JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan:

General:

The Plan, established January 1, 1985 is a defined contribution plan covering all employees of Judson Services, Inc. and affiliates ("Judson") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Finance Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance with the reporting and recommendations of their investment advisor.

Management of the Plan engaged Newport as custodian of the Plan.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan on a pre-tax or after-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective April 1, 2015, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees (except for union employees) are automatically enrolled in the Plan. Automatically enrolled participants will have their deferral rate set at 2% of their compensation. In addition, any participants with a deferral rate less than 2% of compensation will have their deferral percentage increased to 2% of compensation. Effective October 1, 2015, the Plan was amended to include these same features for union employees. Participants may affirmatively elect not to participate in the Plan or to participate at a lower deferral percentage. These contributions are invested in a balanced investment model until changed by the participant.

Judson made discretionary matching contributions on behalf of all eligible employees at 50%, of employee elective deferrals (limited up to the first 4% of the employees' compensation) for the years ended December 31, 2016 and 2015.

Contributions received from employers for 2016 are net of payments of \$494 to be made to certain participants prior to December 31, 2017, to return to them excess employer contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Contributions received from employers for 2015 are net of payments of \$8,156 to be made to certain participants prior to December 31, 2016, to return to them excess employer contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the statements of net assets available for benefits as excess contributions payable at December 31, 2016 and 2015, respectively.

Additionally, Judson made discretionary allocations of the revenue sharing conduit account to the Plan totaling \$25,026 in 2016 and \$22,143 in 2015 which is included in contributions, other.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

1. Description of Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained by the custodian. Each account is credited with contributions and earnings from investments held in the account. Participants may direct their contributions, including the employer's portion, into any combination of a number investment fund options. The participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their pre-tax or after-tax contributions and employer matching contributions plus earnings thereon.

Payment of benefits:

Participants, who suffer serious financial hardship as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance or in installments not to exceed the life of the participant. All distributions are to be made in cash.

Benefits are recorded when paid.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum of \$50,000 or 50% of the participant balance. Loan transactions are treated as transfers between investment funds and the participant notes. Repayment of a loan must be made over a period not to exceed five years, unless the loan is used to purchase a principal residence, in which case the loan is to be repaid within a reasonable period of time, not to extend beyond 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates range from 4.25% or 4.50% at December 31, 2016 and are 4.25% at December 31, 2015. Principal and interest may be paid through payroll deductions or cash on a timely basis. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If participants cease to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are valued at fair value at December 31, 2016 and 2015 as provided by Newport Trust Company ("Newport"), the custodian of the Plan.

Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 12, 2017, the date the Plan's financial statements were available to be issued.

3. Investments:

The following table presents the value of participant-directed investments at December 31, 2016 and 2015. All investments are participated directed.

	<u>2016</u>	<u>2015</u>
Mutual funds, at fair value	\$ 5,790,751	\$ 5,627,276
Guaranteed investment contract, at contract value	567,283	
Money market fund, at fair value		<u>439,422</u>
Total investments	<u>\$ 6,358,034</u>	<u>\$ 6,066,698</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair value (continued):

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2016 and 2015.

- The fair value of mutual funds is valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- The fair value of the money market fund is valued primarily on the basis of market quotations. However, the fund has adopted procedures for making "fair value" determinations if market quotations are not readily available or are not considered reliable. These procedures may be used if an issuer defaults and there is no market for its securities. Use of these procedures is intended to result in more appropriate net asset values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis at December 31, 2016, were as follows:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 5,790,751</u>	<u>\$ 5,790,751</u>

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

4. Fair value (continued):

Assets measured at fair value on a recurring basis at December 31, 2015, were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds	\$ 5,627,276		\$ 5,627,276
Money market fund		\$ 439,422	439,422
	<u>\$ 5,627,276</u>	<u>\$ 439,422</u>	<u>\$ 6,066,698</u>

5. Plan expenses:

Substantially all administrative expenses are paid by the Plan. Certain administrative functions are performed by employees of Judson. No such employee, nor Judson, receives compensation from the Plan.

Additionally, investment expenses of the funds are included in net appreciation (depreciation) in fair value of investments.

6. Certified investments:

Certain information related to investments and participant notes disclosed in the accompanying financial statements and supplemental schedules, including investments and participant notes held at December 31, 2016 and 2015, and net increase (decrease) in fair value of investments and interest for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company (custodian of the Plan), in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The Internal Revenue Service has determined that the prototype plan under which the Judson 403(b) Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

JUDSON 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2016 AND 2015

8. Investment account with insurance company:

The Plan participates in a benefit-responsive investment account (Standard Stable Asset Fund I) with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account. The account is credited with interest on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at contract value as reported to the plan by Standard. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Standard Stable Asset Fund I is not FDIC insured but is guaranteed by Standard.

Because the guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Participant withdrawals and transfers are freely permitted on a daily basis. The Standard Stable Asset Fund I provides participants with full contract value liquidity for benefit payments (death, disability or retirement) and transfers to other investment options. No penalties, fees or surrender charges apply.

9. Plan termination:

Judson expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

11. Prohibited transaction:

During 2016, Judson did not properly remit employer contributions for one participant totaling \$283 into the Plan. Judson corrected the contribution for the affected participant during 2017.
