was most recently amended and restated on July 1, 2016.

Contributions: Participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make discretionary profit-sharing contributions to the Plan. To meet the eligibility requirement for discretionary profit-sharing contributions the participant must have one year of service (1,000 hours). There were no discretionary profit-sharing contributions during 2016. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary profit sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's discretionary profit sharing contributions (if any) plus actual earnings thereon based on years of continuous service. Company discretionary profit sharing contributions have a vesting period as follows:

Completed Years of Service	Vested Percentage
Less than 3 years	0%
3 years	100%

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump sum payments with certain exceptions allowed.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on notes outstanding at December 31, 2016 range from 4.25 percent to 4.50 percent. The notes receivable at December 31, 2016 are due through August 2021.

Forfeitures: The nonvested portion of a terminated participant's account balance is forfeited. Forfeited accounts may be used to pay administrative expenses and fund future employer contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts amounted to $1,320 and $1,314, respectively. During the year ended December 31, 2016, $0 of forfeitures were added to the Plan, $6 were earned from dividend and other income received, and $0 of forfeitures were used to pay Plan expenses.

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividend and interest income are recorded on the accrual basis. The change in the current value of investments (including investments bought and sold) during the period are reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in accordance with the Plan's terms.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2016) through October 13, 2017, the date the financial statements were available for issuance, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Note 3. Information Certified and Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively Great-West), the custodian, and United of Omaha Life Insurance Company, the former custodian, and furnished to the Plan Administrator. United of Omaha Life Insurance Company was the custodian for the plan year ended December 31, 2015 and for the period from January 1, 2016 through February 17, 2016. Beginning February 18, 2016, Great-West, became the custodian of the Plan and continued through December 31, 2016. The Plan Administrator has obtained certifications from Great-West, the custodian, and United of Omaha Life Insurance Company, the former custodian that the information provided to the Plan Administrator by the respective custodians related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2016	2015
Noninterest-bearing cash	$ 9,160	$ -
Investments at fair value:		
Common collective trust	11,856,816	-
Mutual funds	542,343	-
Fixed annuities	122,623	
Pooled separate accounts	-	9,865,668
Investment at contract value:		
Guaranteed investment contract	-	1,167,677
	$ 12,530,942	$ 11,033,345
Notes receivable from participants	$ 165,114	$ 122,075

Great-West and United of Omaha Life Insurance Company also certified to the completeness and accuracy to the best of their knowledge of $1,117,068 of net appreciation in fair value of investments and $18,244 of interest and dividends from investments, and $6,947 of interest on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2016.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- **Pooled separate accounts:** Valued at the net asset value (NAV) of shares in each account held by the Plan at year-end. The net asset value is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.
- **Mutual funds:** Valued based upon quoted market prices in the active market in which they are traded, and are classified as Level 1 within the valuation hierarchy.

Note 4. Fair Value Measurements (Continued)

- **Fixed annuities:** The reported values for fixed annuity options are reported daily based on the valuation method discussed in the annuity contract as calculated by the annuity provider. All of these inputs are generally considered obtainable and observable through the review of existing contracts and readily available financial information, and are classified as Level 2 within the valuation hierarchy.

- **Common collective trust:** The Plan has an indirect investments in fully benefit-responsive investment contract with Putnam Investments, which comprises the collective investment trusts. The collective investment trusts are valued based on the NAV of units held by the Plan based on the fair value of its underlying investments as determined by Great-West Trust Company, LLC. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value			
Description	Level 1	Level 2	Level 3	Total
2016:				
Mutual funds	$ 542,343	$ -	$ -	$ 542,343

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of nets assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2016 and 2015.

Investment	Fair Value as of December 31, 2016	Fair Value as of December 31, 2015	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 11,856,816	$ -	None	Daily	None
Pooled separate accounts: (a)	-	9,865,668	None	Daily	None
	$ 11,856,816	$ 9,865,668			

(a) This category invests in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Shares are available for transactions at the closing NAV per share on any day the stock market is open for business.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2016, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Guaranteed Investment Contract

As of December 31, 2015, the Plan had a traditional, fully benefit-responsive guaranteed investment contract with United of Omaha Life Insurance Company. United of Omaha Life Insurance Company maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Each month the rate is declared and any deposits made that month will be guaranteed that month's rate for five years. The contract cannot be terminated before the schedule maturity date. Fully benefit-responsive contracts are measured at contract value. Contract value of fully benefit-responsive contracts was $0 and $1,167,677 as of December 31, 2016 and 2015, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and fund annuities managed by Great-West. Therefore these transactions qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Fees paid by the Plan to the respective custodians totaled $32,396 for the year ended December 31, 2016. Note receivables from participants also qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

Note 8. Tax Status

Effective July 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Great-West. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.
