Proper Hospitality 401(k) Plan

Notes to Financial Statements
December 31, 2016

1. Description of Plan

The following brief description of the Proper Hospitality 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all full time employees of Proper Hospitality LLC (the "Company" or "Employer") and of the Participating Affiliates, as defined in the Plan documents. The Plan is a qualified retirement plan with a salary deferral feature under the provisions of the Internal Revenue Code ("IRC") sections 401(a) and 401(k). The Plan is subject to the applicable regulations of the Employee Retirement Income Security Act of 1974 (ERISA) and the IRC. The Plan was established on January 1, 2015.

Under the IRC, participants are not liable for federal income taxes on pre-tax employee contributions, Company contributions or plan earnings until such time as they are partially or completely withdrawn from the Plan.

As of December 31, 2016, the Participating Affiliates includes Avalon BH BM LLC and Avalon PS BM LLC.

Eligibility

All employees of the Employer and any of the Participating Affiliates are eligible for Plan participation and may enter the Plan provided that they are over 21 years of age on the first day of the month, following the date which he or she satisfies such eligibility requirements.

Assets Held for Investment

All Plan assets are held with Automatic Data Processing ("ADP"), the custodian of the Plan. Among other duties, ADP is responsible for the custody of the Plan assets and for the payment of benefits to eligible participants. Plan contributions are invested in certain funds offered by ADP as designated by the Plan participants.

Reliance Trust Company ("Reliance") acts as the Trustee over all of the Plan's assets.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by ADP to the Plan. There is no limit to how often a participant may change their investment options.

1. Description of Plan *(continued)*

Contributions

Eligible employees may contribute up to 90% of their eligible compensation, including Roth elective deferrals, as applicable, up to the annual limit determined by the IRC. A participant may elect to increase, decrease or suspend deductions according to procedures established by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be contributed that is determined by the IRC.

A participant may elect to increase, decrease or suspend deductions according to procedures established by the Company. The minimum percentage of eligible compensation a participant may elect to defer is 1%.

The Company may make discretionary matching or nonelective contributions to eligible participants, as defined. Such discretionary matching contributions may be limited by the IRC. There were no discretionary matching or nonelective contributions for the year ended December 31, 2016.

Vesting

Upon entrance into the Plan, participants are 100 percent vested in their voluntary contributions. The discretionary matching or nonelective contributions vests as follows:

Years of Service	Vested %
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 Years or more	100%

Forfeitures

Forfeitures of terminated participants' non-vested accounts serve to reduce employer contributions or Plan expenses. As of and for the years ended December 31, 2016 and 2015, there was a zero balance in the forfeiture account. During 2016, no forfeitures were used to reduce Employer contributions or Plan expenses.

1. Description of Plan *(continued)*

Participant Accounts

A separate account is maintained for each participant, which is credited with the participant's contribution and allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Payment of Benefits

Benefits are paid upon retirement, death, disability, or termination of employment. Upon termination of service, a participant who is not 100% vested will receive a distribution of the vested portion of his or her account balance. The non-vested portion of their account will be forfeited when the distribution is made. Participants who terminate employment and are 0% vested must take a distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

A participant may apply to the Plan administrator for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educational expenses for the participant or their dependents, medical expenses to the extent not otherwise reimbursed under the Company's medical programs, expenses for the purchase of a principal residence or material alterations thereto, payments to prevent eviction from or foreclosure on a principal residence or burial or funeral expenses for the participant's parent, spouse, children or dependents.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. These loans are secured by the balance in the participant's account and bear interest as determined at the time of the loan origination. Principal and interest is paid ratably through monthly payroll deductions over a period of time not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan administrator may permit a longer repayment term. Principal and interest repaid is reinvested based on the participant's present investment allocation selection. The interest rate for the outstanding loan at December 31, 2016 is 5.50%. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become fully vested and non-forfeitable. Accordingly, assets will be distributed to the participants and beneficiaries in proportion to their respective account balances.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"), using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

In conformity with US GAAP, the Plan's management makes estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent net assets available for benefits at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the period. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well those held at the end of the year.

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The Plan's investments in mutual funds are considered to be valued based on Level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are classified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

With the exception of the Plan's recordkeeping fees expenses related to the notes receivable from participants (setup and maintenance fees) which are charged to the individual participant's account, all other administrative expenses incurred by the Plan are paid by the Company.

Expenses relating to investment management are paid directly by the respective investment vehicle and are included in net appreciation in fair value of investments.

Uncertainty in Income Taxes

The Plan recognizes the effect of tax positions only if those positions are more likely-than-not to be sustained upon examination by the taxing authorities. As of December 31, 2016, Plan management has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

As of December 31, 2016, the Plan's Form 5500 filings since 2015 remain open for examination by the Internal Revenue Service ("IRS"). There are currently no examinations in progress.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

4. Tax Status

The Plan's prototype plan document preparer has obtained an opinion letter dated July 8, 2014 from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. Although, the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-in-Interest Transactions

ERISA considers the recordkeeping fees and participant loan expenses paid to ADP to be party-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

7. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is October 6, 2017, and has determined that there were no subsequent events or transactions which would require recognition or disclosure in the financial statements.
