NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015 AND FOR THE YEAR ENDED DECEMBER 31, 2016

1. DESCRIPTION OF THE PLAN

General - The following description of the American Axle & Manufacturing, Inc. Personal Savings Plan for Hourly-Rate Associates (the "Plan") provides only general information. Participants should refer to the summary plan description for more complete details of the Plan's provisions. Copies of the summary plan description are available from the Human Resource Department of American Axle & Manufacturing, Inc. (the "Company" or "AAM").

The Plan, established March 1, 1994 and restated January 1, 2013, is a defined contribution plan covering substantially all U.S. hourly associates of the Company and its U.S. subsidiaries. The Company may amend, modify, suspend, or terminate the Plan to the extent not precluded by the applicable agreements. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of members or their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions - The Plan provides for each participant to contribute from 1% to 40% of his or her eligible earnings on a pre-tax or after-tax basis. Participants over age 50 were eligible to contribute an additional $6,000 as a catch-up contribution. Certain limitations exist as defined in the Plan agreement as to maximum contribution amounts. Additionally, participants may transfer funds into the Plan from other qualified plans. Associate participation is voluntary.

Employer matching and retirement contributions for hourly associates vary as outlined in the summary plan descriptions.

Vesting - Contributions made by participants shall vest immediately upon allocation to the account of the participant. The Company's contributions and earnings thereon shall vest as outlined in the summary plan descriptions. Assets representing Company contributions which are not vested prior to a participant's withdrawal or termination of employment shall be applied to reduce subsequent Company contributions and to pay Plan expenses. If the Plan is terminated, any amount not so applied shall be credited ratably to the accounts of all participants.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (continued) – Forfeitures applied against Company contributions totaled $39,880 in 2016. As of December 31, 2016 and 2015, the remaining balance of the forfeiture account was $554 and $4,731, respectively.

Investment Options - Participants may direct investments to be split among any of the investment fund options available.

Notes Receivable from Participants - The Plan allows participants to borrow against their account balances with repayment through payroll deductions. Loans may range from a minimum of $1,000 to a maximum of $50,000 or 50% of the participant's vested account balance, whichever is less.

Hardship Withdrawals - The Plan provides for early withdrawal of savings in the event of a participant's financial hardship. A financial hardship is considered to be those amounts necessary to prevent an eviction from, or mortgage foreclosure on, the participant's principal residence, extraordinary medical expenses for one or more members of the participant's immediate family not covered by insurance, post-secondary tuition for one or more members of the participant's immediate family, or the purchase or construction of a principal place of residence. A financial hardship exists only when funds are not reasonably available from the participant's other sources, and the amount withdrawn must not exceed the amount needed in the situation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Adoption of New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient, and also removes the requirement to make certain disclosures for those investments that are eligible to be measured at fair value using the net asset value per share practical expedient but for which the entity has not elected to measure the fair value using that practical expedient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Pronouncements (continued) – In July 2015, the FASB issued ASU 2015-12, *Fully Benefit-Responsive Investment Contracts, Plan Investment Disclosures, and Measurement Date Practical Expedient: Consensuses of the FASB Emerging Issues Task Force*. ASU 2015-12 consists of three parts, as follows:

- Under Part I of ASU 2015-12, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value; previously, such investments were reported at fair value and reconciled to contract value on the face of the financial statements. In addition, fully benefit-responsive investment contracts are no longer categorized within the fair value hierarchy, and certain disclosures related to fully benefit-responsive investment contracts are no longer required.
- Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and to disclose the net appreciation or depreciation of investments by general type of investment, both for participant-directed investments and for nonparticipant-directed investments. Also, disclosure of investments (both participant-directed and nonparticipant-directed investments) only needs to be presented by general type of investment; disclosure on the basis of the nature, characteristics, and risks of investments is no longer required. In addition, disclosure of the investment strategies of investment funds for which fair value is measured using the net asset value per share practical expedient and which file Form 5500 as direct filing entities is no longer required.
- Part III of ASU 2015-12 provides a practical expedient to permit employee benefit plans that have a fiscal year-end that does not coincide with a month-end to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end.

Part III of ASU 2015-12 is not applicable to the Plan. The Plan adopted the provisions of ASU 2015-07, as well as Part I and Part II of ASU 2015-12, as of January 1, 2016. These provisions have been retrospectively applied to the disclosures in the accompanying financial statements as of, and for the year ended, December 31, 2015. The adoption of these pronouncements did not impact the Plan's net assets available for benefits.

Valuation of Investments - The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments (continued) - The shares of registered investment companies are valued at quoted market prices that represent the asset value of the shares held by the Plan at year-end. The units of collective trust funds are valued at their estimated net asset value, which is based on the values provided by independent pricing sources, or other methods approved by the trustee of the collective trust funds, for the underlying investments held by the collective trust funds.

Investment Income - Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sales of securities are based on average costs. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Notes receivable from participants are recorded at cost plus accrued interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant note receivable balance is reduced and a benefit payment is recorded. A valuation allowance for credit losses is not considered necessary as of December 31, 2016 and 2015.

Fair Value Measurements – The Plan uses fair value measurements in the preparation of its financial statements, which utilize various inputs, including those that can be readily observable, corroborated, or are generally unobservable. The Plan utilizes market-based data and valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Additionally, the Plan applies assumptions that market participants would use in pricing an asset or liability, including assumptions about risk.

The measurement of fair value includes a hierarchy based on the quality of inputs used to measure fair value. Financial assets and liabilities are categorized into this three-level fair value hierarchy based on the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (continued) – The various levels of the fair value hierarchy are described as follows:

- Level 1 - Financial assets and liabilities whose values are based on unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access

- Level 2 - Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable for substantially the full term of the asset or liability

- Level 3 - Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement

The use of observable market data, when available, is required in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of increases or decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates. The Plan invests in various securities, including registered investment companies and a collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events – The Plan's management has evaluated subsequent events through October 11, 2017, the date that the accompanying financial statements were available to be issued.

3. INVESTMENTS AND FAIR VALUE (UNAUDITED)

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements, that was prepared by Fidelity Management Trust Company ("Fidelity"), the Plan's trustee and custodian. The Plan administrator has obtained certifications from Fidelity that such information is complete and accurate. Information included in the supplemental Schedule of Assets (Held at End of Year) was also prepared by Fidelity and is also unaudited.

Investments managed by Fidelity:		
Registered investment companies	$ 73,631,718	$ 71,519,279
Collective trust fund	11,185,656	10,795,124

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan, subject to the provisions of ERISA and any applicable agreements. In the event of Plan termination, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination. Company contributions and earnings thereon which were not vested at the time of termination would be credited ratably to the accounts of all participants.

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments held by the Plan as of December 31, 2016 and 2015 are managed by Fidelity, the trustee and custodian of the Plan. Such investments fall within the investment guidelines of the Plan and are considered parties-in-interest. See Note 3 for investments held by the Plan with various parties-in-interest.

Fees for legal and auditing services were paid by the Company on behalf of the Plan, and fees for recordkeeping and trustee services were paid by participants through revenue sharing. The fees paid by the Company and participants for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on June 2, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. In addition, the Plan administrator is not aware of any unrecognized tax benefits as of December 31, 2016 or 2015. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits from the financial statements to Form 5500 as of December 31, 2016 and 2015:
