Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2016 and 2015

A. PLAN DESCRIPTION

The following description of Akron Summit Community Action, Inc. (the "Organization" or "Plan Sponsor") 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The original effective date of this tax sheltered annuity plan was August 1, 1980 and was restated January 1, 2015. The Plan is a combination Annuity Contract Plan (Code §403(b)(1)) which covers substantially all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") under DOL Regulation 29CF R 2510.3-2(f).

Eligibility - Substantially all employees are eligible to participate as of their first day of employment.

Contributions - Participants may voluntarily contribute a minimum of \$200 up to the Internal Revenue Code ("IRC") 402(g) limit of their compensation on a pre-tax basis. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Additionally, participants with fifteen years of service may make a qualified organization catchup.

The Plan Sponsor may, at its option, match a portion of participants' voluntary contributions. For all periods presented, the Plan Sponsor elected to match \$2.52 for each \$1.00 of pre-tax contributions up to 2.5% of each participant's compensation (a minimum matching contribution of \$47.00 for each pay period, subject to proration based on actual hours worked).

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant's account is credited with the participant's deferral contribution, employer matching contribution, investment earnings, and, if applicable, charged an administrative expense. The benefit to which the participant is entitled is their vested balance.

Vesting - Participants are immediately vested in their contributions and the Plan Sponsor's contributions plus actual earnings thereon. Accordingly, a participant is 100% vested at all times in all accounts.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The note is secured by the balance in the participant's account. The loan interest rate ranges from 5.5% to 8.0%. Depending upon the investment contract under which the participant's funds are held, the loan is either between the insurance company and participant or between the Plan and the participant. Loans between the insurance company and the participant are not made by the Plan. See Note B.

Payment of Benefits - Upon termination of service, retirement, death, age 59½, or disability, the participant may elect to receive his or her account balance as a lump-sum payment, in periodic installments, or as a joint and survivor annuity contract. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 403(b) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are held in group annuity contracts and, accordingly, have both a general account and a separate account. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, or trustee. See Note E for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are estimates of participants unpaid principal balance when the loan is active and any accrued but unpaid interest when the loan is in offset status. Both loans between the participant and insurance companies and loans between the Plan and the participant are included. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default. In lieu of recording an allowance for doubtful notes receivable, the participant loan balance is reduced and a benefit payment is recorded for both financial statement and Form 5500 purposes.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and direct investment management fees, are paid by the Plan. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. Investment related expenses are included in net appreciation of fair value of investments. All other expenses of maintaining the Plan are paid by the Plan Sponsor.

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2016, with early application permitted.

Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2016 and 2015

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2016, with early application permitted.

The Plan management has elected to apply the applicable sections of the guidance described above to the Plan's financial statements as of and for the years ended December 31, 2016 and 2015.

Subsequent Events - The Plan has evaluated subsequent events through October 4, 2017, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE INSURANCE COMPANIES (UNAUDITED)

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Life Insurance Company of the Southwest, American United Life Insurance Company, ReliaStar Life Insurance Company, and Lincoln National Life Insurance ("insurance companies").

The insurance companies have certified as to the completeness and accuracy of the investments held, changes in net assets arising from said investment activity as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

The insurance companies have certified as to the completeness and accuracy of the Schedule of Assets (Held at End of Year) as of December 31, 2016.

D. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANIES

The Plan has guaranteed investment contracts with Life Insurance Company of the Southwest, American United Life Insurance Company, ReliaStar Life Insurance Company, and Lincoln National Life Insurance.

Life Insurance Company of the Southwest

In June 2008, the Plan entered into a benefit-responsive guaranteed investment contract with Life Insurance Company of the Southwest ("LSW"). LSW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2016 and 2015

Although the guaranteed investment contract is fully benefit-responsive, the contract value approximates fair value in arriving at net assets available for benefits. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. There are no limits on participant withdrawal privileges and there are no surrender charges.

American United Life Insurance Company

American United Life Insurance Company (“AUL”) - Variable annuity is included in the financial statements at contract value as reported to the Plan. Contract value approximates fair value.

ReliaStar Life Insurance Company (VOYA)

The ReliaStar Life Insurance Company Group Annuity Contract - Fixed account is included in the financial statements at contract value as reported to the Plan. Contract value approximates fair value.

Lincoln National Life Insurance

The Lincoln Financial Group - Fixed account is included in the financial statements at contract value as reported to the Plan. Contract value approximates fair value.

E. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) guidance in these financial statements are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2016 and 2015

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Market values of units held in pooled separate accounts are determined daily by the insurance companies based upon the initial value assignment, the NAV of the mutual fund investments, and the applicable investment management and administrative charges, as set forth in the group variable annuity contract.

Fixed annuities: At acquisition, fixed annuities are recorded at their cost, including brokerage and other related fees, which cannot exceed market value. The fixed annuity guarantees are backed by the claims paying ability of the issuer and are valued using current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The annuities are valued monthly and include interest, which is credited at specified rates over the initial period of the agreements. The annuities are single premium annuity contracts and provide for a minimum interest rate of 1%. At year end, fixed accounts, which are not in annuitization status, are valued at fair value, which may differ from contract value. See Note D.

Guaranteed investment contracts: Guaranteed investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. See Note D.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Total
Total assets in the fair value hierarchy	\$ -
Investments measured at net asset value:	
Pooled separate accounts	4,242,106
Group annuity contracts - fixed	6,252,940

Pooled separate accounts	\$ 3,814,556	\$ -	Daily	Up to 12 Months
Group annuity contracts - fixed	\$ 6,017,923	\$ -	Daily	Up to 12 Months

For the years ended December 31, 2016 and 2015, there were no significant transfers between Level 1 and Level 2 and no transfers in or out of Level 3.

F. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the insurance companies of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

H. FEDERAL INCOME TAX

IRC Section 403(b) plans currently cannot request a determination letter from the Internal Revenue Service ("IRS"). However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Akron Summit Community Action, Inc. 403(b) Plan
Notes to the Financial Statement
December 31, 2016 and 2015

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
