MIKE SHAW AUTOMOTIVE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF PLAN

The following description of Mike Shaw Automotive 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. - The Plan is a defined contribution plan covering all full-time employees of Mike Shaw Buick-GMC, Inc., Mike Shaw Subaru, Inc., Mike Shaw Motors, Inc., Mike Shaw Texas Motors, Inc., Mike Shaw Corpus Christi Motors, Inc., Mike Shaw CC Motors, Inc., Mike Shaw BG, Inc. and Mike Shaw Management Inc. ("Companies") who have one year of service (one hour of service for participant deferrals if participating in the 401(k) part of plan) and are age eighteen or older, unless they are covered by a collective bargaining agreement, are a resident of Puerto Rico, or are a leased employee. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. This plan is a 401(k) profit sharing type plan.

Contributions. - Each year, participants may contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan. There are two types of salary deferrals: Pre-tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate at 3% of eligible compensation in the first year and increasing 1% annually until this reaches 5%. The Companies may make discretionary matching contributions. The Companies contributed 25% of the first 2% of eligible compensation that a participant contributes to the Plan for both 2016 and 2015. The Companies may also make a discretionary non-elective contribution. Contributions are subject to certain statutory limitations.

Participant Accounts. - Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' matching contribution, (b) Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the participant's account balance and bear interest at rates ranging from 3.25% to 9.25%. The maximum loan term is sixty months unless it is for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions at least quarterly.

Payment of Benefits. - On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal amounts paid in annual or more frequent installments. If a participant's non-forfeitable accrued benefit is less than $5,000, the balance will be distributed in a lump sum.

Forfeited Accounts. - At December 31, 2016 and 2015, forfeited non-vested accounts totaled $14,699 and $28,776 respectively. These amounts will be used to offset pay plan administrative expenses first and then employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 10, 2017 the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Standard in pricing the assets in Note 3 states that for these investments contract value approximates fair value. The Statement of Changes in Net Assets for Benefits are prepared on a contract value basis which approximates fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit- responsive investment contract, which is reported at contract value . Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note #3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation and depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Certain expenses of maintain the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liability in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's asset as of December 31, 2016 and 2015.

Fair Value Measurements at December 31, 2016

Pooled Separate Accounts	Level 1	Level 2	Level 3	Total
Mutual Funds	$6,440,682	$ -	$ -	$6,440,682

Fair Value Measurements at December 31, 2015

Pooled Separate Accounts	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,940,063	$ -	$ -	$5,940,063

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2016 and 2015 are reported in net appreciation in fair value of investments.

NOTE 4 - INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Assets Available for Benefits, the Supplemental Schedule and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $6,440,682 and $5,940,063 at December 31, 2016 and 2015, respectively, and related income (loss) of $473,809 and ($64,948) for the twelve-month periods ended December 31, 2016 and 2015.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments which also provides recordkeeping services for the Plan. Fidelity Investments is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for this investment management service amounted to $36,850 for the year ended December 31,2016.

NOTE 6- PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated by certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amount reported in the statement of net assets available for benefits.
